SUSQUEHANNA CONVENTION.

The Republicans Will Assemble

Montrose on March 8. Special to The Scranton Tribune. Montrose, Pa., March 6 .- At the Republican county convention to be held at Montrose on Thursday, March 8, the following will be placed in nomination: One person for member of congress from the Fifteenth Congressional district, two persons for members of the state legislature, one person for properson for delegate to the Republican national convention, and three persons as delegates to the Republican state convention. For congress, our present representative, C. Fred Wright, will probably be the unanimous choice of the convention, as will also H. F. Man-ser for prothonotary. Representative Tiffany, of Clifford, will probably be returned to the legislature, and the chances for the other member stands between several candidates.

Mr. A. J. Stone, a prominent and well known milk dealer of Scranton, spent Tuesday ed street commissioner, to take the

eral of our business men and farmers, and in a brief way explained his plans. Mr. Stone returned to Scranton Tuesday evening, and it was arranged to call a meeting of farmers and other business men, to be held at the court house, on Wednesday, March 14, at which time he would meet with them, explain his plans, and see what support he could secure, number of cows, and an estimate of the amount of milk

a condensary would be able to control. The past troubles Montrose farmers thonotary and clerk of the courts, one have had to secure a fair price for their milk has been a source of no end of complaint, and it is to be hoped that some way will be opened that may secure them better prices. A condensary would, of course, give employment to a large number of persons and in that way materially affect the business interests of the borough.

Pe-ru-na is the remedy. No family should be without it. As soon as the symptoms of cold, cough, or any other affection of the throat or stomach is noticed, Pe-ru-na should be given according to directions. A vast multitude of families are relying entirely upon Pe-ru-na for safety in this direction. That Pe-ru-na can be relied upon is evinced by the great number of testimonials which Dr. Hartman is receiving daily. Only a very few of these can be published. Only one in a thousand.
