AN EXPERIENCED EXPERT NEEDED.

AN EXPERIENCED EXPERT NEEDED.

Let us drop all figures of speech and face the facts frankly. Here are thousands of people suffering from disease of one form or another. The cry of the sufferer is for some one to lead him out of this desert of disease into the promised land of health. Here is Dr. R. V. Pierce, of Buffalo, N. Y., who has a record of more than a quarter of a million of cases and os out of every hundred led to perfect health. An experience of thirty years as chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., guarantees him to be familiar with every phase and form of disease.

to be familiar with every phase and form of disease.

But consumption! Is that cured too by Dr. Pierce's medicines? Among the hopeless (so-called) cases were those who had the night-sweats, the hectic flush, the hacking cough, the racked lungs, and the emaciated, or wasted body, which are accepted symptoms of consumption. Their home physicians said they had consumption. They also said that their days were numbered. Yet these same people treated years ago, have lost the night-sweats, lost the lung pains, lost the cough, have regained their normal weight, and are living right along in the hearty enjoyment of a healthy, happy life. They cat well, sleep well, and enjoy life. Perhaps they are not cured. Perhaps their days are numbered. But if the number is three score and ten and they live a life

life might as well end by consumption as by any other disease. Dr. Pierce's Golden Medical Discovery has produced such results in thousands of cases.

iuits in thousands of cases.

Mr. John G. Born, 200 Liberty Ave., Pittsburg, Pa., writes: "Some thirty months ago I said to my wife. I don't want to keep anything from you. I must tell you I am in the last stage of consumption." In December, 1866 I commenced taking Dr. Pierce's Golden Medical Discovery. I could then only speak in whispers. I have taken thirteen bottles, and can say with truth I am greatly benefited. People are surprised to hear me speak. I can halloo, and my voice has not been as good in eight years. My stomach was never in better condition. Formerly I could not tat without suffering very much immediately after, but now I can est anything. I am also greatly relieved of that distressing suffocation. "Three months ago I was talking to a man it the shop when another person, who overheard me was greatly surprised that I could speak so loud, as, for three years I could not speak above a whisper."

"I had bronchitis for eighteen years and I was treated by three physicians but all failed," writes David Wartzenluff, Esq., of Shoemakers-ville, Berks Co., Pa. "They told me there was no cure for me. I suffered from indigestion, and tlso from constipation; became very weak. I hen used Dr. Pierce's Golden Medical Discoviry and 'Pleasant Pellets,' and was entirely cured. When I commenced taking these medities I weighed one hundred and thirty pounds, now I weigh one hundred and thirty pounds, now I weigh one hundred and seventy-two, and enjoy good health for one of my age. I am seventy five."

"As you know, five years ago the doctors had given me up to die with consumption,' writes Mr. E. G. McKimey, of Deepwater, Fayette Co., W. Va. "I took treatment from Doctor R. V. Pierce, and am entirely well now. I have taken steadily, as directed, his 'Golden Medical Discovery."

Wall Street Review.

New York, Feb. 10.—The movement of prices on the Stock exchange had little significance today as operations were largely continued to the closing up of contracts by the professional element. There was a continuation of realizing sales at the opening in spite of the tranquility with which the latest news from South Africa seemed to be accepted by the London market. The raily in the market after the bank statement appeared made it evident that part of the selling had been for short account in anticipation of an unfavorable statement. The raily did not mean necessarily that the statement was considered favorably but simply that the bears desired to cover their short contracts before the two holidays pending. There was rather acute weakness at times in St. Paul. Missouri Pacific. Western Union, Burlington and Sugar. The movement of prices was rather creatic, but the net changes on the day are small and mixed with the majority on the side of losses. Silky Cotton Foulards

We give first showing today to a very beautiful lot of Cotton Foulards, that are specially treated to a mercerized process, giving them every appearance of silk. All of the rarely exquisite patterns that appear in the richest of silk foulards are copied into these daintu cottons. The colors are mostly blue and lavender grounds, with white figures and designs. A very large purchase makes their special price.

15° yard.

As you observe them in the Wyoming Avenue entrance window. you'll pronounce them silk, and worth the price of silk.
