New York, March 7.-Professional bear operators suspended their campalgn for a decline in the stock market today. The bulls were hampered by the continually increasing close condition in the market and by the determined indifference of the outside public. In consequence dealings on the

exchange appeared to be stagnant, but movement of prices was entirely without significance. Attention among money lenders as well as among stock operators is devoted to the probable effects of the currency bill when it shall become operative. (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should

arrive. In a few hours he returned, saying the doctor need not come, as the child was much better. The druggist,

Mr. Otto Scholz, says the family has recommended Chamberlain's since Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by all druggists. Matthews Bros., wholesale and retail agts. Bros., wholesale and retail agts.
