The annual roll call of members of the Plymouth Congregational church was held last evening in the church and was attended by almost a complete representation of the membership. The pastor, Rev. E. A. Boyd, acted as moderator and made a brief address. Richard Owens responded in behalf of the board of deacons. The roll was called by the church secretary, Miss Elizabeth Evans, and the report of the work done by the trustees was referred to by D. E. Hughes. Samuel Powell reported for the church standing committee and each report showed encouraging conditions.

Mrs. H. S. Keller sang "The Promised Land" with fine effect, and the choir rendered an anthem, "Rejoice in the Lord." This was followed by a duet by Mrs. A. E. Eyrone and Miss Lillian Reynolds. Tallie M. Evans read the report of the Sunday school and Sherman avenue mission was looked after by John R. Thomas. A quartette composed by D. E. Hughes, E. B. Davies, Thomas F. Roberts and John Phillips sang "I've Found a Friend," and Thomas Evans reported for the Christian Endeavor society.

James, president of the Ladies' Aid society, gave a detailed account of the work done during the past year by the ladies of the church. The closing number was a selection by the choir entitled "The Wand'ring Cross." Refreshments were afterwards served. Won't Cure Everything. But Dr. Kennedy's Favorite Remedy Will Cure You If You Suffer from Disease of the Kidneys, Liver, Bladder or Blood.

Thirty Years of Cures to Its Credit. Trial Bottle Free.

Kidney diseases should be attended to at once, for almost 90 per cent. of our unexpected deaths of today are from that cause. Dr. David Kennedy's Favorite Remedy is the only cure known for diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia and Chronic Constipation. It is marvelous how it stops that pain in the back, relieves the necessity of urinating so often at night, drives away that scalding pain in passing water, corrects the bad effects of whiskey and beer and shows its beneficial effects on the system in an incredibly short time. It is sold by all drug stores at \$1.00 a bottle.

You can tell just as well as a physician whether your kidneys are diseased or healthy. Fill a tumbler with urine and let it stand 24 hours; if it has a sediment, if it is milky or cloudy, discolored or pale; if it isropy or stringy, your kidneys and bladder are in a dangerous condition and you do not need a physician to tell you so. If you would like to test Favorite Remedy with a pamphlet of valuable medical advice, will be sent you postpaid, providing you mention this paper when you write. The publishers of this paper guarantee the genuineness of this offer.
