

EVENTS OF DAY IN WEST SCRANTON REPRESENTATIVE FARR WILL SEEK RE-ELECTION.

He has Announced His Candidacy for the Republican Nomination in the First Legislative District—M. E. Sanders and Benson Davis Also Mentioned—Tin Plate Will Not Be Located in Keyser Valley. Woman in Black Re-appears—Other Matters of Interest.

Hon. John R. Farr, the present representative at Harrisburg from the First legislative district, has announced his candidacy for re-election on the Republican ticket at next fall's election. He is now serving his fifth term in the legislature and is at present speaker of the house.

It is also said that M. E. Sanders will be the candidate for the nomination from the North Scranton section and already has the unanimous endorsement of the party in that part of the First district.

Benson Davis, ex-school controller from the Fourth ward, is mentioned as the Democratic aspirant for the nomination.

THE TIN PLATE INDUSTRY. The natural industrial advantages of the Keyser Valley and the efforts of the local board of trade to raise subscriptions for the proposed tin plate industry will count for naught in the location of the plant, as it is practically understood that the site has been determined upon elsewhere.

The Diamond Land and Improvement company, which controls the tract of land known as the Diamond flats, have been the most formidable competitors for the plant, and it is thought secure. It is stated that \$10,000 will be invested in land for the site.

Several thousand dollars were pledged by West Scranton people, but the amount was not sufficient to insure the location of the plant in the Keyser Valley.

WOMAN IN BLACK AGAIN.

A report comes from the Keyser Valley again that the "woman in black" is making her appearance in the vicinity of Cameron avenue and Jackson street. A few nights ago a young couple were taking a stroll by the light of the moon, when suddenly an object attired in black crossed their path and nearly frightened them out of their wits.

When the young man recovered him-

self he started in pursuit, but lost track of the object, and incidentally lost his companion, who had skipped for home in the meantime. It is generally believed that the "woman" is some practical joker, who disguised himself for the purpose of having some fun with the young man.

ATTRACTIONS FOR THE FAIR. Tomorrow evening St. Leo's battalion will visit the fair at St. Patrick's church and conduct affairs for the evening. The Glee club, under the direction of Prof. John T. Watkins, is expected to sing and this attraction in itself is sufficient to insure a large gathering.

Another feature of the entertainment will be the appearance of Martin Ross, the five-year-old son of John Ross, of sixteenth street, who is said to be a prodigy in the way of singing and cake-walking.

A fair-sized crowd was in attendance last evening and a number of valuable prizes were handed off. Piano selections were rendered by Mrs. Sullivan and a large number of tickets were sold on many of the articles to be disposed of.

Two Men Were Run Into. Neither of Them Received Injuries of Consequence. About 2 o'clock yesterday afternoon two men, in getting off a street car on Lackawanna avenue, near the Scranton house, slipped and were run into by a barouche passing by. In a moment a crowd gathered and it was thought that both of them had been badly injured.

The Lackawanna hospital ambulance was called and took one of the men to that institution, it being found that the other had no visible injuries. When the man, who was supposed to be hurt, however, arrived at the Lackawanna hospital, it was seen that he too had no apparent hurts, and he was immediately discharged. The men were Patrick O'Farrell, of Wilkes-Barre, and Michael Wier, of Phelps street. Last night Wright, the driver of the carriage, was arrested. He will have a hearing today.

Harry Jordan, arrested Tuesday by Detective Moir on the charge of larceny, was yesterday given a hearing by Alderman Miller.

He had gone there and borrowed it for the nonce from Mrs. Sullivan. He did not, however, return it and this resulted in the swearing out of the warrant.

After hearing the testimony the alderman committed Jordan to the county jail in default of bail.

HELLO ORDINANCE IS RESURRECTED

[Concluded from Page 6.] Seventh ward, for damages, asked for time to visit the premises, promising to report at the next meeting. A note from the Green Ridge Women's club was transmitted by the mayor, inviting the council to attend a public meeting at the board of trade rooms, February 16, to listen to New York experts on the subject of sanitation.

TRANSFER OF ACCOUNTS. An ordinance was introduced by Mr. Roche, authorizing the city controller to make sundry transfers from special city accounts which are settled, and in which there remains a balance, to other sundry special city accounts, and the judgment and incidental fund.

The ordinance transferring \$107.88 to make up the back pay of Permanent Man Edward Petherick, of the Columbia company, passed second reading.

Mr. Melvin's ordinance, requiring the mayor to give a \$10,000 bond, passed third reading.

On motion of Mr. Sanderson, the city solicitor was instructed to report on whether or not the Nay Aug park deed will prevent the city from granting the franchise prayed for by the New Nay Aug Railway company.

IN THE COMMON COUNCIL. License Tax Ordinance Called Up But Not Considered.

The license tax ordinance was called up for second reading in common council last evening, but it was at the tag end of the meeting and nearly half of the members had departed there several ways, perhaps with a premonition of its coming up and a desire, if so, to break a quorum.

Mr. Calpin, who called the measure up, when he saw there were so few members present, moved to adjourn just as Mr. Keller was introducing an amendment, striking out the clause taxing the street railway company \$100 for each car and inserting the following clause in its stead:

Every passenger railway, traction or other company operating a passenger railway shall pay to the city treasurer a license tax as follows: For the fiscal year of 1900, 2 per cent of their gross receipts; for the fiscal year 1901, 3 per cent of their gross receipts; for the fiscal year 1902, 4 per cent of their gross receipts; for the fiscal year 1903, and each and every year thereafter, 5 per cent of their gross receipts per annum.

The motion to adjourn prevailed and prevented further consideration of the measure.

VETO FROM THE MAYOR. A communication was read from Mayor Moir vetoing the joint resolution directing the public building committee and the mayor to dispose of the property on that portion of Wyoming avenue about to be opened up, stating that such action might conflict with the award of the viewers.

A motion to pass the resolution over the mayor's head was lost, and finally the select council resolved, directing the city solicitor and the public buildings committee to dispose of all property in this place belonging to the city was passed.

Mr. Harvey introduced a rather unlooked ordinance, which, in accordance with a petition early this week long requesting its adoption. The ordinance prohibits the sale of chickens, ducks, turkeys, wild game and other poultry which has not been fresh drawn and the heads of which have not been removed.

Mr. Tewkesbury introduced the ordinance providing for the suppression of speak-easies, and it was referred back to the special "speak-easy" committee. The ordinance gives the mayor or any alderman of the city authority to issue warrants for the arrest of all keepers of unlicensed houses and provides a penalty of from \$10 to \$50, at the discretion of the magistrate.

Other new measures introduced were as follows: By Mr. Harvey—Establishing the grade of Capouse avenue between Larch and New York streets.

By Mr. Wenger—Providing for an electric light at the corner of Fairview avenue in the Fourteenth ward.

PASSED THIRD READING. The following ordinances passed third and final readings: Establishing grade of Wyoming avenue between Pine and Ash streets; providing for three electric lights in the Tenth ward; providing for the construction of the Schultz court sewer system; prohibiting children from jumping on moving street cars and providing a penalty for a violation of the provisions of the same; providing for the erection of an electric light at the corner of Monsey avenue and Walnut streets; providing for a sewer system on that portion of Wyoming avenue to be opened up.

A resolution introduced by Mr. Harvey was adopted granting permission to the Lackawanna Iron and Steel company to connect its property with the Cherry place sewer.

The claim of the Abington Turnpike company against the city, amounting to \$190, about which there was so much wrangling last Monday evening, was presented for consideration by the city as a special committee consisting of Messrs. Tewkesbury, Grier and Godshall to act in conjunction with the city solicitor.

There's a Charm in the New Silk Waists For ladies' wear, that words can never convey. The elaborate trimmings in cordings, manifold tucks, lace inserting and edging, pleating, cord waves, etc., afford such an infinite variety of styles that duplicating is entirely unnecessary, while commonness is not to be thought of.

Another Strong Point Lies in the fact that buying is safe this season. The wide stripes, plaids, checks, etc., of other days have disappeared entirely from fashion's realm, solid colors taking their place. Among the more popular shades are automobile, apple green, pink, Nile, violet, several blues, greys, lavender, rose, etc., etc. These Shades Come in All Qualities And as there are several hundred new waists to choose from, it is all but impossible that intending buyers can fail to be suited. Just one word on fitting. The question of a perfect fit is no longer worth considering. We can accomplish that without the slightest trouble and please you better than if you went to the expense of having your new waist made to order.

Now as to the Prices Perfect elegance may be obtained. Highest grade Silk Taffeta Waists for \$12.50, \$10.00, etc., but if that's too rich, all of fashion's requirements, with quality enough for most people, may be had for, say \$6.50, while some very smart waists, of excellent workmanship and materials, come in such popular prices as \$4.98, \$4.49 and downward. Don't let the price
