Forty-eight of the 50,000 shares of stock were voted and it was unanimously decided to increase the indebtedness of the company from \$2,410,000 to \$3,000,000. The officers of the company declined to go into particulars as to the exact purpose of the increase, but said in a general way that it is to be used for extensions and improvements. The old board of directors was unanimously re-elected. It consists of C. M. Clarke, J. P. Isley, E. W. Clark, Jr., C. A. Pomeroy, Jr., and C. Ford Stewart, Philadelphia; Timothy Burke and Frank Hillman, Jr., of this city. During the year 1899 the company spent over \$100,000 in improving its plant and lines.

FIRE IN GREEN RIDGE. Old Planing Mill, on Dickson Avenue, Entirely Destroyed Early This Morning.

About 1 o'clock this morning the alarm of fire was turned in from box 71 at the corner of Dickson avenue and East Market street. A large two-story frame building known as the Old Miller & Stark Planing Mill building located on Dickson avenue between Delaware and Breaker streets, caught fire in some unexplainable manner and within a few moments from its origin the whole place was in flames, the entire loss being estimated at about \$2,000.

In less than a half hour the building was razed to the ground. It was the property of the Green Ridge Lumber company and had been occupied for more than a year, the Eureka Cash Register company who were the last occupants, using it as a plant for the manufacture of cash registers. Some of the machinery was still in the building and together with some property of the Green Ridge Lumber company, which was kept there, was consumed in the blaze.

The cause of the fire is unknown. A barn close by and a large frame building occupied by the family of William Robinson, William Fish and Samuel Christensen were all in danger, and at one time indeed were in flames. The excellent work of the firemen, all the Providence and Green Ridge fire companies being present and several of the town companies also, however, prevented the flames gaining any headway, in spite of a strong wind that was blowing, and besides a rather severe scorching no serious damage was done, the only grave result of the fire being the destruction of the mill. At 2 o'clock the firemen had the blaze under good control, and no further damage was done.

PHINNEY ENGINE A WRECK.

Horses Got Beyond Control of Permanent Man Link. In responding to the still alarm from the Lovett fire last night the General Phinney engine team got beyond the control of Permanent Man Link and tore down Sanderson avenue furiously. At Marion street one of the front wheels sank into the hole and the engine was upset with such force as to hurt Link over a fence into the yard of a residence, where he landed on his head. Beyond some bad bruises, strange as it appears, he was unharmed. The engine, however, is pretty badly wrecked. This was one of the engines that recently rebuilt by the La France Engine company at a cost of \$1,800.

The Schuylkill Coal Exchange, which fixes the wages, today placed the rate at 9 per cent. above the \$2.50 basis, which means 18 cents addition to the wages of those working for \$2 per day. Inside laborers whose schedule wage is \$1.25, will receive \$1.10 per week for the time stated. The rate of wages is computed upon the price of coal received at Schuylkillhaven by five collieries drawn by chance.
