Fine Wall Papers

At Half the Regular Prices.

having finished our annual inventory of stock we find a lot of Remnants and small quantities, enough for one or two rooms of each, which we want to clear out to make room for larger quantities of other patterns, and offer them at half the usual prices while they last. This is a good chance to get real bargains in fine Wall Papers where small quantities are wanted. The variety of patterns and colors is large, but the quantity of each is limited. We want to get them out the store before spring trade begins.

MYSTERIOUS HOTEL FIRE.

Nearby & Jennings' Place Burned Out Early Saturday Morning.

The interior of Nearby & Jennings' hotel at 165 Wyoming avenue was completely gutted by fire at an early hour Saturday morning, and the senior member of the firm had a narrow escape from injury.

Mr. Nearby was asleep on the second floor of the building when the fire broke out and was awakened by the smoke in his room. Patrolman Penezy discovered the fire and gave the alarm.

The stock and fixtures were entirely destroyed and the building was badly damaged. Water also damaged a portion of the stock in the Newark shoe store and damages to the amount of \$100 were done in Kemp's photograph gallery.

The origin of the fire is unknown. The building is owned by Casey Brothers and is fully insured. The damage to the shoe store, photographer and hotel men is also covered by insurance.

TO PURIFY POLITICS.

The Redoubtable Detective Seidman Has Warrants Issued for Common Councilman E. J. Coleman.

Warrants were issued Saturday night in the office of Alderman Otto Myers, of the Second ward, for the arrest of Common Councilman E. J. Coleman, of the Sixteenth ward; Henry Wilson, of Halstead court; Anthony Scott, of 211 Raymond court, and several other laymen of the Sixteenth ward, charging Coleman with gaining his re-election at last Tuesday's election by illegal means, and the other defendants with accepting bribes. Detective Ike Seidman is the prosecutor.

It is also alleged that the registry list was padded. Detective Seidman is the man in whose possession the warrants now are. They will be served today, he says.

Detective Seidman, when seen yesterday, said:

"At this last election there was a general corrupting of the voters. Wholesale bribery was done, and the lower class voters of the ward were bought body and soul. We have plenty of evidence to back up our assertions, and intend having nineteen or twenty parties arrested. Why, on the face of it you can see something was wrong in this last election. Here is Theodore Fuller, a well-known popular young man, runs on the Republican ticket against Coleman, and in a Republican ward is defeated by the Democrats.

"The Sixteenth majority gives the Republican party a good majority, and in this case the ticket is split and Coleman elected by a big number of votes. It is a known fact that votes were bought and sold in a disgraceful manner, and we intend giving the ward a thorough cleaning, in this respect, and stop the wholesale bartering of manhood."

Councilman Coleman, when seen at his residence, said:

"The entire accusation is ridiculous. The fight was a fair and square one. Why, nearly all the election officers in both districts were Republicans, and if there had been any crooked work it would have been immediately detected. Far from going around looking for votes, I remained right here in my own district. I never came into the office of the Second Mr. Fuller's district, and I beat him out by sixty votes in his own home.

"As for the registry book being padded, that is only another ludicrous trumped-up accusation. The voters in this ward are in the main as straight and honest as in any ward in the city, and I emphatically say that all these charges are only so much tommyrot."

Scott and Wilson both emphatically deny being bribed, and when interviewed yesterday, said that he barely knows Mr. Coleman, and that while he had voted the Democratic ticket, it had been in a perfectly straight and honest manner. Further developments are expected in the case today.

JIM JUDGE'S VICTORY.

Scored a Knockout in Greater New York Saturday Night.

Jim Judge, the well-known Scranton welterweight, who has been figuring in several important matches in New York recently, added another victory to his string Saturday night at the Greenwood Athletic club, when he knocked out "Kid" Carter, of Brooklyn, in five rounds.

Carter was a pronounced favorite in the betting, but after the third round Judge had him going. The "Kid" is considered one of the best men in his class around New York, and the Scranton boy's showing will undoubtedly give him a place among the top-notchers of the profession.

Judge has already fought "Mysterious" Billy Smith and Joe Walcott, who are matched to go twenty rounds at the Broadway Athletic club next Friday night. He made an excellent showing against both of these men.

THREE WORKMEN OVERCOME.

They Were Repairing a Gas Pipe on Lackawanna Avenue.

Saturday afternoon the sidewalk in front of Krotosky's store, on Lackawanna avenue, gave way and caused a cave-in. It was due to the walls on which the iron supports of the flag stone were imbedded crumbling and allowing displacement of the supports. The aperture made was about twenty feet long and the width of the sidewalk.

By the falling of the large flag stones one of the gas pipes was broken and in remodeling the break three employes of the Scranton gas and water company were almost asphyxiated. They were Frank Mangano, James O'Malley and Patrick Kane, and while engaged in the work of repairing the pipe they were overcome by the deadly fumes and were carried out of the place unconscious.

FORECAST OF SCHOOL BOARD REORGANIZATION.

Republicans, Who Have One Majority, Caucus Without Messrs. May, Barker and Schriefer, and the Democrats on Coming Together Find Messrs. Gibbons, Roche and Golden Among the Missing—An Eleven-Vote Combination Effected for Jayne and Reedy.

Since last Thursday, the new board of school control has been busily engaged in reorganization, the formalities of which are to be gone through with tomorrow night.

Every night, not including last night, caucuses were held by one party or the other. Thursday and Friday nights the Republicans got together and they are scheduled to have another meeting tonight, Saturday night and last night the Democrats conferred with a view of figuring out how the Republican majority of one could be overcome and the board wrested from the grasp of the opposition.

At Thursday night's caucus of the Republicans, Messrs. Barker and May were absent, and on the succeeding night these two and Mr. Schriefer were among the missing. Despite all this, the caucus was held and Mr. Jayne was named for chairman.

Encouraged by the indication of disaffection in the Republican ranks, Mr. Jennings, who during his twelve years' experience on the board has helped in several successful attempts to place the minority party in practical control, sent for his Republican colleagues and proceeded to figure out a slate that would command the support of eleven votes.

FREE ITALIAN SCHOOL.

Commendable Enterprise of a Committee of Prominent Italian-American Scrantonians.

Seven of Scranton's most prominent citizens of Italian birth have undertaken the establishment of a free school where their compatriots, adults and children may secure an English education, and where, incidentally, English-speaking people may take up the study of Italian under the most competent of teachers.

The committee having the project in hand is composed of Prana Carlucci, contractor, who is its president; Hon. P. Tiscari, Italian consul to Scranton; Rev. Dominic Landro, pastor of the Italian congregation of the Cathedral parish; Ferdinand Arigoni, contractor and builder; Joseph Casese, banker and proprietor of the Roma hotel; Victor Sartori, police officer, and A. Butti, architect.

It is proposed to conduct the school in old No. 16 public school building, on Chestnut street, which has been purchased by the Italian Catholic congregation, and is now being fitted up as a church, school and convent.

While the church and convent are to be parochial affairs and under the direct and full control of the congregation, the school is to be conducted independently by the committee, it having arranged in the view of the school being made free and non-nominal, the sisters, who were to have conducted a parochial school, to be supported by the congregation and the fees of students, are to devote their whole time to the free, general school to be conducted by the committee.

These sisters are members of an Italian teaching order, where membership is drawn from the best Catholic families of Italy. The American headquarters are in New York city. Upon requisition to the Italian headquarters of the order in Rome, sisters needed here are selected from the most thoroughly competent of those who have completed their education, and after finishing their English studies, in a room enough left for them in the quarters, they are sent out on missions, such as the one that calls them here.

It is the purpose of the committee to encourage the attendance at this school of married women and grown-up girls, the English language and customs may be firmly implanted in the Italian homes, and that the children upon going home from school will not be compelled, through their mother's or grown-up sisters' ignorance of English, to totally shun the learning of English by their mothers and grandmothers, who, like the others understand it, a night session for the adults is to be a feature of the school.

The committee will ask the aid of the public in giving the school started and for that purpose will send solicitors about with certified subscription books.

Several thousand dollars is needed for the work, and as the Italian residents are neither numerically or financially strong in the community they find themselves called upon to make an appeal to the public for assistance—the first appeal they have ever made.

ONE ABSENTEE.

All of the Democrats excepting Mr. O'Malley, of the Third ward, were present and he was vouchered for as being faithful. Various propositions were discussed. Mr. Barker was suggested for an independent nomination and Democratic endorsement, but this was not acceptable to some of the Democrats and it was then decided to invite Mr. Gibbons to become the candidate, trusting that Mr. Schriefer or Mr. Barker would refer him to Mr. Jayne. This scheme, however, was not received with a wildly enthusiastic unanimity. Two obstacles confronted its successful consummation. Mr. Roche declined to subscribe to it, and Mr. Gibbons himself refused to say he would accept.

The caucus adjourned to meet again last night. The meeting was held at the St. Cloud hotel. It was an informal affair. Mr. Roche and Mr. Golden did not attend, and Mr. Gibbons declined to say he could not accept the Jennings people's proffered honor. The caucus adjourned shortly afterwards.

The Jayne people invited the non-Jennings Democrats to come in out of the wet, intimating that there was just enough room for them under the umbrella. Messrs. Gibbons, Roche and Golden accepted the invitation upon the condition that they should be appointed a committee on district solicitor. The Jayne people had intended to nominate W. H. Lewis for the office of a straight-out Republican reorganization could be effected, but when there was a lack of assurance that Messrs. May, Barker and Schriefer could be counted upon to line up with the other eight Republicans for Mr. Jayne it was deemed expedient to accept the condition precedent to the acceptance of the invitation extended to Messrs. Gibbons, Roche and Golden.

THEY NAMED REEDY.

The trio in question received word yesterday that they were duly constituted a committee on district solicitor and during the afternoon they got together to attend to the work assigned them.

Mr. Gibbons championed Attorney T. P. Hoban, but, finding Mr. Roche and Mr. Golden agreed upon Attorney D. J. Reedy, the present incumbent, gracefully withdrew Mr. Hoban's name and assented to Mr. Reedy's nomination.

Unless there are some disturbances in the interim the Jayne-Reedy combination will go into the meeting tomorrow night with at least eleven assured votes.

Major E. D. Fellows has no opposition for re-election as secretary, and, no matter what the result of the contest, he is practically sure of being continued in the office he so acceptably fills.

FIRST REAL COLD DAY.

Yesterday the Temperature Averaged Twelve Above Zero.

There was a sudden drop in the temperature early yesterday morning and instead of a dull, damp, disagreeable day like Saturday, Sunday being instantaneous a real, blustering, bitter cold, old-fashioned winter day of a very few of its kind seen since this especially mild winter began.

Not only was it cold all day long, but a fierce, driving wind blew continually, a wind that seemed to penetrate one's clothing and chill one to the very marrow. There were several slight attempts at a snow storm made by Mother Nature, but they were only attempts which ended almost as soon as they began.

The average temperature during the

ENGINEER SHAFER'S NARROW ESCAPE

COULD NOT STOP HIS ENGINE ON A DOWN GRADE.

He Saw That His Engine Was Going to Crash Into a Train in Front of Him and with His Fireman Jumped—Shafer Was Bruised About the Body and Legs—Engine Went Down an Embankment. Travel Delayed for a Time.

John S. Shafer, an engineer on the Delaware, Lackawanna and Western railroad, residing on Hallstead place, had a very narrow escape from death yesterday about 1:30 o'clock in a freight wreck of rather large proportions on a siding near Cresco.

Mr. Shafer was in charge of a south-bound coal train which left this city about 12 o'clock. A sudden snow storm came on just before Cresco was reached, rendering it difficult to see far beyond the engine. Another southbound coal train had been delayed on the siding and Mr. Shafer did not discern it until within several hundred feet.

He attempted to reverse his engine, but it was a down grade and the snow had rendered the rails slippery. The train was going at the rate of ten miles an hour and dashed down toward the rear of the other train.

Mr. Shafer and his fireman, realizing their danger, jumped just before the crash came. The fireman escaped uninjured, but Shafer was badly bruised about the body and legs. His engine dashed into the caboose of the other train and, after badly wrecking it, swerved to one side and tumbled down a considerable embankment at the side of the track, almost pulling several of the cars after it.

There was fortunately no one in the caboose of the train run into, or they would have undoubtedly been either killed or badly injured. All trains were delayed for about two hours, it taking that time to clear the track. An attempt will be made today to get the fallen engine back on the track.

Mr. Shafer was brought to this city on the train reaching here at 5:30 o'clock and was removed in a cab to his home, where he was resting comfortably last night. He will probably be around again in a few days.

ARRESTED FOR FORGERY.

J. W. Gardner, of Washington Avenue, Taken in Custody on a Warrant Obtained by G. W. Potter.

J. W. Gardner, of Washington avenue, was arrested yesterday afternoon by Constable Ira Mitchell on a warrant issued at Alderman John T. Howe's office accusing him of obtaining money under false pretenses and forgery. George W. Potter, of Dunmore, being the prosecutor.

Potter says that last Friday Gardner entered his butcher shop and asked him to cash a check for \$19. The check was signed by W. J. Hand, inspector of the Pennsylvania Coal company and was endorsed by Gardner himself.

Potter gave him the money, but Saturday when he went to the First National bank, on which the check was drawn, he found it to be worthless.

He then went before Alderman Howe and swore out the warrant. Gardner is also wanted on a warrant issued by Justice of the Peace Thomas Pickrel, of Old Forge, at the instance of William Davenport, of that place, charging him with forging a note.

Constable Mitchell had considerable difficulty in locating Gardner, but at last found he was living at the Faurot House on Washington avenue.

Gardner, who is an agent for a patent telephone contrivance, was taken to the central police quarters and will be given a hearing before Alderman Howe. He is also known as J. W. Tames.

The quality of the oils used in mixing colors determines the durability of the paints.

Oils

such as we offer will make paint of great smoothness and durability. A large surface can be covered and the coating will not peel, crack or wear off until it has done its full duty.

These prices will show that good oils are not expensive.
