A Bloodless Face Indicates Trouble.

Watery Blood a Menace to Health.

WE KNOW HOW PALE PEOPLE CAN GET RICH RED BLOOD.

COME AND LET US TELL YOU ABOUT VINOL.

When blood is watery and thin, or, as doctors would say, lacks red blood corpuscles, it is a sign that much is rad-

ically wrong.

We would advise everyone who has such symptoms to start at once to take a proper remedy to overcome this trouble That remedy is Vinol, the greatest

and most modern tonic and rebuilder. Vinol owes its virtue to the fact that it contains in a highly concentrated state the active curative principles extracted from cods' livers, the same elements that have made cod-liver oil famous for wasting diseases.

These medicinal elements are dissolved in a delicious table wine so that Vinol is most palatable.

None of the vile-smelling obnoxious grease that characterizes cod-liver oil and frequently makes it an impossible

remedy for those who should take it, is found in Vinol. We could relate many instances where Vinol has done good and re-stored the roses of health to the pale

cheeks of the sufferer. The following is a fair sample of the way people write in regard to Vinol: several months I suffered lassitude and tired all the time. Also a manner, the incidents and ever-day sinking feeling in my stomach, which happenings among Uncle Sam's blue nothing would relieve, and I was pale and weak. As an experiment I tried Vinol and if I wrote pages I could not tell all it has done for me,"-Mrs. A. K. LA PRUSCH, Amesbury, Mass.

Because we know Vinol so well, and because we know so surely what it will do, and how it will accomplish the good it does in a scientific way, we unreservedly endorse and recommend it, and in every instance guarantee to refund to any one what they pay us for Vinol if they do not find it entirely

## PROF. COLES FOR JANUARY.

The meteorological conditions of the weather during the past four months ave been such as to convince the most skeptical that the planets are the real ause of all meteorological disturbances for while they were all grouped together on the other side of the sun, during their quin-centennial celebration of the ctary conjunctions, the meteorological most as calm and peaceful as a sleeeping child. But as roon as the planetary con-vention adjourned on the 16th of December, and the planeis began to separate, great meteorological disturbances were noticed; and these disturbances will continue to increase in power until the whole world will be compelled to record the most destructive storms, floods, earth-quakes, tidal waves, blizzards and elecstorms ever before placed upon recerd.

The southern states must watch out for a blighting blizzard; and the western states for a general mixture of de-struction; while the eastern states may be treated to something new in the line

THE NEW CENTURY YEAR. As the new century (1900) begins on a day and ends Low Ebb" day, we may look for great disturbances in the political, social, re-ligious and financial world; especially during the letter part of the year. Earth has come out from behind the sun, where she was hiding during the three months of the great planetary conjunctions, and is now in the proper position to receive great affliction from Jupiter, our financial planet, and many good business men will go down, quite unexpectedly, under the burden of her oppressing influence. After the 16th of this month all of the planets, except Venus and Neptune, will be on the morning side of the sun, where they will have a splendid opportunity to bom-bard poor old Mother Earth and give her a severe punishment. The present month will prove a surprise to many of the weather sharps who have been predicting

"Bive Jeans."

"Blue Jeans," the play of "saw-mill scene" fame, was again presented at the Lyceum, Saturday, both afternoon and evening, before two good-sized

The piece never boasted of being masterplece of dramatic construction. but it generally serves to amuse those who like the "pastoral drama," with a liberal accompaniment of long-lost husbands returning to wives and children on Christmas night. The company presenting the play was on the average very good. The honors of the performance fell to Miss C. Blanche Rice who assumed the role of Irene. The saw-mill scene was thrilling enough to suit even the most critical gallery god.

"The Gunner's Mate." An entirely new naval drama, "The Gunner's Mate," is to be presented in Scranton at the Lyceum, Monday and Tuesday, Jan, 1 and 2, with a special matince Monday. This play is from the pens of two men well calculated to picture, in a consistent and true-to-life jackets. The production is under the management of Augustus Pitou, its claim upon the attention of a patriotic theatre-going public can be made no stronger. Three of the five scenes of the play present actual reproductions views of the cruiser New York.

The story is full of strong sensational effect, with a grateful intermingling of comedy. The scene showing the fireroom of the New York, and the thrilling climax which transpires in it, is one of the strongest imaginable.

## "A Rag-Time Reception."

A new laughable musical comedy, by George Totten Smith, "A Rag-Time Reception," which has been one of the season's comedy successes, will be presented here at the Academy three days, commencing this afternoon,

The principal members of the company include such well-known players as Gus Pixley, Gladys Van, Charles Roach, William P. and Birdie DeVault. The comedy is full of novelties, delightful music and side-splitting situations. Incidental to the play some unique and novel spe

## At the Gniety Theatre.

Manager Walsh offers to his patrons the Monte Carlo Girls' Big Burlesque company, the first three days of the New Year. The company is said to be one of the best on the road. This will be their first engagement this season They come highly endorsed by press Hazle, of West Nicholson, called on and public wherever they have appeared.

The performance commences and closes with a burlesque that introduces a chorus of pretty girls that can sing and dance. The olio opens with Miss Helen Forest, a clever violinist and mimic; Topack and Steel in a new specialty; Bernard Williams, king of the European sensation, the four Superbas: Eva Swinburne and Marie Rogers, charming vocalists: three Nudos flying actists closes one of the best olios of the season. The result of the McCoy-Maher fight will be read by rounds from the stage tonight.

## "Shannon of the Sixth."

W. H. Power's well-known produc tion of Edward E. Kidder's powerful romantle drama. "Shannon of the Sixth," will be the attraction at Academy of Music the last half of this week.

The scenes of the play are India during the Sepoy rebellion of 1857, and Mr. Kidder has drawn his i :spiration from actual occurrences of those stirring times. It is replete with novel incidents, and the story is one of vital interest, which never flags from the first rise to the final fall of the curtain.
