Conference in New York.

The superintendents of the Delaware, Lackawanna and Western company were called to New York vesterday to confer with President Truesdale and General Manager Russell. The nature of the conference could not be learned, but it is believed to be the regular

monthly conference. Among those who were in attendance were Superintendents Daly, Salisbury, Canfield and Fitzgibbon, of this city; A. H. Schwarz, Syracuse division: J. B. Marston, Buffalo division; R. Dupuy, Hoboken, and Trainmaster J. C. Sickless, also of Hoboken.

Engineers Get Concessions.

The Lackawanna engineers' grievance committee reports the securing of con-cessions, which make somewhat easier cessions, which make somewhat easier the runs from Scranton on both north-ern and southern divisions. The train-men, however, have failed in their ef-forts in the same line and their efforts are to be made anew, within the next few

Engineers of passenger trains now run enly to Washington Junction, N. J., instead of through to Hoboken. Freight conductors still run to Port Morris, but a change is expected during the week that will greatly benefit them.

road is standard gauge. The Delaware and Hudson company paid the men yesterday who have been imployed as laborers on the new road between Carbondale and Honesdale. The route is the same with the ex-ception of a cut-off between Farview and Waymart, thus avoiding the planes. The extension includes about seven additional miles of track.

A long series of unprecedented and unlawful acts practiced by those in charge of the legislative interests of the state has culminated in the most fearful condition of the period to the state. The dreadful tragedy which occurred yes-terday shocked and startled all, and can be no more streerely deploted by any

one than myself.

To attempt to legislate under such conditions of excitement and threatened violence as now prevails in Frankfort violence as now prevails in Frankfort would be sheer madness, and I have, therefore, in the exercise of my constitutional powers adjourned the legislature to convene in London, Ky., on Feb. 6.

FUN AT THE LEGISLATURE.

Soldiers and Assemblymen Race

Through the Streets. Frankfort, Ky., Jan. 31.—This morning not a member of the legislature knew whether or not they would be permitted to meet in the capitol building. All they knew was that soldiers were guarding every gate and that nobody would be al-lowed to enter without a pass. They dehowever, to meet in the Capital hotel and march in a body to the state

Colonel Williams permitted Clerk Lee, Assistant Stone and a few representa-tives to pass upstair. Then the main body came tramping through the doorway. They were stopped by the soldiers, Loud cries of exclamations filled the air, and Colonel Williams, mounting half-way up the stair, shouted:

"Gentlemen, I hold in my hands a proclamation issued by the governor of Kentucky, which I will read." He then read the proclamation in loud voice as follows:

Governor's Proclamation. "To the General Assembly of the Com-

monwealth of Kentucky;,
"Whereas, A state of insurrection now
prevails in the state of Kentucky, and especially in Frankfort, the capital there-of, by virtue of the authority vested in me by the constitution of Kentucky, I do hereby by this proclamation adjourn at once the general assembly of the state of Kentucky, to meet at London, Laurel county, Ky., Tuesday, the 6th day of February, 1900, at 12 o'clock. Shouts of approval greeted this proposal and out of the door down the broad steps streamed the crowd, hastening along St. Clair street toward the opera

Close behind came General Collier on the fun. He shouted orders to Lieutenant Colonel Gray, who was standing by the steps; a few quick orders were given by that officer and away toward the pera house went the soldiers on the double." The troops ran up the middle of the street and easily distanced the legislators, who took the sidewalk, and were handicapped by the numerous posts, were handicapped by the numerous posts, boxes and pedestrians in the way. When the lawmakers arrived at the opera house all they obtained for their run of a quarter of a mile was the privilege of standing on the opposite side of the street and gazing at the building, the front of which was occupied by the panting line of soldiers in double rank with horomets theel.

General Lyons, the oldest and most corpulant member of the legislature, had, despite his physical drawbacks man-aged to get into the hall. He was requested politely to come out, which he did with the remark: "It does not look as though a quorum

The building is private property, he said, and the militia had no right to keep anybody from it. His protest was ignored by Lieutenant Colonel Gray and demanded was not complied with. Turning around Mr. Trimble addressed the crowd:

"Gentlemen was a decided admission."

Mr. Trimble addressed the crowd:

"Gentlemen, we are denied admission to the opera house. We will now adjourn to the court house."

Away went the crowd with good-natured yells of derision at the soldiers, who had orders to remain at the opera house and could not leave. The triumph for the lawmakers was short lived, however. Refers they had gone one. ever. Before they had gone one hun-dred feet a second company of soldiers flanked them. The second heat of th race was now on and away went the dignified senators and representatives down the street in a cloud of dust, yelling like a pack of Indians. Alongside ran the soldiers,

It was the same story over again, and the legislators were permitted to look at the outside of the court house while the soldiers held the path.

"The proclamation of Taylor is unwarranted in fact and in law. There is no insurrection, unless the presence of the militia and what they are doing constitutes an insurrection. He is credited with the remark that the state authorities are perfectly able to deal with authorities are perfectly able to deal with the situation and are not apt to call upon the general government for assistance. Federal troops will be ordered to Ken-tucky only as a last resort and only upon representations of the state au-thorities that they had exhausted all their resources and were powerless to deal with the situation.
