THE SCRANTON TRIBUNE-MONDAY, FEBRUARY 26, 1900.

NORTHEASTERN PENNSYLVANIA

LADY PREACHER WON.

She Held the Parsonage on Account of Failure to Give Notice.

Special to the Scranton Tribune. Towanda, Feb. 25 .- Wednesday afternoon closed an interesting case that occupied the attention of the court and jury for three days last week, ending with a verdict favoring the defendant by direction of the court. It was the suit of J. R. Hay, trustee, against Sophia Hottenstine. In 1897 Mrs. Hottenstine, who was a licensed preacher of the Protestant Methodist church. was engaged to preach for one year in that denomination's church at Sil-vara, and was allowed the use of the parsonage as part of her salary. In the spring of 1898 Mrs, Hottenstine resigned from the conference and no longer acted as pastor, but refused to give up the possession of the parson-age. A sult was brought before a justice of the peace, who gave judgment in favor of the church trustees, and a constable was ordered to set Mrs. Hottenstine's goods outside.

The case was afterwards appealed to court, later heard before arbitrators brought into court. Judge and finally Fanning, in instructing the jury to find for the defendant, stated that while equinties of the case were with the plaintiff all the way through, under the act of the legislature the church authorities were compelled to on record. give a three months' notice to vacate. For three years the church has had possession of its house and the matter is now legally settled. The judgment was for \$1.

BRADFORD COUNTY.

ALL A MISTAKE.

But a Mighty Serious Fact Just the Same

There is a story of a man who was put in public pillory because he couldn't pay a small debt. An anxious friend came to inquire about the circumstances and then exclaimed argumentatively .--"Why, goodness gracious man, they can't put you in the pillory, just for debt !" "Perhaps not," replied the victim of mistaken justice; "but here I am.

The scemingly impossible often comes true. If a man should tell his friends that he was dying of indigestion many of them would exclaim: "Why, man, indigestion isn't a killing complaint!" His all suff-

true. If a man should tell his friends that he was dying of indigestion many of them would exclaim: "Why, man, indigestion isn't a killing complaint!" His all-suffi-cient answer would be, "It is killing me." The fact is, indigestion in the full sense of the term is the most killing of all com-plaints. The worst discases that flesh is heir to, have their beginnings in bad diges-tion. People who die of wasting illnesses and blood diseases are simply starved to death because the stomach and blood-mak-ing glands don't furnish sufficient nourish-ment to feed the constitution. Most of the people who die of consumption die because their lungs can't get enough good blood from the digestive organs. When these fail to do their work and a torpid liver allows the circulation to be-come choked up with bilious poisons, the whole system is laid wide open to every form of malignant and fatal malady. People by hundreds write every day to Dr. Pierce, at Buffalo. N.Y., declaring that his "Golden Medical Discovery" has cured them of some dangerous illness that the doctors could not master : yet all that this "Discovery" does is to enable the diges-tive and nutritive organism to make good blood, and gives the liver power to keep it pure. Nature does the rest. An instance of how the digestive organ-

pure.

An instance of how the digestive organ-ism affects the whole body for good or evil is shown in the case of a hitle girl living in Chase (Chase Co.), Nebraska. Her father, Mr. C. C. Rummell, in a grateful letter to Dr. Pierce writes:

Chase (Chase Co.), Nebraska. Her falher, Mr. C. C. Rummell, in a grateful letter to Dr. Pierce, writes: "In February, 1595, our little girl had a severe attack of grip. It settled in her stomach, caus-ing inflammation of stomach and boweis. We had two doctors who gave up the case: the third relieved her; but September found her helpless, in fact a mere skeletou. Our doctor being fifteen miles away it was almost impossible to go to him once a week, so concluded to try Dr. Pierce's Golden Medical Discovery and 'Pleas-ant Pellets.' Nine bottles cured her. Our bill to other doctors was one hundred dollars, and to Dr. Pierce, only nine dollars." A new lease of life is given by this mar-velous "Discovery '' to all who are victims of mal-nutrition. It creates a vital activity of the entire system which promotes the elimination of poisonous disease germs and wasted tissue and the rapid building up of solid, muscular flesh. L. S. Finney, Esq., of Amelia, Alleghany Co., N. C., writes : "After recovering from a spell of typhoid fever, I was taken with a terrible cough. After trying several remedies and all to no avail I decided to try Dr. Pierce's Golden Medical Dis-covery. After taking one bottle I felt greatly relieved, and after using seven bottles I was entirely cured. Dr. Pierce's medicine is all it is claimed to be. It is worth its weight in gold to suffering humanity." For thirty years Dr. Pierce has been chief

chaimed to be. It is worth its weight in gold suffering humanity." For thirty years Dr. Pierce has been chic consulting physician of the Invalids' Hot and Surgical Institute of Buffalo, N. Y where he has had probably a more exte-sive and practical experience in treatir obstinate chronic diseases than any oth physician in America. NO INTRODUCE our new Men's Tailoring Store, which is fast making friends, we shall make up to the first hundred men who come here on Thursday, Friday and Saturday of this week, just that number of Suits, at the remarkably little price of \$12.98.

And this shall serve as an illustration of the "eternal fitness of things." We shall prove to the carefuldresser that this is the right sort of a men's tailoring store. No argument is so good as a handsome suit, carefully made up, with perfect fit. It shall be the best advertisement of this store of ours.

One hundred specially purchased patterns are here for these one hundred suits at \$12.98-you may see them Thursday morning, not before.

Choose your own style of suit; double or single breasted sack, cutaway or any of the prevailing styles. The garment will be made up perfectly; we shall guartee the fit and the wearing qualities. We shall prove to you conclusively the difference between buying where you have redress in case you are not satisfied, as against questionable chances elsewhere.

Not until Thursday-remember-and then for three days.

E. E. Quinlan, of Sunbright, Tenn. is visiting his family in town. Thunder and lightning was noticeable

in the storm on Thursday. The genial salesman, T. W. Graham, representing Megargee Bros., of Scranton, was doing his Towanda customers yesterday. He is always a hustler among the business fraternity, but when a reporter overheard him conversing with an accomplished office lady in regard to his name being added to the "Old Maids" " club list of Towanda, we have concluded that he must have joined a bachelors' society. However, a date was fixed for his second business trip here, as he went gracefully from town in the afternoon on the Black Diamond express.

The case of Fred Newell, editor of the Dushore Review, vs. the former county commissioners of Sullivan county, to show cause why a writ of mandamus should not be granted to compel them to permit Mr. Newell to inspect the public records, books, documents, vouchers, order book with its stub, etc., was disposed of by Judge Dunham, who discharged the rule. Mr. Newell's principle was correct, but the case hung fire until after the officials had retired from office, and the court thought that the editor had shown no reason why he, as a private citizen, should make petition instead of the prescribed method through the district attorney or attorney general.

Chicago, Feb. 25 .- Major General Shafter did not make the expected visit to Sycumore today because of illness, the result of a severe cold contracted on an automobile ride. On Thursday a relative of his, Miss Sern, of 261 Fifty-third street, Chicago, took dinner with him at the Auditorium. and the general ordered an automobil to take them out to her nome. The ride out was all right, but upon returning with the horseless carriage the machine gave way about six miles out The general had the man engineering the wagon go to a house and see if he could telephone downtown, but he was greeted with, "We don't keep a public

telephone office." After trying several homes with the same success they gave | ture to represent said district and electthat up. Finally a policeman came along and word was sent downtown for an automobile to come out and get the general and he was landed at the Auditorium at 2 o'clock in the morning. The general immediately retired, but

on attempting to rise in the morning he found he could not do so. A surgeon was called and his brother in Sycamore telegraphed for. Upon the arrival of his brother James the general told his experience of the night before, saying: "I don't know what alled the thing.

They told me something did not come ; in contact. I know I did not come in contact with my hotel and came near catching fire two or three times. I tell you. I don't want any more automobile. The next time I go for a ride I want a horse."
