ST. PATRICK'S CHURCH FAIR.

A large crowd attended the fair at St. Patrick's church Saturday evening. notwithstanding the inclemency of th weather, and enjoyed a varied program of instrumental selections given by the Ancient Order of Hibernians' band, of Dickson. A number of valuable prizes were disposed of during the evening and many chances were taken on other articles.

Tomorrow evening will be St. Brenden's council night and, judging from the expressions of the institute books it will be a bigger night than was last Thursday evening, when the Darktown brigade was very much in evi-

Prizes will be awarded to the handsomest young lady in attendance and the homeliest non and other prizes will be given to the tallest and shortest men, the lady enrolling the highest number of chances and the gentleman taking the most chances on the various articles.

When the members of St. Brenden's council attempt anything it is invariably successful. An evidence of that fact was given in the plum tree festival which was held in Mears' hall last fall. They promise the patrons a good time at the fair tomorrow evening.

SATURDAY NIGHT'S FIRE.

The alarm of fire sounded from box 14 shortly after 8 o'clock Saturday evening was caused by the discovery of tlaunes in a hennery owned by John Pinko on the Love road, in the rear of E. Robinson's barn. A quantity of hay was destroyed and a cow had a narrow escape from death in an adjoining shed.

A wedding celebration was in progress in the house at the time and it is intimated that a rejected suitor started the fire to avenge himself on the parents of the bride. This theory, however, could not be verified.

Mr. Frederick Davis, of 505 Sumner avenue, engineer at the Lackawanna Iron and Steel Co., says: "For two years there was a gnawing pain across my back which bothered me at night more than any other time. I had to lie in just such a position in order to take any comfort or enjoy my night's rest. If I was not careful in turning over, sharp twinges would catch me in the back and disturb my rest, so that I got up in the morning tired and with my back so lame and sore I could hardly move about. The secretions from the kidneys were highly colored and contained sediment. One of the men at the works recommended Doan's Kidney Pills to me, saying they had helped his father when everything else had failed. I sent to Matthews Bros. Arug store and got two boxes. Gradually the pain in my back began to leave me and when I had used the two boxes it disappeared completely.

DAY'S DOINGS IN **DUNMORE BOROUGH**

TOMORROW IS THE DAY OF ELECTION.

It Is the Day for Republican Voters to Vote for Their Party Candidates-Charles Russell Honored on His Seventieth Birthday-Unclaimed Letters at the Post Office. Pleasing Recital in the Presbyterian Church-Teachers' Institute-Other News Notes.

Auditor-Thomas Sansenbaugh.

Tomorrow is election day in this borough and it is the duty of every Republican voter to present himself at the polis and vote for the ticket as given above. A number fall to realize the importance of casting their ballot at the polling booth, if their actions and boasts of past years may be relied upon. The mere fact that : voter will stay away from casting his vote stamps him at once as one who is not interested in the welfare of his residing town.

This has happened in previous years and happened with such startling plainness at the nomination of candidates last month that it is hoped that at least all the registered voters of the borough will turn out and vote. Vote for those whom you know will honestly and conscientiously represent you in borough matters, remembering that the burden imposed by unscrupulous councilmen, school directors, etc., must surely fall on the voters themselves.

CHARLES RUSSELL HONORED. Saturday was the seventieth anniversary of the birthday of Charles P. Russell, a prominent resident of this borough, who has resided on North Blakely street for over ten years. His friends and neighbors planned for a general surprise, and on Saturday evening, loaded with good things to eat, they succeeded in successfully accomplishing their object. A most pleasant time was spent so-

cially and later the heavily laden baskets were opened and refreshments mingled with their mirth and merry making. At this juncture Earl Bishop arose and said in part: "Mr. Russell, seventy years ago you began the struggle for existence and like most of us have encountered many storms and a few glimpses of sunshine. It was a bright period when you married and in your wife and companion are embodied true womanhood. I am sure you appreciate her worth as do we, her friends and associates. It was a dark and cloudy period when you left her to defend your country, and it has been clouds and sunshine alternately along the way. It must be pleasing for you to be unexpectedly surrounded by so many friends. We have come tonight to seat you, and it is most gratifying to me to be chosen as the medium of bestowing this handsome kle, 'May you live long and happy.'

Joseph Snyder's Narrow Escape Interesting Debate-Funeral of Mrs. Chappell-Notes.

Joseph A. Snyder, of 441 Ninth street, had a narrow escape from severe in jury on North Main avenue yesterday afternoon shortly after 5 o'clock. With a companion he was coming to this see tion, intending to get off the car at Oak street. Each carried a violin. As the car neared that street Snyder and his companion arose and made for the platform. Snyder had barely stepped on the platform when the car gave a quick lurch on the sharp curve just beyond Bright's carriage works and be leather rocker as a memorial of friend-ship and esteem in which you are held upon the southbound track. The force of his fall rolled him over and over smashing his violin case, and injuring one of his hands slightly.

Otherwise he was unhart, from all appearances, and with his companion, who returned when the car stopped near the Square, he went on his way The strange part of the affair is that the conductor of the car did not stop it until he had gone more than a block. and then failed to come back and learn anything concerning his hapless pass-Snyder's companion said be enger. said he had no time to go back. A down car usually passes at this point, but its earlier passing saved Snyder from a far worse mishap, if not death, A safeguard that the company could take would be that of ordering the gate on the danger side of all cars closed as soon as this piece of double track is

SECOND OF THE SERIES.

The second of the series of debates which Professor Kemmerling has arranged for the night school scholars of No. 25 school was conducted last Fri-day evening. Aside from the debate, a musical programme of rare merit had been prepared for the occasion. Artists of such local renown as Mrs. D. D. Lewis, Hector Davis, David Price Evans, William Evans, David Vaughn, Sidney Williams and Professor Kemmerling contributed largely to the success of the evening.

The entertainment was followed by the debate on the subject: "Resolved, That Scranton should own its own water works." The affirmative was represented by David Williams, James Lewis and David Hill, while the negative was looked after by Edward Lewis, Andrew McGurrin and David Jones. The question was argued pro and con and in such a way as to elicit the applause of those present. After a prolonged argument on the subject. the decision rested with the judges, were John Dixon, David P. Evans and Hector Davis. They decided in favor of the affirmative. The programme was concluded with singing the "Star Spangled Banner" by William Evans and school.
