Special Meeting of Council Last Evening-Fair at the Congregational Church-Half Time at the

A special meeting of the borough council was held last evening at which all the members were present. The object of the meeting was to consider the request of the street car company giving them permission to move their switch from its present location to a point nearly opposite Graves Brothers drug store. The secretary read a communication from Mr. Silliman, general manager of the company, in which he stated it was the desire of the company to establish a through system. but to do so it was necessary to move several switches. With the present location of the Jermyn switch it would be an impossibility without great in-

Councilman Dunn opposed the moving of the switch on the ground that the point where it was intended to lay the new switch the street was only thirty-five feet wide from curb to curb, which was entirely too parrow for two tracks and would cause great inconvenience to teamsters and others in passing. Councilmen Davis and Stanton offered similar objections. Mr. Riley, an official of the company, was present and stated the company would pave the switch between the two tracks and put it in such a condition that no inconvenience would result to vehicular traffic; to which Dunn retorted, "Yes, you people, when you want anything, always come down here and speak your little piece about leaving the streets in as good condition as before and will do the fair thing with the borough. How," he asked, "have you carried out your original agreement, which stipulated that the poles should be straight, shapely and painted. Show me a pole in the borough that's painted?" After some further discussion Dunn moved and Davis seconded a resolution that the switch remain in its present location. The chairman, after the voting, not being able to tell whether the resolu-

tion had passed or been defeated, asked the secretary to call the roll on the resolution, the vote resulting as follows: For the resolution-Dunn. Davis, Albert Moon, Stanton; against the resolution-Rawling, Theron Moon, Wheeler, Badger and Nicholson. It was afterwards decided that a committee of council draft a resolution with the conditions they demand in giving the necessary permission, and that it be submitted to the company for their approval and afterwards referred to council. Chairman Moon appointed Wheeler, Badger and himself as the committee. The meeting was

considered. The fair under the auspices of the Ladies' Aid of the Congregational church was opened last evening and was largely attended. The booths were quite attractively arranged and contained a large collection of useful and pretty articles. The entertainment, which was given by several children, was most creditable, and the little ones received generous applause. We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and whenever any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure.
