CANDIDATES FOR THE VARIOUS WARD OFFICES.

George B. Carson Has Filed Nomination Papers on the Citizens' Ticket. Other Independent Candidates. Farewell to E. E. Lord—Meeting of Presbytery—Sunday School Report—Funeral of George Williams. Washington's Birthday Events. Minor News Notes and Personals.

The certificates of nomination for the various ward officers have all been filed with the county commissioners and the battle of the ballots these weeks hence will be fought with much interest by the friends of the different candidates. In the West Scranton wards a lively time is anticipated, especially in the Fifth, Sixth, Fifteenth and Eighteenth wards. Ex-School Controller George B. Carson yesterday filed a certificate of nomination on the Citizens' ticket for the office of select councilman in the Fifth ward and will oppose the present incumbent, R. J. Williams, who is the regular Republican nominee. At the caucus held several weeks ago Carson was defeated by three votes. Thomas Connors is the Democratic candidate.

Evan G. Jones, the well known barber, has also filed papers for the office of school controller in the Sixth ward. He is on the Citizens' ticket and has the endorsement of many Republicans in the third district. Patrick McLaughlin, the Democratic nominee, also claims to be the representative of the Republican party, but objections will be filed by Jones today. Patrick F. O'Brien is unopposed for common council and Patrick Golden will run for school controller on the Democratic ticket. John W. Millott, for alderman, has no opposition.

A three-cornered fight will be waged in the Fifteenth ward for select council between Joseph Oliver, Republican; Horatio T. Fellows, Independent, and John Donohue, Democrat. Fellows claims the Democratic endorsement, and Donohue is also a candidate on the Citizens' ticket. For alderman Daniel Moses will be unopposed. The Eighteenth ward candidates are Patrick J. Langan and John Finnerty for school controller and Thomas F. Morris and John Moran for common council. Langan is the Democratic candidate and Finnerty will run on the Independent ticket.

Common Councilman William V. Griffiths and A. B. Eynon for school controller are unopposed in the Fourth ward. Michael Rupp has filed a certificate on the Independent ticket in the Twenty-first ward. The regular

A CHARMING grandmother!

What a pleasant influence in the house is a delightful old lady in good health!

Mrs. MOLLIE BARBER, St. James, Mo., writes: "I took Lydia E. Pinkham's Vegetable Compound during change of life, and have passed through that critical period safely. I suffered for years with falling of the womb and female weakness. At times could hardly stand on my feet, also had leucorrhoea. I tried several good doctors, but instead of getting better, grew worse all the time. A friend advised me to try Mrs. Pinkham's Compound. I did so and after taking six bottles, was cured of both leucorrhoea and falling of womb. I am now enjoying good health and feel very grateful for the good your medicine has done me. I would recommend it to all women suffering as I was."

HEALTHFUL OLD AGE

Mrs. N. E. LACEY, Pearl, La., writes: "I have had leucorrhoea for about twenty years, falling of womb by spells for ten years, and my bladder was affected, had backache a great deal. I tried a number of doctors. They would relieve me for a little while, then I would be worse than ever. I then thought I would try Lydia E. Pinkham's Vegetable Compound. Eleven bottles of Compound and one box of Liver Pills cured me and I am now sound and well. It helped me through the change of life period. I am fifty-five years old."

MANILA TO BEAT HONG KONG. It Will Be the Imperial City of the Pacific.

G. L. Hunt in Albee's Magazine. "The moment we decided to annex the Philippines we felt surprised that there had been any hesitation. We saw that our new expansion was in all respects the most important in our history. Not only are there magnificent opportunities in the Philippines for American civilization, commerce and industry, but there is the dazzling possibility of making Manila the center of Western Pacific trade. Manila, adjacent to a population of 550,000,000 people, should, before many years, surpass Hong Kong to which Great Britain owes such a large part of her Chinese commerce. The chief distributing centers of China, Japan, Korea, Siam, Annam and the East Indies are as near to Manila as Havana is to New York; and the distributing centers of British India and Australasia are nearer to Manila than to any other great emporium. At present we furnish only one-twentieth of the billion dollars' worth of goods that the countries within easy commercial range of Manila purchase yearly. Yet the larger part of these imports is made up of goods that we can supply at a lower price than any other country—tools and machinery, cotton and cotton products, provisions and mineral oils."

Peter Mahoney, Jr., died at the home of his parents, Mr. and Mrs. Peter Mahoney, of Putnam street, yesterday morning at 5:20 o'clock. The deceased was well known and highly respected. The funeral will take place tomorrow afternoon at 2 o'clock. Services will be conducted at the home by Rev. William A. Nord, pastor of the Hickory Street Presbyterian church, and interment will be made in the Pittston avenue cemetery.

Chester, the interesting son of Mr. and Mrs. Isaac B. Davlos, of Greenwood, died Tuesday morning at 8:30 o'clock of diphtheria. The funeral will take place Thursday afternoon at 2 o'clock. Interment in Marcy cemetery, Duryea. Funeral will be private.

DIAMOND DOLLARS OF 1804.

Only Four of the Original Coinage of 1804 in Existence. New Orleans Times-Democrat.

"Every now and then one reads about the discovery of another of the famous 'Diamond Dollars' of 1804," said a gentleman of this city, who owns one of the finest private collections of coins and medals in the south. "The dollars of that date are popularly supposed to be worth from \$1,500 to \$2,000 apiece, and if a few originals could be produced I dare say they would bring that figure easily enough. But it happens unhappily that there are only four on earth, and they are locked up in the vaults of the treasury building at Washington, and couldn't be bought at any price. They are what are known as the 'test pieces,' which are always laid aside whenever a new coin is struck, and the pieces I have just spoken of are the last of the issue, at the reason being that I have just spoken of and it was never put into circulation. The whole lot just as it came from the stamping presses, was dumped into an iron chest and put on board a merchantman bound for China. It was directed to the captain of a United States frigate then in Oriental waters, and was intended to be used in paying certain expenses connected with the service. The merchantman ran into a Chinese typhoon and went to the bottom, where to the best of my information she still remains, iron chest and all, and that is the reason why Uncle Sam is the only collector in the world who has a complete set of American dollars. Every other collector, including my own, is short one issue, and the gap never will be filled until the sea gives up its own."

"Do you mean to tell us, then," said a listener to the foregoing, "that all the 'Diamond Dollars' now in private cabinets are counterfeit?" "By no means," replied the collector. "I own an 1804 dollar myself, and there are at least three others, to my knowledge, in the South. They were issued by the government, and are perfectly good and legal coins, but they are not originals. They are what are known technically as 'restrikes.' In the early days, when the mints had a few coins left over from one

date by striking them with a special year to another they would change the die, an operation that can always be detected by an expert. For some reason or other, nobody knows just why, a few dollars of the 1804 issue were restrieked in 1861 and put in circulation. It is probable that the total number was not over forty or fifty, and a good many have been lost. The ones in existence are worth \$120 apiece, and you may rest assured that all the 'Diamond Dollars' not mere imitations belong to this little lot of restrikes. Of course, some of them have been sold to green collectors as originals, and I was myself the innocent cause of such a transaction only a few years ago. A friend of mine who lives in an adjoining state, and who owns a great many rare and beautiful coins, telegraphed me one day asking whether \$500 was too much for a genuine 1804 dollar. I took it for granted that he knew the facts about the issue, and after puzzling over the message for a considerable time concluded that it was an obscure joke of some kind, and in circulation. I simply told him to see the point. So I wired back advising him to buy a bushel at that figure, and he promptly closed the deal. It turned out afterward that the coin was a restrike, and my friend has never quite forgiven me. What deceived him was the fact that the piece was known positively to have been locked up in an old chest at Savannah since 1812. That did away with the counterfeit theory, and the only thing he was doubtful about was the price."
