There's a Charm

New Silk Waists

For ladies' wear, that words can never convey. The elaborate trimmings in cordings, manifold tucks, lace inserting and edging, pleating, cord waves, etc., afford such an infinite variety of styles that duplicating is entirely unnecessary, while commonness is not to be thought of.

Another Strong Point

Lies in the fact that buying is safe this season. The wide stripes, plaids, checks, etc., of other days have disappeared entirely from fashion's realm, solid colors taking their place. Amon: the more popular shades are automobile, apple gree , pink, Nile, violet, several blues, greys, lavender, rose, etc., etc.

These Shades Come in All Qualities

And as there are several hundred new waists to choose from, it is all but impossible that intending buyers can fail to be suited.

Just one word on fitting. The question of a perfect fit is no longer worth considering. We can accomplish that without the slightest trouble and please you better han if you went to the expense of having your new waist made to order.

Perfect elegance may be obtained. Highest grade Silk Taffeta Waists for \$12.50, \$10.00, etc., but if that's too rich, all of fashion's requirements, with quality enough for most people, may be had for, say \$6.50, while some very smart waists, of excellent workmanship and materials, come in such popular prices as \$4.98, \$4.49 and downward. Don't let the price bother you, therefore, for we can accommodate you at any and every point.
