## WRECK AT FACTORYVILLE.

### Two Freight Cars Together in a Disasterous Rear-End Collision.

Special to the Scranton Tribune.  
Factoryville, Feb. 6.—A bad wreck on the Delaware, Lackawanna and Western occurred about 8:45 o'clock Monday night, a short distance above the station and near the old cemetery. A coal train on the southbound track was preparing to go into the switch in order to let a fast Buffalo freight pass, when the freight, which was following closely, came thundering down upon them, causing a rear-end collision. The freight was pulled by a heavy freight engine and had a helper on ahead, which was passenger engine No. 559, one of the company's fastest engines, and which was badly wrecked. The pilot of the freight engine was completely demolished. The caboose and two gondolas of the coal train were totally wrecked.

## DEATH CLAIMS A BRIDE.

### Taken Suddenly Ill and Expires Within a Few Minutes.

Special to the Scranton Tribune.  
Pittston, Feb. 6.—Mrs. John Flannigan, of Port Griffith, was taken suddenly ill on the Public Square, Wilkes-Barre, late yesterday afternoon, and was carried to a nearby drug store, where she died five minutes later. She had been ailing for about a week and had gone to Wilkes-Barre for treatment by a physician there, and was about to start home at the time.

## SUSQUEHANNA COUNTY.

### Special to the Scranton Tribune.

Susquehanna, Feb. 6.—The attendance at the evangelistic meetings in the Presbyterian church is very large, and the interest continues unabated. Evangelists Shelden will remain at least during the present week. Quite a large number of persons have professed conversion.

Rev. David T. Sutherland, pastor of the Presbyterian church, on Sunday afternoon held services in Brushville. There was a large attendance. The Baptists will endeavor to erect a church edifice at Brushville next summer.

The evangelistic meetings being held in the Oakland Methodist church by Rev. Walter Peterson and Mrs. Frey, the singing evangelist, are well attended. A great religious awakening is anticipated.

In New Milford, on Monday, Harry Van Buskirk attempted suicide by shooting himself twice in the head. Both bullets passed through the head above the ear. Neither proved fatal. After committing the rash deed, Van Buskirk went up stairs and said to his wife: "I won't bother you much longer." Physicians were summoned, who, after examination, pronounced the injuries fatal. At late reports the man was still alive. It is said that medical difficulties caused Van Buskirk to commit the deed. He is a native of Hartford, this county, and is a farmer by occupation. He has several children.

The Empire State Construction company will have the contract for putting in the canning factory in Montrose. The Gulf Summit is moving to secure a canning factory.

The remains of the late Henry G. Meeker, of Binghamton, was this afternoon interred in McKune cemetery. A delegation from Starbuck lodge, No. 42, I. O. O. F., met the remains at the station.

The remains of Mrs. Bridget Fitzsimmons, who died in Binghamton on Sunday, was this afternoon interred in Laurel Hill cemetery in this place.

William Crago, of Scranton, who has relatives in Susquehanna, is a candidate for the position of city engineer of Carbondale.

The grievance committee of the several brotherhood of Erie employees is still in session in Hornellsville.

The Erie is establishing a splendidly equipped printing plant in this place, as an experiment. If it proves a success financially, the printing for the entire Erie system will be performed in Susquehanna. It is now done by contract in New York, Buffalo, Elmira and other places. An immense amount of printing matter is used each year.

Rev. D. C. Burns, pastor of the Lanesboro Methodist church, is holding a well-attended series of revival meetings in the Stevens' Point Methodist church. A number of conversions are reported.

William H. Foster has entered the

## RECONSTRUCTION COLLEGE FOR EMBALMING IN NEW YORK CITY.

Hon. J. E. Woodmansee, of Lake County, was in town on Saturday.

Rev. H. D. Sheldon, of Kingston, N. Y., who is conducting a successful series of meetings in the Presbyterian church in this place, will soon hold meetings in Forest City.

It is rumored that the Methodists have secured several women converts in Susquehanna county, and will send them to Utah.

There was a good attendance today at the Honorable district Epworth League convention, in session at Thompson. The convention will close Wednesday night.

The first "Pleasuring" party of the season at Susquehanna for Windsor last evening.

The Halstead Herald intimates that if the Brandt chair factory is not secured for that town, Halstead will do "sack cloth and ashes."

## PITTSSTON.

Special to the Scranton Tribune.  
Pittston, Feb. 6.—Taxidermist E. W. Campbell, of West Pittston, has just mounted a handsome specimen of the Virginia red deer, which was shot in Pike county last November. It is one of the finest and most natural pieces of taxidermy ever seen here and wins the admiration of all.

One of the finest shows which will be seen in Music Hall this season is billed for Wednesday night. A treat is offered Pittston theatre-goers in "A Stranger in a Strange Land." The play comes direct from a ten weeks run in New York city, and will be produced here by the original company.

The advance sale of reserved seats indicates a crowded house.

In August, 1894, Miss Mary Haggerty, aged 17 years, while visiting in Pittston, tripped on the sidewalk and fell, receiving injuries which resulted in her death. The administrators sued the city for \$5,000 damages. The case has been tried and postponed several times. It came up for hearing this week and a verdict was rendered today giving the plaintiffs \$600.

While Willie Heinenmann, aged about 12 years, and another lad were driving a butcher wagon down the hill on Mill street at noon today, the horse ran away. The animal failed to make the turn at Main street and ran into the railing and over the stone wall on the west side of Main street. The horse, wagon and boys landed in an old wagon road twenty feet below. The Heinenmann boy was painfully bruised about the head and back, but the other lad escaped uninjured. The wagon was wrecked, but the horse escaped unharmed.

Robert Holmes, of West Pittston, an amateur artist of no mean ability, left today for New York city where he will take a course of study in newspaper art.

The name of Squire James R. Ehret, of West Pittston, is being mentioned in connection with the nomination for county prothonotary on the Republican ticket at the coming fall election.

## Here Is a Chance to Do Some One a Kindness.

If the reader of this should chance to know of any one who is subject to attacks of bilious colic he can do him no greater favor than to tell him of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It always gives prompt relief. For sale by all druggists, Matthews Bros., wholesale and retail agents.

## FACTORYVILLE.

Factoryville, Feb. 6.—Mr. B. C. Lyman, of the New Age, Tunkhannock, Pa., was a guest at the M. E. parsonage last Friday evening.

The stockholders of the Lithia Water company met here last Saturday and elected officers for the ensuing year. They also authorized the directors to issue sixty-seven thousand dollars worth of 12 per cent. preferred stock.

The auditors' report showed that the company did a good business the last year, and they expect to do a great deal more this season.

Charles Jackson, sr., one of the oldest residents of this town, passed away last Sunday afternoon from the effects of a stroke of paralysis. He was a life long resident of this place, and during his business career was engaged in the furniture and undertaking business, to which G. W. Stanton is his successor. He was a charter member of the Red Jacket lodge No. 524, I. O. O. F., and by his death the lodge loses the last and only charter member. It might be well to mention here, a strange coincidence is, that just 41 years ago today, the 6th day of February, 1856, at 2 o'clock in the afternoon, Red Jacket lodge, No. 524, I. O. O. F., was instituted. Today is the forty-fourth anniversary of the lodge.

Michael Connelly is seriously ill at his home on Railroad street.

Miss Mame Hofeling and Miss Ida Pell are spending a few days with friends in Carbondale.

Election day is on Tuesday, February 20.

**WYOMING COUNTY.**  
Philadelphia, Feb. 6.—At the arbitration room in the court house this afternoon was heard the case of Evans & Evans against Martin Brungish, before B. H. Shook, A. W. Melhusen and F. Slicker, as arbitrators. The parties are from Centerville and the controversy arises from a contract entered into between the parties for the cutting of timber on land of the defendant. James W. Platt appears for plaintiff and Harding & Harding for the defendant.

E. J. Sampson, who has been in the employ of the Ayer advertising agency at Philadelphia for some time, is at home on account of illness.

Word has been received here from Paymaster Z. Wells Reynolds, of the United States navy, recently stationed on the Charleston, and from his clerk, R. J. Little, that in pursuance of or-

# FAT ENOUGH.

A man weighing 150 pounds has fat enough in his body to make a dozen good sized candles. That's "fat enough." Too much fat or too little indicates a disordered physical condition. The average American has too little fat. He is gaunt and spare. Americans are known to the world as a nation of dyspeptics. That is the price they pay for a success which does not take time to eat properly. No man can be stronger than his stomach. The man with a "weak stomach" will be a weak man. Nature sustains life by food. All the strength of the body is derived from food. But it is not the food which is eaten but the food that is digested and assimilated which is life-sustaining and strength-giving. When the stomach is "weak," the food is imperfectly digested and the body as a consequence, is insufficiently nourished. No fat can be put on the body until the nourishment derived from food exceeds the daily requirements of the body in wear and waste of tissue. When the stomach is "weak," the nutrition falls below the daily requirements of the body. Then from lack of nutrition other organs become "weak" and as a result of "weak" stomach we have "weak" lungs, "weak" heart, "weak" nerves, etc.

The cures of "lung trouble," "heart trouble," "liver trouble," "nerve trouble," and "blood trouble," accomplished by the use of Dr. Pierce's Golden Medical Discovery, are due to the fact that this medicine acts directly on the stomach (and the nutritive and digestive system), removing obstructions to its activity and health, and enabling it to supply the body with the necessary nutrition. Thus every organ is properly fed and surely strengthened. "Golden Medical Discovery" is not a cure-all. It is a medicine for the stomach and organs of digestion and nutrition. It cures diseases remote from the stomach because diseases which originate in the stomach are cured through the stomach. It cures many forms of disease, because many forms of disease have their origin in a diseased condition of the stomach.

The "Discovery" increases the blood supply in the possible, creas- only way by in- ing

the of the nutrients from made, and increasing the activity of the blood-making glands. No medicine can make a drop of blood. No medicine can add to a man's strength more than to his stature. So-called "strengthening" medicines are simply stimulants. All strength comes from food and it is by enabling the body to assimilate the food values that "weak" lungs, "weak" heart, "weak" nerves, and other maladies are perfectly and permanently cured by "Golden Medical Discovery." It is a temperance medicine containing neither alcohol nor narcotics. There is nothing just as good as "Discovery."

**"I Gave Up in Despair."**  
"For seven years I suffered with a complication of diseases including heart trouble, dyspepsia, catarrh of the stomach, and female weakness, writes Mrs. Harrette Martin, of Pella, Boone Co., Ark. 'During that time I think I suffered all that human flesh could suffer. I was never without pain. Was just dragging around, and was unable to do anything at all. In the summer of 1893 I was obliged to go to bed. Had smothering spells and a great misery in the lower bowels, and a very severe cough. I was treated by three of the best doctors this country affords. I could not sit up only as I was propped up in bed. I would take one-half pint of cough medicine a day. Finally the doctors said I had consumption in the last stage and that I was bound to die, so I gave up in despair. My husband then bought me a bottle of Dr. Pierce's Golden Medical Discovery. I could tell my cough was better after the first dose. I continued his medicine until I had taken six bottles of his 'Golden Medical Discovery' and 'Favorite Prescription.' Now I do my own work for my family of four."
