Kidney disease should be attended to at once, for almost 90 per cent, of our unexpected deaths of today are from that cause. Dr. David Kennedy's Favorite Remedy is the only sure cure known for diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism. Dyspepsia and Chronic Constipation. It is marvelous how it stops that pain the the back, relieves the necessity of urinating so often at night, drives away that scalding pain in passing water, corrects the bad ef-fects of whiskey and beer and shows its beneficial effects on the system in an incredibly short time. It is sold by all drug stores at \$1.00 a bottle.

THEATRICAL.

"The Gunner's Mate."

"The Gunner's Mate" was presented

at the Lyceum yesterday afternoon and evening before two audiences which completely illed the theater. These two audiences enjoyed the performance heartily and thoroughly, showing their approval by loud and enthusiastic applause and that in itself is enough for any playwright or company of actors to be proud of. The play is a naval thriller in four acts introducing a number of the oldtime melodramatic favorites. There was the brave, manly and magnanimous sailer hero, always arriving at opportune moments to frustrate the plans of the villain; and the villain was on hand also. He was a doctor, or rather a physician, with a Van Dyke beard, a malignant green-eyed expression and a bottle of consumption germs in an inside pocket ready for use. The sailor was in love with a beautiful heiress (stage heiresses ar always beautiful): the doctor loved the heiress also and the rest was the old but ever new story of right triumnhant.

A scene in the third act, where the hero is placed in the fire box of one of the boilers to stop a leak was exceedingly well carried out and for thrilling intensity the "Blue Jeans" buzz saw scene and the pile driver scene in the "Cotion King" are cast into a deep green shade by it. When the hero is put in the villain causes a fire alarm to be sounded. The sailor, rush to quarters leaving the man in the fire-box. The villain closes the furnace door and 'turns the forced draught mechanism on leaving "Clement Carroll" to his fate. The fire comences to

warm and just as you imagine that you an smell the odor of hurning
