FOREST CITY.

Special to the Scranton Tribune. Forest City, March 17.—The Forest City News publishes the following communication from L. H. May, secre-tary of the board of health, in reply to the letter published from "Pro Bon Publico:" "To Editor of News: Re-plying to your friend, 'Pro Bon Pub-lico,' and in behalf of the board of health, I desire to say the board of health, has endeavored in every case. health has endeavored in every case, when properly reported, to attend to their duty: so far as rumors and hearsay is concerned we pay no attention and if your friend has positive knowledge of a case and fails to report the same he is subject to the same penalty as any one who does not report; the law says every person the head of family and (Section 1) physicians who have a case of contagious disease shall forthwith make reports in writing, stating name of person, disease and all information deemed important by health authorities (Section 21). For neglect he shall be liable to a fine of not more than \$100 and in default of payment thereof shall undergo an imprisonment in the jail of the proper county not exceeding sixty days. The above are reports of Sections 1 and 21 of the Act No. 124 of 1895, so you will see the criminal negligence is with those who have knowledge of the fact of disease and do not report them. This will end the controversy on this matter so far as we are concerned.

Respectfully submitted, L. H. May, Secretary." W. H. Mr. James Smith, of Factoryville,will nove his family here soon, into the Crane house Within the past month a new hotel has been erected in the town, near the old stone quarry, on Mr. Patrick Duggan's land. It is about fourteen feet square, and the front of the hotel faces the Delaware, Lackawanna and West-ern railroad. At each end of the hotel are two poles, extending perpendicularly in the air, to which their sign is suspended, and on it in large red leters is printed, "Hotel De Red Onion." The name can be distinctly read by the naked eye at least a quarter of a mile way. Mr. Amos Blakeslee is the proprietor and employs four servants, Daniel Horton, Willie Sherman, Had Blakeslee and James Trayner. Owing to the increasing demand for board at the new hotel, Mr. Blakeslee has been obliged to build on an addition, 6x8

feet, in order to accommodate the people. The apartments are all conveniently furnished. Last Sunday afternoon about fifty men and women went out for a walk to view the hotel. We understand it is a temperance house, as no drug store is attached.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany (N. Y.) dairyman called at a drug stor there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in, he left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come, as the

child was much better. The druggist, Mr. Otto Schols, says the family has since, recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. For sale by all druggists. Matthews Bros., wholesale and retail agts.
