

There's nothing so bad for a Cough as Coughing!

If you are coughing, you want to stop it. That's true, isn't it?

If you will use Ayer's Cherry Pectoral you can stop it. And that is true, too.

All druggists keep it in three sizes, 25c., 50c., \$1.00.

There's nothing so good for a Cough as Ayer's Cherry Pectoral!

The World of Sport.

SCRANTON going to have a team or not? is the query that every local base ball enthusiast is giving vent to these days. Now that the Atlantic league is practically assured and all the other cities eligible for entrance are lining up and girding their loins for the coming meeting at Allentown on Monday it is thought that Scrantonians should begin to take a brace and make their presence known.

THE commission in charge of the good roads bill to be presented by the League of American Wheelmen to congress is in the hands of a committee which ought to prove successful, to say the least, being made up as it is of A. J. Cassatt, president of the Pennsylvania railroad; ex-Governor Beaver, John P. Elkin, the attorney general of the state; H. B. Worrell, chairman of the League of American Wheelmen highway improvement committee; H. M. Breckenridge, of Latona, and H. C. Snively, of Lebanon.

THE Rochester-Eastern league team for this season, has now been completed and certainly looks like a winner, on paper at least. The latest member signed is Josh Clark, a brother of Fred Clark, the manager-captain of this year's Pittsburg team, and is said to be a good batter and clever fielder. Bill Smink, for the last few seasons an Eastern league player, and formerly an old star league man, will bear the brunt of the catching, and Martin Walker, Bowen and old "Pop" Morse, who formerly wore a Scranton uniform, will attend to the twirling department. Harry O'Hagan, last year's heavy hitting first baseman, will again play that position, and George Smith will hold down second. Frank Bonner, formerly second baseman on the Wilkes-Barre and Scranton lines, will play shortstop. Gremminger, the big fellow who formerly played third base on the Buffalo team, and established for himself in this city a very unenviable reputation as a "dirty" ball player, will guard third. Caspar will be stationed in right, Clark in left and Lush, the fast general player, who formerly played with Rochester and Toronto, while Scranton was in the Eastern league, will be stationed in center. Francis will be used as a general utility man. Shortstop, Bean, Pitcher Catiou and infielders King and Shortell are other members of the team, who have not yet reported for duty.

LOCAL interest has been thoroughly aroused in bowling, and the matches played on the various alleys are attended by throngs of spectators who crowd the quarters and signify their enthusiasm in the most hearty manner, there being enough rooting done to remind one of a base ball game at which the home team is in the lead. Besides the match games played there is a great deal of individual bowling done, and some fine scores are made. The best recent score was that made by Charles Riehl, on the Elk alleys last Saturday night, when he made 263 by rolling nine strikes and two spares.

THE Philadelphia team will have another addition already very strong catching department this season in Fred Jacklitzka. This young man, with the unpronounceable name, has been drafted from Montreal, where for the last few seasons he has filled the backstop position in magnificent style, holding his position in an almost faultless manner and batting like a fiend. It is not unlikely that in case he can keep up with the National league speed that he will be tried at first base, where since Goeckel's resignation from the diamond, considerable speculation has been rife as to who will play the position.

MEETING will be held in Philadelphia March 8 of a special committee to arrange for a new League of American Wheelmen bulletin. President Sams and Vice-President Kingsbury, Choate and P. S. Collins, of Pennsylvania, and C. Finney, of Maryland, comprise this committee.

It is not unlikely that in case he can keep up with the National league speed that he will be tried at first base, where since Goeckel's resignation from the diamond, considerable speculation has been rife as to who will play the position.

New York teams, in case the National league circuit is reduced to eight clubs, in which event the Orioles management would probably withdraw from the league and dispose of its players. Domo Rumor has it that several players have already been negotiated for, and that McGraw, Robinson, McDimmity, Sheppard, DeMontreville and Kitson are all destined to become Giants. In case they do New York will be represented by one of the fastest teams in the league and will be able to put in an exceedingly strong bid for the pennant.

Just what Bill Lange, the star Chicago outfielder is going to do this year remains a mystery, and the latest report is that Manager Henry Harris, of the San Francisco nine, has made him an offer to captain the Californian team. Lange is quoted as saying that he will not again wear a Chicago uniform and just what he will do remains to be seen.

THE signing of articles by Tom Sharkey and Bob Fitzsimmons for a fight in the near future has aroused much speculation, and it is expected that the fight will prove one of the dearest and hardest fought seen in a good, long time. There will be a big purse in it for the winner, and there is little doubt but that both men will put up all the fight in them. Sharkey is rushed with a long string of recent victories, while Fitzsimmons, although he has not been in the ring for some time, is still possessed of all his old time strength and will certainly make things lively for the husky sailor.

A fight is scheduled in which the two contestants will both be as black as a brace of ace of spades. Tom O'Rourke's challenge to back Joe Walcott against any heavyweight in the world for \$5,000 has been accepted by the manager of Frank Childs, the colored fighter, who claims to be the champion negro pugilist of the world. He is the same man who last Friday night defeated Jack Bonner, the Summit Hill boxer, at Chicago, after a hard-fought six round battle. He is said to be a very clever fighter, but whether he can withstand the fierce rushes of the "Black Demon," conqueror of the mighty Choyenski, remains to be seen.

JOHN FLANAGAN, the great athlete and thrower of the world, has been engaged to coach the weight men of the Yale track team this Spring, and under his expert supervision the sons of Eli expect to turn out some sure winners.

One of the chief attractions at the Pan-American Exposition, to be held during the summer of 1901 at Buffalo, will be an athletic carnival. A Roman

stadium will be erected for this purpose, covering about 400,000 square feet and capable of seating 25,000 people. In this will be conducted bicycle races, in which the crack cyclists of this country will compete, and also those of Europe. All manner of field sports will be indulged in, there being a movement on foot to bring over some of the star athletes of the old country to try conclusions with the representatives of the new. There is also a possibility that the trap shooting championship of America will be settled at this carnival.

HIGH SCHOOL NOTES.

A. J. Colburn gave his lecture on George Washington at the High School during the last two periods of yesterday's session before a very appreciative audience of students and before a number of the members of the school. The main thing considered by Mr. Colburn in opening his address was the high position we have obtained among the nations of the world, not only as a nation which consistently upholds principles laid down in its constitution, but also as a nation that abhors tyranny in all its forms and in that which is its liberty-loving and law-abiding.

The speaker said it was not enough for the rising generation in our country to honor those who built up our country the grand republic which it now is, but it is the duty of each person to prepare himself to take up the work which has been bequeathed to us by our forefathers and catch the burden as it falls from off the shoulders of those who are now guiding the Ship of State, with calm and steady and wise determination strive to do our best for the advancement of our glorious union.

The Athletic association of the school held a special meeting Thursday afternoon for the purpose of accepting the report of the committee appointed to audit the report of the manager of last season's foot ball team. This report was brought before the association some time ago, but was laid on the table to be looked over again. The motion for the acceptance of this report was made and carried. It was also found necessary to have a manager for the base ball team, and William Kann was elected to fill this position.

The pedestrian club of the school held a meeting at the school on Friday afternoon to arrange a date on which to have the much-talked-about walk. It was decided by motion that it should take place next at Scranton, Lake promptly at 2 o'clock. As the ice on the lake is in excellent condition it was also decided to have a skating race for the championship of the school, and a hockey game between the Seniors and Juniors and the Sophomores and Freshmen of the school. It is expected that a large number of students will be at the lake.

Miss Florence Simpson was a visitor at the school during Thursday's session.

Miss E. Edgar has returned to school after being absent some time on account of the illness of her mother.

Although the lecture on liquid air had to be again postponed, yet the lecture will be given some time in the future. This date will not be announced until the liquid air is in the possession of Professor Wells. It is stated that all those who have bought tickets and who desire their money refunded can get it by calling on those from whom they purchased tickets.

Just what Bill Lange, the star Chicago outfielder is going to do this year remains a mystery, and the latest report is that Manager Henry Harris, of the San Francisco nine, has made him an offer to captain the Californian team. Lange is quoted as saying that he will not again wear a Chicago uniform and just what he will do remains to be seen.

BUSY DAY FOR THE REGISTER OF WILLS

DEALT WITH MATTERS IN SEVEN ESTATES.

Admitted to Probate the Wills of the Late Thomas Richards, George W. Reynolds, Margaret Thomas, Hannah Bennett and John Lally; Issued Administration Papers in the Estate of Barbara Haendiges and Conducted a Hearing in the Nolan Will Contest—Other Court Matters.

Five wills were yesterday admitted to probate by Register Koch. Letters of administration were granted in another estate and a hearing was had in the Nolan will contest. It was, altogether, a very busy day for the register.

The will of Thomas Richards, late of West Scranton, was probated and letters were granted to D. T. Richards, John T. Richards and Mrs. William Davis. The income of the whole estate is bequeathed to the widow, Mrs. Margaret Richards, who is now eighty-eight years of age. After her death, legacies of \$100 are to be given to the grandchildren, who have not already received such an amount, and the remainder is to be divided among the seven children, share and share alike. These heirs are: D. T. Richards, Joshua Richards, John T. Richards, Mrs. Annie Phillips, Mrs. H. M. Edwards, Mrs. J. B. Peck, of Scranton, and Mrs. William Davis, of Plymouth.

The will of George W. Reynolds, late of Carbondale, was admitted to probate and letters testamentary granted to his sons, Avery W. Reynolds and Raymond H. Reynolds. He bequeaths to his wife, Nancy A. Reynolds, all of the personal estate and a life interest in his city property, at the southeast corner of Main street and Lincoln avenue, Carbondale. After the wife's death the executors are to manage this property and from its revenues pay to his daughter, Minnie W. Reynolds, sufficient for her support as long as she shall survive and remain unmarried. At her death or marriage this portion shall be merged with the rest of the estate.

What remains of the revenue of the city property, above mentioned, after the support of the daughter is provided for, is to be divided equally among his three sons, Avery W., Raymond H., and Morris K. Reynolds. The sons also come into all of his estate not specifically bequeathed. In case of the marriage of the daughter, the city property set aside to provide for her support becomes merged with the rest of the estate and the whole is then to be divided, share and share alike, among four children. The will was made April 16, 1887, and was witnessed by Charles G. Avery and W. B. Gritman.

In the estate of Margaret Thomas, late of Blakely, the will was probated and letters testamentary granted to William Jones.

The will of Hannah Bennett, late of Old Forge, was probated, but no letters have as yet been granted.

In the estate of John Lally, late of Taylor, letters of administration, with the will annexed, were granted to John B. O'Malley.

The will of Barbara Haendiges, late of Scranton, letters of administration were granted to her husband, Rev. Philip Haendiges.

Further testimony in the Nolan will contest was taken before Deputy Kocher, during the afternoon. It tended to show that the testator was not of sound mind at the time he made the will which the contestant, Mrs. Annie Fitzsimmons, asks to have probated. E. C. Newcomb, Major Everett Warren and Hon. John P. Kelly appeared for the will made in April, 1897, and which has been probated. The will dated March 2, 1898, is represented by S. B. Price, George S. Horn and Fred L. Stark.

The witnesses examined yesterday were Joseph Nolan, Otto Prien and John Karver.

Prisoners Allege Irregularities. Attorney P. F. Loughran made application to court yesterday for the release of two county jail prisoners, who are alleged to have been irregularly committed.

CATARRH CAUSES CONSUMPTION.

VICE PRESIDENT ROXA TYLER, OF CHICAGO, ILL.

Roxa Tyler, Vice President of the Illinois Woman's Alliance, speaks in high praise of Peruna to restore tired nerves and weak body. In a letter written to Dr. Hartman from 910 East 60th street, Chicago, Ill., she says the following: "During the past year I gradually lost flesh and strength until I was unable to perform my work. I tried different remedies, and finally Peruna was suggested to me. It gave me new life and restored my strength. I cannot speak too highly of it."

Miss Anna Carsten, Clayton, Ill., says: "Your Peruna did me so much good. I am feeling so well now, I have not taken any medicine for four or five months. I can cheerfully recommend Peruna to my friends."

Mr. Peter Hatfieldberger, Porterfield, Wis., writes: "I suffered with chronic catarrh of the lungs for nine years. The catarrh settled on my lungs and I had all the symptoms of consumption. Through the use of Peruna I am now well and happy."

Catarrh of the lungs is, ordinarily, known as consumption; also called tuberculosis. In these cases the catarrh has usually found its way into the lungs by the gradual extension of the disease from the throat through the bronchial tubes. Consumption is the natural termination of all cases of neglected chronic catarrh. Every one who is afflicted with chronic catarrh is liable to be attacked with consumption at any time. In the first stages of the disease Peruna is a sure cure; in the later stages of the disease Peruna can be relied upon to produce great benefit, and in a large per cent. of cases produce a permanent cure. All those afflicted with this dread disease should begin at once treatment with Peruna.

Mr. W. W. Strassler, 64 West Main street, Corry, Pa., says: "I had tried three of the best physicians in Indiana county, and spent a great deal of money, all to no effect. My friends said I could not get well. I had about given up all earthly hopes. I weighed 130 pounds. I accidentally saw the name Peruna. Mr. W. W. Strassler, immediately commenced taking it and continued taking it until I had taken twenty bottles. I then weighed 180 pounds and never felt better in my life."

A slight cough, which, without a vestige of doubt, would soon disappear with the use of Peruna, becomes a chronic bronchitis, which requires a persistent use of Peruna for some time. There are a great many cases of consumption every year due directly to a neglect of coughs, colds, etc., which, if Peruna had been kept in the house and used according to directions, would have been prevented.

Send to The Peruna Medicine Company, Columbus, O., for Dr. Hartman's latest free book on chronic catarrh, la grippe, consumption, coughs, colds, etc.

Tuesday afternoon near Laceyville by falling over a precipice nearly perpendicular to the bottom, five hundred feet below. When picked up his body was almost an unrecognizable mass. He was 28 years old and leaves a wife and son about 8 months old.

Mr. and Mrs. C. A. Sisk entertained a few of their friends at their pleasant home on Grove street Wednesday evening.

It was Spencer Sweet, the shoemaker, that moved to Nicholson this week, and not Mr. Spencer, as The Tribune stated yesterday.

The teachers' institute, which was to be held here today, has been postponed.

Quite a large number of the friends of Mr. and Mrs. Nelson Gardner journeyed out to their pleasant farm home and paid their respects by giving them a surprise party yesterday afternoon and evening.

Mr. and Mrs. Floyd Wrigley will spend Sunday at Lake Carey.

Mrs. W. W. Fisk will leave next Monday for Milwaukee, Wisconsin, where she will spend a month with her sister.

The milk producers of this vicinity met here last Thursday and received bids from the different milk buyers. As none offered the prices demanded, all bids were refused. It now looks as if the old creamery here, which has been filled with ice, will be re-tooled into a first class butter factory. The Elgin Creamery company has offered to send a butter-maker here to make the butter.

Factoryville. Factoryville, March 8.—Miss Gertie Lindsay is confined to the house with mumps at the home of her brother, Will Rogers.

Don't forget the Republican caucus today (Saturday) from 2 to 4 o'clock.

Mrs. W. W. Warner and daughter, Grace, of Nicholson, were callers here Thursday.

Irvin F. Wright, son of County Auditor Wright, met a terrible death last
