LETTERS FROM THE PEOPLE.

[Under this heading short letters of in-terest will be published when accompa-nied, for publication, by the writer's name. The Tribune does not assume re-sponsibility for opinions here expressed.]

Editor of The Tribune-Sir: In your editorial of December 20 last, detailing the great and growing crime of our county, you ask for suggestions. When the rom-crazed Ludden was borne battered and issensible to juli after having murdered ore efficer and badly wounded another, the papers remarked that "terrible things have taken Place at Old Forge of late years."

When the judges and the jury are convened to inquire into the causes of Lud-den's act and to pronounce his doom let them journey to the place where the crime was committed. When they have traversed its princ'pal street and have viewed the facilities permitted by the men of Lackawanna county to be spread before this prisoner, and tolling men like him, to induce madness and crime, they will have before them completely both cause and effect. They will wonder, also, If another place in the universe can show more rum holes side by side than this street of Old Forge.

Why? When every drop of liquor sold there is offered in direct violation of the contracts made by the men who bought the lots on which their homes stand. The owners of this land, ir cpening it for sale, foreseeing the great misery possible to the miners through liquor, forbade it absolutely here in contracts which the purchasers accented as binding. Instead of being able to enforce these plain contracts by the laws under which they were made, the old twners have been forced to stand aside and see this devil's work made of the whole place. What reason have they or any others to deny conviction for murder here than to touch liquor selling in any manner what scever? -L. P. Smith. Glenburn, Jan. 1.

Letter from President Nichols.

Editor of The Tribune. Sir: Having heard of statements made by enemies of the United Mine Workers of America, which were inimical to the best interests of the miners of this region, in which they allege that the Nan-ticoke strike was a failure and that no gain was made by the miners of that place. In contradiction of the above I desire to saw that it is untrue, and that the strike ended in a grand victory for the union. A victory which means more money on pay-day and better treatment

A scale for all deadwork has been secured where none before existed, thus insuring equal pay to all men for certain work. A check docking boss is allowed at each breaker to look after the miners interests. An increase has also been given to most of the company hands. All the above has been inserted in a written agreement signed by the company and the union committee. All miners are warned against persons who deride or try to belittle the organization, as being probably paid emissaries to work against he interests of honest workmen.

Respectfully yours, T. D. Nichols, President No. 1 District, U. M. W. of A. Nanticoke, Jan. 1. 1900.

Letter from Councilman Oliver. Editor of The Tribune.

Sir: In answer to the assertion made in a Sunday paper, that "many people of the Fifteenth ward are anxious to know where I was on the night of De-cember 12, 1898, when the Lackawanaa telephone ordinance was killed," etc., have the following statement to make December 12, 1898, fell on a Monday even-ing. On the previous Friday I was asked by a colleague in the common counci if I had any objection to a special meet ing of that branch being called for the next Monday evering. I replied that I had, because of three other important previous engagements, one of which had to neglect. This was reported to H. T. Fellows and other enemies of the Lackawanna telephone ordinance, 16gether with the fact that three other members of the common branch were alike situated. These people then con-ceived the idea, and did call a snap special meeting for Monday evening, De-cember 12, 1898, and accomplished their purpose in a manner most questionable. as the record of that meeting will show. VIADUCT ORDINANCE TOMORROW NIGHT

COMES UP IN BELECT COUNCIL ON FINAL READING.

Full Text of This amportant Measure-Committee to Confer with the Officials of the Delaware, Lackawanna and Western and the Scranton Railway Company Not Yet Named-It Was Thought That Councils Would Know What These Companies Would Contribute.

The following is the full text of the viaduct ordinance, which comes up for third reading in select council tomorrow evening:

AN ORDINANCE, Providing for the submission to the vote of the electors of the city of Scranton an increase in the indebted-ness of the said city to the amount of \$167,526.00, or as much thereof as may be necessary to pay for the construc-tion of a viaduct on the south side of West Lackawanna avenue over the tracks of the Delaware, Lacka-wanna and Western Railroad com-pany, and in case the vote is in favor of such proposed increase making an appropriation of said sum for said

purpose. Section 1. Be it ordained by the se-Section 1. Be it ordained by the se-lect and common councils of the city of Scranton, and it is hereby ordained by the authority of the same, that for the purpose of paying for the building of a viaduct on the south side of West Lackawanna avenue over the tracks of the Delaware, Lackawanna and Western Railroad company, together with the purchase of right of way for same, an increase in the indebtedness of said city by an issue of city bonds to an amount not to exceed the sum of \$167,-526,00 is hereby authorized, subject nevertheless to the consent of the electors of the said city of Scranton as hereinafter provided.

SUBMITTED TO VOTERS,

The question of assenting to the above proposed increase of the debt of the city shall be submitted to a vote of the qualified electors of the city of of the qualified electors of the city of Scranton at the next general election occurring not less than forty days after the passage of this ordinance.

After the passage of this ordinance and at least thirty days before said election the mayor shall publish a notice of the election hereby authorized in three daily papers published in said city and a statement such as is recity and a statement such as is re-quired by law, which statement shall be furnished by the city controller. If said electors agree to increase the indebtedness of said city for said purposes there shall be appropriated and set apart for the payment of said improvement the sum of \$167,526.00, the estimated cost of said improvement.

When Mr. Calpin introduced the ordinance in common council he also introduced a resolution directing the appointment of a conference committee to wait upon the officials of the Traction and Lackawanna companies with a view of finding how much they will contribute towards the erection of the viaduct.

The resolution passed both branches and in common council Chairman Kellar appointed Messrs, Calpin. Tewkesbury and Griffiths as members of it. At the meeting of select council, when the resolution passed, Councilman J. A. Lansing was acting as chairman protem and his attention not being called to the matter, he did not appoint a com mittee. Chairman Williams has not as yet appointed the committee either, the charge long made against Lacka-wanna county that it is easier to obtain me it must be nass evening, without a knowledge of how much either of the companies are going to contribute.

WHAT MR, CALPIN DESIRED. This is contrary to the wishes of Mr. Calpin, who desires that the ordinance not pass finally until councils have a knowledge of how much the companies will contribute. That ordinance may get through time for the thirty days' in notice to be given it will be necessary to have it pass on Thursday evening The committee could be appoint ed and have it wait upon the officials before the mayor signs the mea-

Mr. Calpin, in speaking on the subject to a Tribune man yesterday, stated that in his belief the Tractio company should pay one-half of the proposed cost of the improvement. Some councilmen, like Chairman Kellar, of common council, maintain that the erection of a viaduct on the south side of the street leaving the main street itself open, would only partially remove the danger now exist-As planned in the ordinance, the viaduct is to be fifty feet wide and is to extend fifty feet south from the curb line between Seventh and Ninth streets.

In discussing the question yes-terday, Mayor Moir said that that he was in favor of a viaduct which would close the street. Only by passing a measure for such an improvement, he stated, could the Lackawanna officials be prevailed upon to pay towards its construction.

One of the Teachers in No. 35 Has Contracted Diphtheria.

No. 35 school building, located on Pine street and Taylor avenue, was ordered closed yesterday by Superintendent Howell, one of the teachers, Miss McMullen, having contracted diphtheria.

It was thought advisable to close the chool and it will be thoroughly fumigated under the direction of the board of health before the children will be allowed back again. Diphtheria is especially prevalent in that section of the city and extra efforts are being taken to prevent its further spreading. The school will not be opened until Monday, Jan. &.

HID HER WHITE BOY'S SECRET. Black "Mammy," Though Dying, Still Guards Boy's Identity.

Washington, D. C., Jan. 2.-The probably fatal sickness of an 80-year-old negress has just caused to be revealed a remarkably heartless case of child abandonment. Nine years ago a little white baby boy was committed to the care of Lucy Mason, an old negress, who in slavery days, was the property of one of Virginia's prominent families. From the day she received her charge until the day after the Christmas just past, she has guarded and watched over the boy.

All efforts to induce the "Mammy" to reveal the identity of her wardfailed. She declares that she is bound to secreey by solemn vows, which even in the face of death she cannot break She admits that she knows who the parents are, and says that \$2 a month has been received by her from the boy's mother for his support,

The boy, it is said, knows who his mother is, and has written to her at the dictation of the board of guardians, asking her to help him. No reply, it is asserted, has been received, although there has been ample time for

When he was separated from her he was heartbroken for a time, but he has again become cheerful. The other day he unconsciously revealed the great trouble of his former life by solemnly saying to Mrs. Graves, who has taken charge of him for the guardians:

"The boys can't say I haven't anything but a black mammy now, can they? My mamma is as white as any of them."

HOYT IDENTIFIED.

Thought to Be a Member of a Gang of Diamond Thieves.

Pittsburg, Jan. 2.—Jerome Descio, a jeweler, of Washington, D. C., came to Pittsburg today and identified Charles E. Hoyt, now at Central police station, as a member of the gang which robbed his store of a tray of diamonds valued at \$3,000 on March 16, 1897. Hoyt was brought to Pitts-burg from Boston by Detective Charles C. McGovern last Saturday and is supposed to have been implicated in the diamond robbery at A. E. Siedels store in this city about a month ago. in which a tray of diamonds were

Hoyt says the diamonds are in a "fence" in Brooklyn, where he gave the address, but denied complicity in the robbery.

FOUR CLERKS ADDED TO WORKING FORCE

NEW COUNTY COMMISSIONERS DOUBLE THE OFFICE HELP.

E. E. Robathan and F. W. Kirchoff Retained and S. B. Roberts Dismissed-John P. Mahon, Miss Anna E. Jones, John VanBergen, jr., F. M. Francis and George Reisner Are the New Clerks-Commissioners Say the Additional Help Will Mean a Saving to the County.

County Commissioners Morris, Pen-man and Durkin yesterday afternoon completed the work of making up their office force. E. E. Robathan was reappointed and made assistant chief clerk. Fred Kirchoff was also re-appointed. but S. B. Roberts, the other clerk under the old commissioners was dropped.

Five new clerks were appointed. They are John P. Mahon, Miss Anna E. Jones. John VanBergen, jr., F. M. Francis and George Heisner. Mr. Mahon is former clerk of the commor council. Miss Jones is a resident of the West Side and a niece of ex-County Constable T. E. Reynolds. Mr VanBergen is a son of John VanBergen, superintendent of the Scrantor Coal company. He was formerly employed as a clerk at the Diamond colllery under W. S. Langstaff. F. M Francis is a resident of Dalton and engaged in the lumber business George Heisner has held a clerical position for a long term of years in the court house and city hall. He was in the recorder's office under Mr. Heuster and was for a time clerk for the board of city assessors

These appointments increase the clerical force to twice its original size. The commissioners say they have figured it out that the county will be saved money by having permanent clerks do the work that is now pieced out, such as copying registry lists, preparing duplicates and the like. of the new clerks is to be stationed in the district attorney's office to keep tabs on the transcripts filed by the aldermen and justices of the peace, which it is thought will act as a check on the collection of excessive costs. Luzerne county tried this experiment and found it a success.

The salaries of the new clerks have not as yet been fixed, or at least the commissioners are not ready as yet to announce them. The salary of the chief clerk, Mr. Daniels, was fixed at the same figure as formerly \$1,500. Ex-Chief Clerk Wagner said yesterday that he proposed to look into the law under which he was appointed by the old commissioners, and which the new board ignored, and if his counsel does not advise to the contrary he will contest the new commissioners' right

to remove him. The last act of the retiring commisioners was to appoint a mercantile appraiser. It was Mr. Demuth's turn o make the selection and he named Michael Kramer, of the South Side. Mr. Kramer returned the compliment by inviting Mr. Demuth to become his assistant. Mr. Demuth, it is understood, has accepted and will practically be the mercantile appraiser.

WHERE KELLY GOT GOODS.

urglarized the Home of John O'Boyle, of Penn Avenue.

William Kelly, whom Patrolman Peuster arrested Sunday night on suspicion of larceny, was yesterday afternoon given a hearing by Mayor Moir and committed to the county jail on the charge of burglarizing the home of John J. O'Boyle, 244 Penn avenue. Kelly was arrested while trying to sell a small gilt clock, and when taken to police headquarters a lady's belt. a fancy slipper and other things of the same nature were found in his possession. He was held until his case could be more thoroughly examined. and yesterday afternoon the various

articles were identified. Two members of the family of John . O'Boyle, the Penn avenue grocer ind undertaker, came to police headquarters and identified the articles as belonging to them. The entire family spent Sunday and New Year's with friends in Pittston," and on arriving home discovered that burglars had been at work. Mayor Moir gave Kelly his hearing about 5 o'clock yesterday afternoon and committed him to the county jail to await trial on the charge of burglary.
