GET STRONG

Vinol Makes Weak People Strong.

We GUARANTEE IT WILL DO SO.

WE KNOW OF NO TONIC OR RE-BUILDER LIKE IT.

Vinol does create strength.

We know that and have proved it in many instances.

The reason Vinol rejuvenates and strengthens a person is that it acts directly upon the stomach, strengthening and toning up this great vital organ and enabling it to obtain for itself, from the food that is taken into it, the elements which are required to make firm healthy flesh and muscle tissue, sound bone structure and pure healthy blood.

Vinol does this in a scientific way and is enabled to do it because it contains, dissolved in a delicate mild wine, in a highly concentrated state, the active principles of cod-liver oil.

Vinol does not contain any of the grease that formerly characterized cod-liver oil, hence is free from all the objectionable features which made it impossible for patients to take or retain that vile-smelling remedy into their stomachs.

Vinol in its favorable action upon the stomach and other organs of the body acts also in a beneficial way upon the nerves and brain, and will be found to be invaluable to brain workers as well as body workers.

The following letter is from a well-known authority on the subject:

"I wish to acknowledge the receipt of the Vinol and testify to its great benefits. Since taking it I am much improved in health, and during the intense heat of last August I should not have been able to continue in my literary work if it had not been for the strengthening properties of Vinol. Yours in gratitude, —ELLA STARR, 106 W. 82d St., N. Y. City.

We wish any one suffering from weakness, a demoralized condition of the nerves, or a susceptibility to wasting diseases, to call on us and hear what we have to say in regard to Vinol.

Try it on our recommendation, and if you find it does not do everything we claim for it, we will gladly refund to you the amount you have paid us.

"The Sorrows of Satan."

In "The Sorrows of Satan" the devil is represented as the victim of man's evil nature.

He is being punished through all the ages for his rebellion in heaven, and is forced to mingle with men, exerting his evil influence yet yearning himself for salvation.

He has grown weary of his power. He has sapped his ill damnation but he cannot control his influence for evil. He can only feebly endeavor to do good. Hence Satan's sorrows, compared with which the sorrows of men are trifles, for each man's salvation depends upon himself, whereas Satan is at the mercy of the whole human race.

This, of course, is only the undercurrent of the play, which is, in fact, a high grade society melodrama, with spectacular features, necessitating a large cast, elaborate scenery and the introduction of a ballet. It will be seen at the Lyceum Friday and Saturday nights and Saturday afternoon.
