TO OPPOSE PLATT BILL.

Firemen Will Join in a Monster Petition Against It.

Pennsylvania's thousands of firemen propose to join in a monster petition to their senator and congressmen, praying them to use their influence to defeat the Platt bill regulating foreign fire insurance companies, a provision of which would do away with the portion set aside in this state for the relief of sick and disabled firemen.

The officers of the Pennsylvan'a State Firemen's association have issued a circular calling attention to the bill and urging the firemen throughout the state to appeal to their representatives n congress to oppose it.
This circular was read at last night's

meeting of the local Volunteer Firemen's association and Secretary Emil Bonn was instructed to prepare a petition to be circulated for signatures among the firemen of the county. It will be presented to Congressman Connell and a copy sent to Senator Pen-

#### **CLEVER AMATEUR** MINSTREL SHOW

GIVEN LAST NIGHT IN BICYCLE CLUB HOUSE.

The Entertainment Was by the West Scranton Members of the Club and Was in the Nature of a Surprise-There Was a Regulation First Part, After Which an Excellent Vaudeville Performance Was Given-at Close of the Entertainment Refreshments Were Served.

A smoker, which was adjudged by all present to be the most successful ever conducted by the Scranton Bicycle club, was conducted in the club rooms last evening. The affair was a real out and out clever amateur minstrel show and was arranged as a surprise by a committee of the West Scranton members of the club.

And a surprise it was, for not one present had any idea of the nature of the entertainment until the curtains inclosing the stage were drawn back, revealing an excellently set first part. the decorations being the national and club colors.

In the center was seated rotund part jolly R. W. Luce, who made a most entertaining laterlocutor, and the comedy ends were upheld by the following gentlemen: C. C. Koons, E. W. Thayer, W. C. Williams, Harry P. Decker, George Wettling and F. C. Wettling. H. E. Thayer and George Winans were the vocalists and Clarence Shryer acted as stage manager.

The gags were especially happy and were largely take-offs on various persons in the audience and were hugely enjoyed. The solos were excellently rendered without exception. After the first part had been concluded an excellent vaudeville performance was given, the entertainers being James Gardner Sanderson, in a monologue: the Colonial quartette, and the Novelty Musical trio.,

At the conclusion of the entertainment those present repaired to the upper floor, where excellent refreshments were served by Caterer Han-

NEWARK WHISTERS WANT IT. Will Seek to Wrest Loving Cup from Bicycle Club.

The New Jersey Whist club, of Newark, will come here Saturday with the intention of wresting from the Scranton Bicycle club the trophy won by the local players at last Saturday's tournament in Baltimore. Captain Otis, of the Newark team, is well known in Scranton.

The trophy, a handsome sterling silver loving cup will be on exhibition at Connolly and Wallace's store today and tomorrow. The first club winning the cup twenty times is entitled to retain it permanently. The holder is compelled to play any challenging team that covets it, but not oftener than once a week. Scarcely a week passes that the cup is not being contested for. The Albany team has won it sixteen

The following is what a Baltimore paper says of the match:

The Scranton Bicycle club's whist team gave the Baltimore Whist club's four a terrible drubbing Saturday night at the Royal Arcanum building. The match was for the American Whist league trophy, and it goes to Pennsylvania.

The Scranton team was an unknown quantily. It had never attended a whist congress prior to the last one held in Chicago in 1899. Saturday night's games

were its first effort to get possession of the American Whist league trophy. The team is composed of J. W. Dusenbury, captain; L. G. LaBar, H. C. Wallace and F. A. Hirtermeister. It played a grand game of whist, being as steady as clock-work. The four have played together for five years, and its team work is about

Scranton's next opponent will be the New Jersey Whist club's four, who will play in Scranton Saturday next. If the Scranton team can keep up the game it played here the trophy will rest in Scran-

ton for some time.

The Baltimore team was not at its best and played at times erratic and ragged whist. At times there were dashes of whist. At times there were dashes of brilliancy, but the four, though strong individually, were weak as a team, showing a decided lack of ensemble practice. Scranton got a lead of four tricks in the first 24 deals, and in the next eight boards increased the lead to nine tricks. The home team then tried some desper-ate chances, but failed, the Scranton men finishing the match with a lead of men missing the match with a lead of il tricks. It took eight hours' play to conclude the 48 boards. Thomas Borden was referee. The Baltimore team was W. A. Thomas, Beverly W. Smith, A. H. McCay and W. F. Fiske.

It is expected that ground can be broken by April 1, and allowing the estimated eight months for the construction of the plant, this would allow the works to be opened on November 1. The necessary machinery can be secured on four months' no-
