

RHEUMATISM

IS CAUSED by an excess of uric acid in the blood, which excess should be, and is, eliminated when the kidneys are in good working order. Rheumatism can never be cured by outward applications; no case of rheumatism was ever known where the kidneys were well. Warner's Safe Cure will cure sick kidneys thus enabling them to do their work of purifying the blood, and with pure blood rheumatism is impossible:

REV. I. VILLARS, pastor M. E. Church, Sandwich, Ill. says: "I owe it to others to say that for a year I suffered the most excruciating pain from rheumatism. I touched a point where my friends were very much alarmed. Seeing the serious nature of the case I yielded to the solicitude of my wife and began taking Warner's Safe Cure. With the first three bottles the acute pain gave place to a milder form of the disease. I continued until I took nine bottles and regard myself as cured. My relief is beyond expression."

Under date of Nov. 6, 1899, the pastor writes: "After a delay of months, to be sure that a cure of my rheumatism had been effected, I desire to say that I am well and am persuaded that Warner's Safe Cure did it. I believe the medicine will do all that is claimed for it if the patient will follow the instructions given."

LIVE NEWS OF THE INDUSTRIAL WORLD

MAKE-UP OF THE D. L. & W. BOARD FOR TODAY.

Circular with Reference to Standard Form of Book and Card Tickets Which Has Been Directed to the Ticket Agents, Baggage Agents and Conductors on the Lackawanna Road—Agents Must Furnish an Inventory of Tickets on Hand—An Order from Superintendent Russell.

8:30 p. m. 2 engines—John Gahagan.
9:30 p. m. 2 engines—J. Ennis.
11 p. m. 2 engines—J. J. Duffy.

Book and Card Tickets.

To ticket agents, baggage agents and conductors: Referring to the G. P. D. circular No. 117, regarding simplex local tickets: As soon as same can be received from the printer all agents will be supplied with the eight (8) "L" forms of one-way simplex tickets, and with sufficient of the form "L-H" to take care of the sale of half-tickets from their stations where the number of half-tickets sold monthly will justify.

Such stations as are not furnished with all forms of the "L-H" simplex tickets will punch with half-punch both ticket and stub form "L" in selling tickets to children at half-rate.

In case where a limited rate is used the various forms of "L" will be used hereafter, same to be limited in the proper place provided for that purpose.

The standard form of one-way card ticket, round-trip excursion card ticket, and both one-way and round-trip book tickets are being printed and will be supplied to agents selling more than 150 tickets to one station during one month, for regular round-trip business and for emergency stock, should they apply of simplex tickets be exhausted.

As stated above, to be used, when an agent runs out of simplex tickets, for excursion business where special excursion tickets are not furnished; and both forms of book tickets have a blank line, the same as the simplex tickets, whereby same can be more closely limited in using limited rates or under special instructions from this department.

It is the intention of this company, as soon as all agents can be fully supplied with the new forms of simplex and standard card and book tickets, that same will be limited to one day from date of sale, and the stop-over privilege rescinded; but until instructions are given to this effect the provisions of the new tickets with reference to time limit and stop-over privileges will be ignored, and the same privileges granted on such tickets as are at present granted on similar tickets of like character and form, with the one exception that the round-trip card and book tickets used for regular round-trip rates will only be good as printed, viz: going one day from date of sale, and returning 30 days from date of sale, as indicated by stamp on back.

Agents, upon receipt of this circular, will please send to this department a complete inventory of all local card, book and special tickets of all forms used for local business now on hand, so that when new supply of tickets is furnished instructions can be given to return such of the old forms of local tickets as may be desired.

Conductors will please observe the above instructions to ticket agents governing the new standard forms of one-way and round-trip book and card tickets, and until further instructions are given will ignore the printed clauses on such tickets limiting the tickets to one day from date of sale in the case of one-way card or book tickets, same as is done now with the simplex tickets.

When however same are limited in ink in the blank space provided for that purpose, then the tickets will only be honored in conformity with such written limitation.

The round-trip tickets, however, both card and book form, will only be honored in conformity with their present provisions, viz: good going one day from date of sale, and good returning 30 days from date of sale.

Baggage agents, in checking baggage on these tickets, will cancel same with "B" or punch, same as is done with other forms of tickets.

T. W. Lee, General Passenger Agent.

Superintendent Russell's Order. The following order recently issued explains itself: New York, Jan. 22, 1900. To all concerned: From this date flat cars loaded with rails or bar iron must be provided with substantial end planks to prevent shifting of load. This rule applies to either local or foreign shipments.

MINERS ELECT OFFICERS.

Result of the Sessions at Indianapolis Yesterday.

Indianapolis, Jan. 22.—At today's session of the United Mine Workers it was announced that the election last Thursday resulted in no choice for vice president. The board officers were re-elected: Fred Dilcher, Nelsonville, Ohio; Benjamin James, Jamestown, Pa.; James Burton, Sparta, Ill.; Henry Stephenson, East Bank, W. Va.; W. R. Fairly, Pratt City, Ala.; C. W. Purcell, Terre Haute, Ind.; Edward McKay, Buena Vista, Pa.

A second ballot will be taken for vice president and to select a successor to board member John B. Reese, of Iowa, as he is to retire. Reese and T. L. Lewis, of Ohio, remain in the field for vice president, with D. Van Horn, of Indiana, dropping out. Many amendments were made to the constitution. One to decrease the representation at conventions was killed. Another which provided that district and state organizations should have a voice in selecting national organizers to be appointed by the president was voted down. The constitution as amended gives President Mitchell greater power.

An amendment to increase salaries of officers was as follows: President, from \$1,500 to \$1,500; secretary-treasurer, from \$1,000 to \$1,200; vice-president, from \$800 to \$1,200; editors of the Mine Workers' Journal, from \$3 per day to \$1,200 per year; national board members, from \$2.50 per day to \$3. The scale committee is still at work. Its report will probably be sent to the operators tonight or tomorrow.

The joint conference of operators and miners will probably open at 9 a. m. tomorrow at the Hotel Hamilton, Chicago, already in the city. Today the Illinois, Ohio and Indiana associations held meetings. They oppose a big advance; Illinois wants the wage scale reduced to that of Indiana. Ohio operators favor an advance, but not over 10 cents. J. Smith Tully, of Terre Haute, the president of the Indiana Bituminous Operators' association, says he will decline to preside over the conference.

TROUBLE ON THE WABASH.

St. Louis, Jan. 22.—Heads of the different trainmen's organizations, which have been in session for several days considering the grievances of employees of the Wabash railroad, are still waiting for an answer to their request for a conference with President Ashley of that road.

General Manager Ramsay, of the Wabash, today declared that the demands of Chief Arthur, of the Brotherhood of Locomotive Engineers, and the chiefs of the other bodies, who, he says, are endeavoring to force the pending issues, are not aimed solely at the Wabash railroad.

"It is proposed," he said, "to use our road as a stalking horse to secure concessions wanted from other railroads."

"The question of higher wages was submitted to me by a committee consisting of several employees, some time ago. There are many other questions besides the wage scale, and until we have carefully looked into these written demands we have no reply to make to the employees."

No Grip, Pain

Or discomfort, no irritation of the intestines—but gentle, prompt, thorough cleansing, when you take

Hood's Pills

Sold by all druggists, 25 cents

THE MODERN HARDWARE STORE

OIL HEATERS

Handy to have one in the house during cold or damp weather. Have you seen the B. & B' Heater?

CAPITAL.....\$200,000 SURPLUS.....450,000

WM. CONNELL, President. HENRY BELIN, Jr., Vice-Pres. WILLIAM H. PECK, Cashier.

Carpets

We are coming to the close of the largest year's business we have ever known.

What does this mean except that we have given better service than any other concern in this city, and are in a position to do it for the coming year?

It means, besides, that the makers come to us first because we are the largest customers and offer us first choice of their goods.

We buy certain patterns and control them—in the finer Axminsters and Wiltons—and the next largest buyer can buy the next best patterns, and (if he buys enough) control them.

Of course we are headquarters for WALL PAPER AND DRAPERIES

WILLIAMS & M'ANULTY, 129 WYOMING AVENUE.

Our Entire Stock of Diamonds, Watches, Jewelry and Unredeemed Pledges Are Now Sold at Auction to the Highest Bidder, as We Must Vacate the Store We Now Occupy by April 1.
