#### SOCIAL EVENTS.

Rev. and Mrs. John Ra dolph gave a musicale last night w ch was in erary entertainment, progressive euchre some respects the most artistic of its kind ever held in this city.

In the first place the rectory of St. Peter's Lutheran church is unique in its beauty of interior. Fancy a big music room at one side of which was a blazing wood fire-from which the edor of pine rose pleasantly. The soft glow of waxen candles showed walls covered with well chosen engravings and photographs, rare tapestry and bits of old china, while branches of laurel and pine gave a Christmas tide effect. The cosy corners, the books everywhere the oil paintings, the

A brilliant event in the social life of the city took place last night in the form of the annual ball given by the Excelsior Social club, at its clubhouse on Washington avenue. The affair was a great success, probably be-ing one of the finest given in the history of the association. The committee in charge of the even-

ing was made up of Max Troutfelt, L H. Kramer, Isadore Goodman and R L. Levy, and their efforts to make the affair thoroughly successful were demonstrated by the evident care and houghtfulness with which everything had been arranged. Marvin & Muir, who were in charge of the floral decorations, had the ballroom beautifully decorated. In each corner was

the walls were twined festoons of greens, draped in a graceful manner. One feature of the evening was the number of debutantes present, several being on the floor and lending to the reneral beauty of the picture pre ented, when the various waltzes, two steps, etc., were in progress. At these times the floor presented a magnificent sight, a splendid background to the dancers being provided by the finely embellished room which, with its leafy woodland dell than the conventional ballroom. The beautiful gowns of the ladies, and the graceful movements of the dancers, all combined with the dreamy, soft music discoursed by Bauer's orchestra, produced a pro-found effect and one not easily to be

forgetten. The musicians were enthroned on the platform in the rear of the hall, and were hidden from sight by a picturesque mass of plants and follage, from behind which melodious strains were heard, while the instrumentalists remained invisible. At 1 o'clock a very fine supper was served by Caterer E. Moses. A very large number of couples were on the floor, and besides the local members of the club and their ladies were many guests from out of town. Among the latter were: Wilkes-Barre-The Misses Emma Miller, Minnie David, Frances Hoffeimer, and Messrs. E. Lewith, Millar Rubin, Leon Mendelsohnn, Edward Long and Ben Freeman. Rochester, N. Y .- The Misses Blanche Breitenstool and Nettle Rosenberg. Niagara Falls, N. Y .- Miss Hirsch, Paltimore, Md.-Sol Octtinger. Philadelphia-The Misses Regina Rheinheimer, Carol Lohmann and

Maude Pracgheimer, York-Mr. and Mrs. Larry New Schiff, George Heller, Mr. Keene, Pittston-Miss Tessie Goodman. The Newman Magazine club enjoyed

one of its periodical socials last night at Guernsey's hall. A musical and litand dancing comprised the evening's diversions.

Solos by Miss Alice Burke and John T. Watkins, and recitations by Thomas Larkin, made up the musical and literary programme. Bauer's orchestra furnished the music for dancing.

**OPERATORS DID NOT** ATTEND CONFERENCE

ANOTHER MEETING CALLED FOR JANUARY 18.

Resolution Adopted Declaring That if the Coal Companies Do Not Respond to Their Second Invitation, Means Will Be Adopted to Enforce a Consideration of Their Grievances-Newspapers Discussed at Length in the Session Which the Miners Held-Outline of the Union's Position.

The expected conference yesterday morning between the representatives of the various coal companies in the counties of Lackawanna and Luzerne a prettily arranged bower, while along | and the representatives of the various local unions of the United Mine workers of America did not take place, as none of the companies sent representatives to the meeting. The delegates, however, met both

morning and afternoon and transacted a large amount of business which incl ded the calling of another conferen 9 for January 15. It is generally considered that it has

been many years since as large a gathering of organized mine workers decorations, more closely resembled a as this has been seen in this valley. The following is the official report of yesterday's proceedings given out by the press committee:

Convention of District No. 1, United Mine Workers of America, met in Guernsey hell, Jan. 9, 1900. Morning session adjourned at 11.39 o'clock to pay a visit to the School of Mines on Wyoming avenue, an invitation having been extended by Mr

Henshaw, Replies were received from some of the operators, of which the following is a specimen:

"Jan. 8, 1900. "To the Secretary of the U. M. W. of A. "Dear Sir: I am in receipt of your courteous invitation to attend the con-ference to be held tomorrow in Scran-ton. While I fear that professional engagements here may prevent my at-tendance. I fully solve that they be

tendance, I fully realize that there are evils of which you and your asso-ciates can justly complain and which

"I wish to assure you and them, not only of my sympathy but of my co-operation with any and every proper and useful effort that may be put forth to secure their removal. "Your evident willingness to discuss

the situation with your employers is indicative of the right spirit, and I am confident that it will be met with a hearty response from all fair-minded men, among employers, employes, and also from the general public. "Yours very truly.

WILL ENFORCE DEMANDS. The following resolution was adopt-

"Resolved, That the different coal companies give a definite answer to the communication received from the secretary of this organization in regard to a conference to be held on Jan. 18, 1900, at this place, failing in which means will be adopted to enforce our demands. An answer is re-quested before the 15th inst. "Address, Chas. J. Thaim, 55 Logan

irrespective of what all the news-papers of the country may print. Press Committee. SENT TO THE COUNTY JAIL.

Ex-Alderman John Kelly Charged with Violation of City Ordinance.

Ex-Alderman John Kelly, father of Alderman John P. Kelly, who was arrested Monday on a warrant issued at Alderman John T. Howe's office at the instance of Building Inspector Thomas B. Jackson, was yesterday given a hearing by Alderman Howe, on the charge of violating the city ordinance of erecting a building without first obtaining a permit. After hearing the ovidence Alderman Howe gave the defendant the choice of paying a \$50 fine or going to Jall.

The ex-justice said he would not pay the money, and was accordingly taken to the county jail by Constable Joseph Cole,

The warrant for Kelly's arrest was issued Jan. 4, Inspector Jackson then coming before Alderman Howe and stating that contrary to the city ordinance, which states that a building permit must first be obtained before any edifice can be built. Kelly was erecting a building on the easterly side

of Newton road. On No. 15, Kelly was notified of the fact and promised to call at the building inspector's office and take out a permit. Contrary to his promise, however, he did not call, and continued

in the construction of the building. Therefore Jan. 4, the warrant was sworn out, which resulted in his arrest. The defendant claimed that the

building was outside the city limits, but at yesterday's bearing it was proved that it was within them. The -x-alderman spent the night in the county jail.

BRUTAL HIGHWAYMEN.

Securing Nothing of Value on Their Victim, They Cut and Maimed

#### Him with Knives.

Angry because they failed to secure any booty, highwaymen who on Monday night held up John Pasko, of Winton, cut him with knives in a most brutal manner.

The assault was committed in a spirit of pure devilishness.

Pasko is a laborer and Monday was in Mayfield. He was walking to his home in Winton after dark, when he was stopped by four men. They forced him to the ground and hurriedly went through his pockets. Finding nothing, the men became very angry and, drawing their knives, cut and maimed him

in a frightful manner. He was received at the Lackawanna hospital yesterday, where his wounds were dressed. He will recover, but may

be crippled for life. CHANGE IN TRAINING SCHOOL.

Superintendent Howell Explains Why a Change Is Necessary.

In explaining the change in the training and high achool curriculum and the necessity for the employment of an assistant for Miss Olmstead in the training school department, Superintendent of Schools Howell said yesterday that such a course had been contemplated os carly as last May,

and was practically a necessity. He explained that there are two branches of work in the training school the theoretical and the practical. The present plan is to have all

OFFICERS FOR LNSUING YEAR of organ recitals given by Mr. J. Alfred ELECTED LAST NIGHT.

Alethia Turnbull, soprano, of Balti-Conrad Schroeder Again Chosen resident-Report of Secretary begin at 8 o'clock: Laudig Shows Present Membership to Be Higher Than Ever Before in Organization's History-The Members Discussed the Building Out-Mr. Pennington. Soprano Solo, "Hope, Love and Faith," look but Were Not Very Sanguine Regarding It.

The annual meeting of the Scranton Builders' Exchange, held last evening in the assembly room of the board of trade, was largely attended and a general discussion of the building outlook Canzone in A Flat ... King Hall (England) Mr. Pennington, Soprano Solo, "O Lord Be Merciful," for the coming year was participated in by a number of the members, after the election of officers took place. The general consensus of opinion of the dozen members who spoke was that if there was no strike agitated during the coming year there would be a fair year's business only, but if a strike was declared by the journeymet there would be very little in the build-

ing line done. Numerous reasons were given for the rather dubious outlook taken by the members. It was stated that the large number of empty offices in the large office buildings and the large number of empty dwellings in various parts of the city were proof that extensive building operations could not be hoped for, the only large buildings to be erected being the Young Men's Christian association and the large printing office of the International Correspondence school. Secretary Laudig presented the fol-

lowing report, showing the condition of the exchange since its organization:

An informal programme was given which included great talent of several cities. Miss Turnbull, the Baltimore soprano, who will sing tomorrow night at the Eim Park organ recital, was one of the evening's favorites. sang exquisite songs in her beautiful voice. Mrs. Randolph delighted everyone with a sacred song. She was accompanied on the plano by her husband who also played a charming solo Miss Grace Spencer sang a German song with rare taste and feeling, and followed with a characteristic May song, and "The Rosary," Mr. Howe, of West Pittston, gave some excellent impersonations

Mr. Harvey B. skwood played a beautiful 'cello solo, and Mr. Fro.l. Widmayer's violin solo was one of the best features of the evening. They were accompanied by Mr. Charles Doersam, who also made up one of ma trio number. Miss Kingman, the talented guest of Miss Parke, played a movement from a Grieg sonato, showing fine execution and excellent interpretation, Prof. Penpington accompanied Miss Turnbull and Miss Spen-

Referring to the editorial which appeared in the Sunday Free Press of Scranton, the miners of District No. 1 say that it emanated from the brain of one who is evidently not in favor of a fair day's wages for the mine workers. From the tone of the article every fair-minded person will say that the person who penned these lines is having his joints lubricated with off from the tanks of the corporations who are forever grinding down the work-ing class. They said there are labor agitators among us and the force will

be increased in the near future for the miners of the entire anthracite district now realize that their only

hope of securing justice lies in organ-ization. Can the writer ad ance any reason why the anthralite miners have not been given an advance in wages when the miners 'n all other sections of the country have had their wages increased and the price of cost has advanced in the market.

NECESSARIES HAVE ADVANCED. Another reason why we should be granted an increase is that the necessaries of life have advanced in price

which places the dollar at a less pur-chasing value. Is it not the working people who support the various business men in our section and would it not mean increased business. If the people learn ed more, the idea of labor leaders be ing shot down would be absurd, for

The theoretical studies are psycology and history of teaching, the latter including school management, etc. By this means the student can finish the theoretical work during the last six months of the high school course, and then, by taking one year's practical work, graduate from the training school. It has taken two years to go

> and these after the student had graduated from the high school, whereas by the new plan only one year's work afte graduation from the high school will

be required. This extra addition to the number of pupils in the training school will of course, necessitate the services of an extra teacher, the superintendent says. Thirty-four of the present senior class at the high school signified their intention of becoming teachers, and for this reason the school authorities
