MUSICAL ALLIANCE.

Much Progress Is Being Made by an Enthusiastic Class.

Special to the Scrar ton Tribune. Factoryville, Feb. 7 .- Today, the third day of the alliance, marked a great advancement by the class, which one of the largest ever had at an Intermediate session. The class numbers about sixty-five members, and under the efficient direction of W. N. Manchester is making very rapid progress in the different music which he has placed before them. Mrs. Laurela Smith, of Laceyville, the leading soloist, is here and has already endeared herself to the class by her

pleasant manners and sweet voice, Among those from out of town that ere in attendance are: Mrs. Louella Smith and daughter, of Laceyville: Frank Bafley, Miss Frances Northrup and Mrs. Benjamin Wheeler, of Clark's Green: W. E. Hobbs and N. B. Philof Fleetville; Mrs. W. A. Dean, of Dalton; Mrs. A. L. Thayer and Mrs. Llewellyn Shields, of Nicholson: Rev. M. J. Watkins and family, of Hall-

#### WYOMING COUNTY.

Special to the Scranton Tribune.

Tunkhannock, Feb. 7 .- The threestory brick building at the corner of Tioga and Bridge streets, in this borough, is one of the oldest brick buildings of the town. It was built by Henry Stark and is still owned by his estate. It has been occupied for a long time by R. C. Herrick and Herrick Brothers as a general store and is one of the most valuable business locations in town. The Stark heirs all live out of town and on that account the building has been allowed to gradually run down and get out of repair. James Stark, of Philadelphia, one of the owners of the property, was in town last week looking over the various properties owned by him here, and after seeing the condition of the building decided to put extensive repairs on it. In consideration of this action he thought that the rent of the building should be increased and, not being able to come to a satisfactory agreement with the present lessors, rented to L. Hilkowich for a term of years and Mr. Hilkowich will move a part of his stock from its present location on South Tioga street into the Stark building as soon as the repairs are completed. The Herrick Brothers, not being able to find a satisfactory location, purchased the vacant lot on the opposite corner and will erect a modern three-story business block, with store rooms on the ground floor and offices on the upper floors. This lot belonged to the Nicholson estate and has always been valued by them at \$4,000 and the price has kept the lot vacant. With a modern building erected on this lot and the opposite corner improved and modernized, that section of town will present a vastly better appearance. L. G. Stephens, one of the prominent

business men of Nicholson, was in Tunkhannock on Wednesday.

C. A. Little, esq., is in Weatherly. Carbon county, engaged in taking testimony in the suit of H. A. Muck vs. W. E. and J. M. Keifer. The sult is over an alleged infringement of a patent on silk bobbins owned by the plaintiff. Miss Ruth Sickler arrived home yesterday afternoon from Ithaca, where she has been for several months.

The Ladies' Aid society of the Baptlat church held a meeting at the home of Mrs. Koehler, which was well at-

tended. Within a few weeks Mr. A. C. Crossley has shipped eight carloads of roller blocks to Europe.

The fifth month of school closed last Thursday. The record shows that the average attendance of the upper grade is 95 per cent. Misses Zena VasBinder and Edith Sherwood have been present every day.

That we do not appreciate a good thing until deprived of it was demonstrated at Mr. Angus Smith's home the last week. Their house has been heated by steam for some years, but they were surprised on one of the coldest nights to find that the heater failed to do its work. A man from Carbondale was summoned, but satisfactory arrangements were not made. Then Mr. Spencer was called and it was found that a new heater was required. Mr. Fred Salsbury came and put in the new "Spencer heater." Mr. Smith's people speak in the highest terms of its work. With the old one the house was cold in the morning, but now an even temperature is maintained

throughout the night. Miss Kate Lyden, of Thompson, spent Sunday with her friend, Miss Mary Curley.

Miss Louise Strong, who has been sick with a severe cold, is able to be out again. Mr. Prescott, of Lakeview, was

town last week. Mr. Crosler, of Thompson, is very busily engaged introducing his new gas light in town.

This is no visionary dream of an imaginative power crank. Its source is authentic and it will develop into something big, and that in the very tions, etc. pear-future.

The promoters of the scheme are sanguine of success. After a year's work, a plan has been hit upon whereby the greatest amount of power may be derived at a minimum cost.

To be specific, the plan is to develop from the Whiripool Rapids 250,000 elec-trical horse power at a figure within or at least not exceeding the one mil-

The steady drizzling of the morning turned into a pouring rain in the after-noon, which kept up without cessation until long after nightfall, and probably not over three or four thousand people took the opportunity to get a last look at the dead Democratic lead-Many of these were country people, and probably half of those filed past the casket were women. The floral offerings were magnificent. Nearly every county was represented.

There was no excitement whatever in the city. Adjutant General Collier this morning gave orders that all the soldiers be withdrawn from the city to the capitol grounds. This was done to avoid any irritation which the presence of the state troops might have on Governor Goebel's friends. Even the provost guard was withstawn, while all passes were suspended, not even the commissary sergeants being allowed to pass the gates of the capitol grounds to procure needed supplies for their men. These orders wil remain in force until Friday. As a mark of respect to the memory of Governor Goebel, all drills were suspended for today and tomorrow.

#### Funeral Arrangements.

The funeral services of the late Governor Goebel will commence at noon omorrow in the parlors of the Capitol The services proper will be preceded by a short procession in the streets of the town. The procession will be headed by a platoon of police, the city officials, city councils, the grand marshal and his aides and will be followed by a band of music, secret societies, citizens on foot and the honorary pall-bearers in the order named Then will come the hearse with the active pall-bearers walking by its side. these to be followed by the relatives, members and officers of the legislature officers of state, judges and officers of courts and friends in carriages, in the order named. Following these will come citizens on horseback.

After brief services in the hotel parfor and at the cemetery, brief addresses will be made by Senator Blackburn. Governor Beckham, ex-Governor Mc-Creary and others. Immediately after the benediction the procession will return to the square in front of the Capitol hotel, where it will disband. There will be no interment tomorrow, the body being placed in the vault to await the selection of a suitable site for the grave and monument which is to be erected later.

### THE MARKETS.

Wall Street Review

New York, Feb. 7.-The stock market today afforded a striking demonstration of the weakness engendered by a supreme and violent advance in prices and the reckless and speculation ventures thereby invited. The professional bear operators found an easy prey in the swarm of speculators who have been buying stocks for a week past on margin with borrowed money. In the latter en, are guests at the home of Mrs. L. part of the day the bears swooped down upon the market, offering prices down with apparent recklessness and playing havoc with speculative accounts held on narrow margins. The closing was rather feverish at notable recovery from the lower level and at mixed changes. Total sales today \$41,500 shares.

The market for bonds continued active, but price changes were small. Total sales par value, \$3,235,000. U. S. old 4s coupon advanced 14 in the bld price.
