BRAKEMAN M'CANN'S ADVEN-TURE WITH A BEAR.

Special Correspondence of The Tribune Susquehanna, Dec. 5.-When turning an Eric railroad switch near Shohola a few days ago, a brakeman named Mc-Cann was atteked by a big black bear which leaped out from a thicket. The brakeman had no weapon except pocket knife. With this he defended himself as best he could, yelling lustily all the time to a blacksmith named

McCarly, who was at work in his little shop nearby. McCauly rushed to the brakeman's assistance. The bear had overpowered McCann, but McCauley thrust a redhot iron into the bear's side, and it soon rolled over and died. McCann escaped with several broken ribs and a

SHUT OUT FOR MR. ROBERTS

graph from McCreary on elections, containing a general caution against hasty procedure in election contests, and continued:

"Now, gentlemen, that is the statenent of one whose book has authority in this country. And if it is the rule of the house of representatives in cases that arise to the dignity of a contest, how infinitely more should that rule be observed when only a mere protest is made against a member who presents himself to take the oath of office.

"I next proceed to the consideration of the charges that are supposed to justify what the gentleman from Onio (Mr. Tavler) himself concedes to be an un-usual proceeding, and which my friend on this side (Mr. Richardson) has domon this side (Mr. Richardson) has dem-onstrated to be an unprecedented pro-ceeding. The gentleman from Ohis bases his charge upon a court record; that some twelve years ago, in the midst of our conflict in the then terri-tory of Utah over the subject of polygamy, that I pleaded guilty to a charge of a misdemeanor. The gentleman seems to be oblivious to the fact tha since the date of his court record on this subject we have had two presiden tal amnesties proclaimed that have been applied to men disqualified by the Edmunds-Tucker act. I understand. the contlemen who were lawyers admit this fact and they will certainly ap-

preciate the cost of it.

"The gertleman from Ohio has no court record to show that I was ever arraigned or condemned of crime whatsoever since the promulgation of amnesty proclamation of the president of the United States. The gentleman seems also to forget the fact that since the confession of that misdemeanor to which he has reference there was passed by congress an enabling ac authorizing the people of the state of Utah to form a state government, That act also had a provision embodied in it that qualified all citizens within the the territory to become citi zens of the United States and was particularly framed to remove the dis-qualifications and disabilities which have been created by the Edmundsucker law. The gentleman seems to forget also that the state constitution of Utah was satisfactory to the president and his advisers, and Utah has been admitted as a state into the union and has taken upon itself the responsibilities of a sovereign state, declar-ing under its constitution people resid-Ing in its borders shall exercise the elective franchise and be qualified for office as citizens of the great commonwealth.

Not a Lawbreaker.

"The second charge, which is supposed to go to the question of eligibil-ty of the member from Utah, is, that apon affidavit and other papers in his possession the gentleman from Ohio says that ever since 1889 I have been persistent lawbreaker in the state of tah. If that be true, let me ask why is that I was not punished for law breaking. Certainly there was no dis-position to execute the law on the part of the people of Utah. Its administra-tion was in the hands of non-Mormons of those who had no sympathy with any of my religious faith. All the mahinery of the law was in the hands of appointees. How is it then that I could be an open and defiant lawbreaker and

yet escape the penalty of law?

The gentleman's objection then is sed not upon court record but upon affidavits and papers that have been supplied him by the people. And now as to the manner in which those charges are made. It has been about fifteen months since they began, since the representative from Utah was her-alded throughout this land as a defiant lawbreaker. And yet I walked the streets of Salt Lake City in open day, within easy reach of the law, and my faults lay open to the law if I were guilty of transgressing. Other men were arrested before the courts of Utah and were fined for the very offense al-leged against me, and yet no complaint was made against me, and yet no commaint was made against me. No, it did not suit the purpose of those who had this present agitation in hand to vindicate the law quietly and by the usual meth-They desired particularly to have this case apparently to arouse the sen iment of the country. 66 STRICTLY PRIVATE"

The Confidence Reposed in Dr. R. V. Pierce by Suffering Women.

WHEN a woman first feels backache, nervousness, weariness, bearing-down pains, or other symptoms of derangement, displacement, or female trouble, she naturally turns to seek medical help. But as she takes the first step she shudders and shrinks back.

"THERE'S A LION IN THE WAY" I and that lion in the way is the dreaded familiarity of the questions, the indelicate examinations, the offensive local treatments generally inseparable from the "doctoring" of a local practitioner.

THERE'S A BETTER WAY FOR WOMAN-to sit down in her own private room and write a private letter to Dr. R. V. Pierce, of Buffalo, N. Y., setting forth her symptoms telling her troubles. That letter will be read by Dr. Pierce in privacy as strict as at in which it was written.

YOU WRITE TO A DOCTOR when you write to Dr. Pierce-a doctor of more than thirty years' experience, at the head of one of the most important medical institutions in the land. The advice of Dr. Pierce is not to be classed with that offered by those who are not qualified physicians, and cannot give the advice of a physician, although they seek, by cunning advertising to convey the idea that they can. Bear in mind, that the advice of the unqualified woman is just as useless and just as dangerous as that of the unqualified man.

"It is with pleasure that I write to you to let you know the great benefit I have I received from your medicines, and by following your advice regarding self-treatment at home," writes Mrs. Selma Erickson, of 496 Rice Street, St. Paul, Minn. You kindly advised me to take Dr. Pierce's Favorite Prescription and Medical Discovery, and 'Pleasant Pellets.' When I first wrote you I had been to three different doctors, and two of them said I would never get better without ing to the hospital for an operation. I just sat down and cried, and said, 'If I have to die. I will die at home with my two dear little ones.' I had a miscarriage in May last and was weak all summer. Was not able to do anything. If if would get up and walk to the kitchen and back I would have to lie in bed for a day, or sometimes two days. Last August I picked up one of Dr. Pierce's pamphlets and read of his wonderful work. I wrote to him for information and received an answer within five days from the day I wrote, advising me to try his medicines.

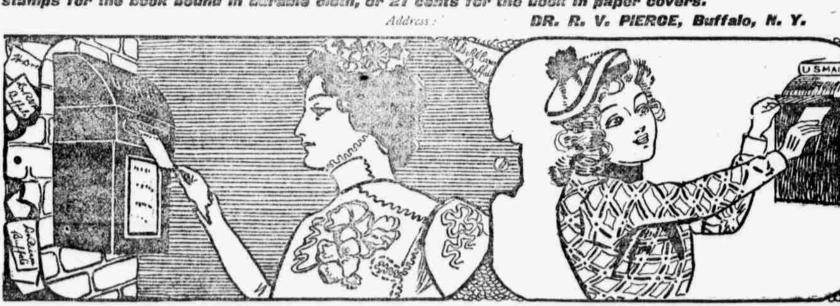

Now I have used six bottles of his 'Favorite Prescription' and six of the 'Golden Medical Discovery,' and the result is just wonderful. I did not tell the doctors what I was taking. I have not been to any physician since the day I recived the well and feel as good as ever."

first lefter from Dr. Pierce, and I feel as good as I ever did. Before I had the miscarriage, I was so nervous I had to have some one by my side all the time, even in day time, and I could hardly eat anything. I took treatment from a doctor twice a week, and everytime I would go there I felt so sick, but since quit all the doctors, and began taking your medicines, I gained right along, gained forty pounds within the last four months. I weighed 125 when I began taking your medicines (in August) and now I am up to my usual weight, 165. I cannot thank you enough for your wonderful medicines, and I wish you every success in the treatment of other cases, as you have had in mine. When I think about how I suffered last summer, it seems now like a dream. My aged father was by me all summer, and at times used to get out of patience and say, 'Daughter, what makes you so peevish? But the moment or shortly after my departure they began this agitation, resulting in the present sentiment of the country now aroused against me.

The Only Charge.

"I call your attention next to the fact that the only charge against me even by the opponents of this resolution is that of a misdemeanor. They do not charge a felony. I understand that the members of congress are granted certain privileges while in attendance up-on this house. It would be impossible to arrest anyone of the members upon the charge of a misdemeanor. And yet you would deny me the privilege of being sworn as a member of this house upon the allegation of the existence of ome charge or other that I was guilty of a misdemeanor. For the thing for which the law itself could not lay a hand on me while in attendance upon this house, you propose—I speak of the little coterie of men who have entered into this conspiracy to crowd this ques-tion to the front at this particular time and for the reason that they are fear-ful that if the matter should go to a consideration under a resolution to expel the member from Utah they could not marshal the necessary two-thirds vote to accomplish their purpose—to

pass the present resolution.
"I understand, sir, that these immunities are not given for the kenefit of the individual members. They are given rather as a protection to his constituency who are entitled to his services as their representative. And therefore I invoke the protection that is given to the constituency of a sovereign state against the proceedings that are instituted here to deprive me of the privi-lege of being sworn in as a member of this house. Privilege did I say, sir? I am not asking any privilege in this house. I am not asking any favor of the members of this house. Under the shadow of the constitution of the United States I merely demand both for myself and for the people of my state the protection that is due to us,

and it is a demand and it is asking no favor." (Applause on the Democratic side and from the galleries.)

Mr. Roberts next called attention to the precedent in the Forty-third con-

gress in the case of Mr. Cannon, add-"I can add nothing to the force of

that gentleman's remarks except this, that in the case of Mr. Camon the house was dealing with a delegate from a territory, not the representative of the people of a sovereign state. They were dealing with a delegate who was created by a statute passed by the congress of the United States. And throughout the discussion it was alleged as a reason for taking exceptions to him that they could do so because he was unprotected by the provision of the constitution. And yet, sir, nor withstanding he was but a creation of aw, still they admitted him as a mem-

ber upon the floor of this house "It is to be remarked in this connec tion that, strange to say, the course of nature was not disturbed. "Gentlemen of the Democratic party, some few of whom may perhans tremble a little at the thunder of ob-

ections that has been presented operated to voice the sentiment he country upon this subject. I wan to call your attention to one whing and that is, notwithstanding a Republican ngress seated this man, yet oublican party really survived its ne-(Laughter.)

"Why it is here today that I believe, gentlemen of the majority, that it could survive even if it should seat the presrepresentative from the state of Utah. Proceeding, he took up the charge

that Utah had broken her compact with the United States by the election of an alleged polygamous representative. If that was true then Utah simply followed the illustrious example of the present national administration. "I affirm," said he, "that there is abundant evidence that objections simflar to those in the present case were made to the president and senate | er knowingly appointed a polygamist

sts were appointed to federal offices in Itah by the present executive?" quered Mr. Hopkins (Rep., Ill.) With the knowledge of the presilent," added Mr. Grosvenor (Rep., O.). quickly, amid some laughter on the Democratic side. "When men were applicants for federal offices in Utah.

ceiterated Mr. Roberts, were made and affidavits filed both with the president and the senate, but nevertheless the appointments were made. "That does not answer my question."

observed Mr. Hopkins.

Mr. Roberts urged that the case ought to go to the judiciary committee where it could be investigated. He warned the Republican side that this is a serious question. If the people of Utah were guilty of violating the compact with the Union, what of the president who had appointed to life positions in Utah men chargeable with the same offense?"

Mr. Roberts ridiculed the manner in which the petition favoring his expulsion had been procured. In concluding he denied that the members who vot-ed to seat him would be voting for polygamy. The question of polygamy was settled.

Polygamy Is Dead.

"I hold it as an honor," said he that I will be quoted long in I'tah as one who helped to settle that question. I am not defending polygamy. It is dead."

Mr. Roberts concluded by thanking Mr. Tayler and the house for their indulgence. He was given a round of applause as he took his seat

Mr. Grosvenor (Rep., Ohlo) denounced Mr. Roberts' statement concerning the appointment by the president of polygamists in Utah as a miserable subterfuge. "I make the statement," said he, "and I defy contradiction that the president of the United States nev-

to office. As well might one chargthat the president had plunged his stainless hands in human blood as to charge that he appointed to public office men guilty of the crime alleged against the gentleman from Utah." Great applause on the Republican

"I charged and I reiterate it," said Mr. Roberts, "that men appointed to office in Utah were charged before tha president and the senate with the same misdemeanor of which it is harged I am guilty. "Were they guilty" inquired Mr.

Dalzell. "It does not appear whether they were guilty," answered Mr. Roberts, raising his voice and looking around the hall. "They were only charged as I am charged." (Applause on the Democratic side, in which many people in the gallery joined.)

The vote was then taken, with the result as above stated. Those who voted in the negative on the Tayler resolution were as follows: Adams, Allen (Miss.), Balley, Ball, Brewer, Burleson, Carmack, Cooper, Davey, DeGraffendin, Dinsmore, Fitzpatrick, Fleming, Kitchen, Lester, Lewis, McClellan, McCulloch, Maddox, Morton (S.
