WE GUARANTEE THAT VINOL WILL AID DIGESTION.

Vinol is the greatest aid to digestion that we have ever known. It is because Vinol acts so beneficially upon the stomach that it accomplishes so much good.

Vinol contains the active curative principles that are found in cod-liver oil, without any oil or grease.

These medicinal elements act so favorably upon the stomach, that this organ obtains for itself the elements necessary for creating new flesh, muscle tissue and for making rich red blood.

When the stomach acts easily and naturally, a desire is created for good simple food and a good appetite is the sure result.

With cod-liver oil as formerly taken the medicinal elements which it contained were too often unable to counteract the harm that was done by the obnoxious grease that enveloped them.

Now that in Vinol we have those same elements separated from the vile-tasting fat, we have a tonic and a builder that is simply marvelous in its action.

The following is a letter that will explain itself: "This is to certify that I have used six bottles of Vinol, and have found it of great value as an appetizer and tonic in general debility."

"We, therefore, cordially invite any one interested to call upon us, and we want all to bear in mind that we will gladly refund to any one who is not satisfied with the action of Vinol every cent they pay for it."
