THE MARKETS. Wall Street Review.

New York, Feb. 2.—Today's stock speculation furnished adequate proof that increased interest was being manifested by the public in the market. This disposition was based on the extensive trading in railroad stocks which comprised the bulk of the day's movement.

Professional operators believing that support from commission houses could be obtained, secured position in the market. This from the front was in a measure due to the fact that a substantial rise showed evidences of good feeling.

Recognition of the local market for foreign complications was the primary cause of the revival of outside interest. Important movements appeared to be under way by substantial interests, as indicated by the fact that in the first group of railroad stocks and then another until the list showed gains running from 1 1/2 to 2 1/2 points, in connection with the enormous buying of the Baltimore and Ohio stocks, a statement issued upon the upward movement in the standard stocks, devoted their energies to securing a secondary position in the market.

PERUNA CURES CATARRH WHEREVER LOCATED.

Congressman Smith, of Illinois.

Hon. George W. Smith, Member of Congress in recent letters to the Peruna Medicine Co., says the following in regard to Peruna for Catarrh: 'Peruna Medicine Co. Gentlemen—I take pleasure in testifying to the merits of Peruna for Catarrh. I have taken a bottle for my catarrh and I feel very much benefited. To those who are afflicted with catarrh, catarrh is a systemic disease; that is to say, it invades the whole system. We claim that Peruna is a systemic remedy; that is to say, it eradicates catarrh from the system. Catarrh is not a local disease; Peruna is not a local remedy. Since catarrh invades the system, only a systemic remedy can reach it. This is, in brief, our claim in assigning to the disease—our remedy, Peruna. Booker T. Washington, President of Tuskegee College, Tuskegee, Ala., says: 'I have used one bottle of Peruna and I can truthfully say that I have never before used any medicine that has improved me as much as Peruna. There is no medicine that can take its place. Address The Peruna Medicine Co., Columbus, O., for free catarrh book.'

PERUNA CURES CATARRH WHEREVER LOCATED. Peruna is not a "cure pill"; it cures just the disease itself. But since catarrh is able to fasten itself within the different organs of the body, so it is that Peruna cures affections of those organs. But we insist that Peruna cures one disease only. We claim that Peruna is the only internal, scientific remedy for catarrh yet devised. We claim that catarrh is a systemic disease; that is to say, it invades the whole system.
