New Interest in the Line in Contemplation at Towanda.

Special to the Scranton Tribune. Towanda, Jan. 29.-Still later de velopments have become public during the past week, which awaken new interest for the people of Northern Pennsylvania in the proposed Bradford Central railroad. The read will connect with the Buffalo and Susquehanna at Ansonia on the west, and with the extension of the Barclay rallroad, now being surveyed, on the east. The Barclay line east will be pushed into the Luckawanna anthracite coal fields and will be the means of the Delaware and Hudson Coal company the Buffalo and Susquehanna, Bradford diately become one of the most impany was held a few days ago, and the president, and the following were days, chosen directors: W. The milk and produce shipments towards Scranton and while as a passenger line the combined vice versa, is found to become pop- Armenia. The Delaware and Hudson hard coal business west is ,perhaps, the most important of all. This great corest and most productive anthracity mines in the Lackswanna and upper Luzerne fields, has heretofore handicapped in the shipment of coal. It is restricted to an eastern market aione, but with the completion of the Barclay extension and the building of the proposed Bradford Central connecting with the Buffalo and Susquehanna, the markets in the west can be reached. Coal may then be shipped direct to the lake trade at Buffalo. The proposed new line will cross three railroad lines out of Williamsport-the Fall Prook division of the New York Central, the Northern Central and North Branch. The new line will run through one of the most prelific farming sections of the state; then, too, with the new oil and gas operations in Tioga and Bradford counties, the proposed line is bound to abour some of the business that these make.

TRIED TO RAISE THE DEAD.

Sensation at a Funeral in Bradford County.

Special to the Scranton Tribune. Towanda, Jan. 29.-A religious sect. known as "Seven Day Adventists," closed a four days' meeting at Overill last Sunday. The sessions were in charge of Benjamin Stevens and a Mr. Lane, of Montrose. During their stay, Augustus Chubbuck, of that township, died, and the funeral was held at the family home. Mr. Lane went to his boarder's barn on the day of the funeral and began hitching his horse to a wagon. When asked where he was going, he replied that he did not know, that he had been told by the spirit to hitch up and go where the spirit should lead him. He drove to the Chubbuck house, half a mile distant, and arrived just at the close of the funeral services, while the friends were viewing the remains. Lane at once lay, and, placing himself beside it, stood silent for some time. The room was filled with friends waiting to view the remains, but the undertaker, thinking him a relative who arrived late, said nothing.

Suddenly Lane began trembling, and, extending his hand toward the body, said in the words of Christ, "Young man, I say unto thee arise." But the

What Makes Beauty?

Beauty is made or marred by the blood.
When the blood is impure, the cheeks
grow sallow, the eyes dull, the hair loses
its luster. When the blood flows through the veins in a pure, rich current, the eyes sparkle, the skin is clear, the com-plexion beautiful. Women who use Dr. Pierce's Golden Medical Discovery, find that it is a genuine beautifier. By purifying and enriching the blood it puts a bloom on the cheek and a brightness in the eye, which tell the story of perfect

health.

"Having been left weak from fever last October, I was under the doctor's care here, "writes 2dra. Alice E. Casebier, of Crawford, Dawes Co., Meb. "I took medicine, but did not seem to gain very much. I was tired all the time, had no appetite, had wandering pains all over me more or less, and was very nervous, as I had bees sick all the summer. I was all run-down and didn't know what alied me. I got advice from Dr. Pierce, telling me my symptoms better them I could describe them myself, and also telling me that I would have to take care of myself, and how to take the medicines. I took four bottles of 'Golden Medical Discovery,' and five of 'Favorite Prescription,' and gained strength right along. I took one bottle of the 'Plesaant Pellets,' also. I know that these medicines will do all that they are recommended to do."

body lay as still as ever. It took considerable force to eject the man from the room. He told afterward that he knew nothing of what had occurred, and it is believed that he is insane. He has returned to Montrose.
