During the early part of October, 1896, I contracted a bad cold which settled n my lungs and was neglected until I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expel something which I could not, I became alarmed and after giving the local doctor a trial bought a bottle of Chambertain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state.- Is.
