## **ESTIMATES FOR NEXT FISCAL YEAR**

WERE SUBMITTED TO SELECT

He Estimates That the Total Revenue of the City for the Year Will Be \$311,925-Estimates Sent in by the Heads of the Different Departments Show That the City Will Need \$368,769.10 to Pay the Running Expenses of Its Departments During the Next Year.

Following are the estimates of the ity controller and the heads of departments for the next fiscal year, which were submitted to the select

Scranton, Pa., Feb. 16, 1900. To the Honorable the Select and Com mon Councils.

Gentlemen: I estimate that the revenues for the fiscal year, commencing April 2, 1900, which can be used for general city purposes, will be as follows:

From a ten mill levy
tax on valuations, \$229,941 77

Less for exonera-tions and commissions .....

From liquor license ...... \$ 67,000 00 From building permits...... From street commissioner's 2,000 0 From board of health de-3,000 00 From miscellaneous .... From surplus revenues of 1899 (estimated) ......

MAYOR'S DEPARTMENT. Salary of mayor, per annum .. \$ 2,500 00 and chief of police..... Stationery ...... Incidentals ...... Printing and postage...... Telephones .....

tion be made for the purchase of a new safe for this department. This matter has been before the estimates committee for the past six years, but no pro-vision was made. It appears to me to be an absolute necessity and should be provided for. In the event of file of common coun-cil, No. 61, 1899, providing for the levy and collection of a license tax, becom-

ing operative, the following additional appropriations will be required: Clerk hire ......\$ 1,200 00 License tags ..... 300 00

Book notices and advertisements .....

\$ 1,600 00 Respectfully submitted, E. Robinson, City Treasurer. CITY SOLICITOR'S DEPARTMENT. Salary of city solicitor.....\$ 2,000 00 Salary of assistant solicitor... 1,200 00 Salary of stenographers..... 300 00 Incidentals ..... Supreme court expenses.....

In my estimate I have asked for an and for allowance for a stenographer Notwithstanding the fact that the work of this department has been grow-ing rapidly, both in volume and importance for many years, the salary of the assistant has not been increased at all; and while councils no doubt con-template that the work should largely be done by the city solicitor, experi-ence has demonstrated the fact that it is an absolute impossibility for him to do so. He must necessarily spend much of his time in the defense of the city against damage suits, which are being constantly brought against her, and hence much of the office work devolves upon the assistant, who is obliged to work very hard. The increase asked for is fully earned by Mr. Davis, and I hope it will be allowed. I have also asked for an allowance for a stenographer, and it will readily be seen that it is almost indispensible that there should be a stenographer to do the necessary work in the preparation of briefs, contracts, depositions and the like. It is also an advantage to have some one in the office while the solic-itor and his assistant are engaged in court, so that the office will be opened

to the public at all times during business hours. The amount of these salaries will be saved to the city by the efficient service of fairly paid efficient persons.

Very respectfully submitted,

A. A. Vosburg, City Solicitor.

MEETING OF THE POOR BOARD Movement on Foot for Building of

New Conservatory. At the regular meeting of the poor board, held yesterday, the Home committee reported the purchase of a fire prosecute the appeal. pump for the Hillside Home, which action was approved by the board there not having been sufficient protection against fire prior to this. About 600 feet of hose were purchased a short time ago and now the place is fully

equipped to meet any blaze. There was considerable talk at westerday's meeting about the construction of a new conservatory for the inmates of the Hillside Home, on account of the old one being fairly in ruins. A building of this nature is of inestimable value, as the culture of plants and growing of vegetables occupies the minds of the inmates and diverts their attention from their un-

fortunate plight. The motion was referred to the Home committee, which was instructed to advertise for bids for the construction robbery of a paymaster, all of which, of a conservatory, with the understanding that none be accepted unless approved by the board. Interesting Case Discontinued.

Attorney George W. Beale will not be called up for sentence today, as expected. Court has reinstated the rule for a new trial, which was discharged Wednesday, and, at a time, to be later on fixed by the court, a hearing will be

When court heard the story in full it decided that the action of the council was unwarranted and issued a mandamus, directing the council to seat Bergan. The argument will likely take place some time week after next. To clear himself not only legally but morally, Mr. Beale proposes to make good the \$1,500 which he is accused of embezzling. The question in the case was whether Mr. Beale invested this money for himself or for Mrs. Meade. The prosecution held that he invested it for himself in a coal company of which he was a promoter. He held that he invested the money for Mrs. Meade and at her request.
