### EVENTS OF DAY IN

LECTURE BY REV. FLETCHER ON BRITISH-BOER WAR.

Delivered in the Washburn Street Presbyterian Church to a Small Audience-Solomon Arnold Died Suddenly from Heart Failure-New Ambulance Arrives - A Coming Concert-Funeral of Mrs. Michael Stevn-New Baptist Church-Other News Notes and Personals.

Rev. J. J. K. Fletcher, of Pittston, gave a very interesting and instructive talk to a small but appreciative audience in the Washburn Street Presbyterian church last evening on the "Boer-British War from the Stand-point of Christianity." The speaker spent many years in South Africa as a missionary and is thoroughly familiar with the country and its people. The subject, he said, is a very important one and should be thoroughly understood, as to whether or not it will tend to the benefit of Christianity.

He related the history of the trouble in South Africa and stated that is really started at the colonization. The first war was between the Netherlanders and the French in 1806, and there has been a continued series of hostilitie. ever since. The Jameison raid was but a symptom of disease, and the Boer preparations for war really began in 1881. The colonies in that country have come into British possession just as the Philippine islands have come under control of the United States and the governments are justified in forcing the natives to accept the conditions

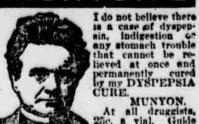

While it is admitted that there are many Christians among the Boers England is also a Christian nation, and when 120,000 British soldiers were sent to South Africa, 120,000 books of the Gospel of St. Johnwere sent with them. Five hundred Dutch Bibles were also sent for the Boers who were taken Christianity is not all on one side in the present conflict, and the English lay equal claim to sympathy and need consideration.

Out of \$23,000,000 paid for taxes, the Uitlanders paid \$20,000,000, and received no privileges whatever. The efforts to secure rights and liberties for the Uitlanders really brought about the war. They are deprived of even educating their children in their own language One of the essential conditions is that the war was forced upon one nation by the other, and the natives are treated like dogs and have no recompense from the injustices done them.

Natives in the Transvaal cannot cross the farm lands occupied by the those already secured are Miss Cora Boers without being detained several days on each tract and made to work. and the black man is not deemed worthy of consideration. ent war is a righteous one and is being

waged for civilization. Rev. Fletcher referred to the humane treatment accorded the Boers by the British in the relief of Kimberly and Ladysmith, and while he accords Cronje credit in many respects for his bravery, he condemns him for retaining women and children as non-combatants when he had an opportunity to relieve them. The present conflict bodes good for the American nation, he says, and the day has gone by when we should interfere, as the strengthening of the British possessions means the strengthening of ours

If the war in South Africa is being waged for the cause of Christianity, Rev. Fletcher believes that God should give the victory to the British, as it will mean greater highways for Christianity. He does not want the Boers destroyed, but wants them to submit and enjoy the benefits to be derived

from British possession.

At the conclusion of the lecture, Rev. I. B. Sweet, of the Simpson Methodist Episcopal church, offered prayer and Dr. Moffat introduced the speaker to a number of his hearers.

# The Whole Truth

Nearly every woman in America needs treatment at some time in her life for troubles of the generative organs.

To treat these cases properly it is necessary to know all about them, and full information many times cannot be given by a woman to her family physician. She cannot bring herself

to tell everything and the physician is at a constant disadvantage.

Mrs. J. F. Stretch, 461 Mechanic St., Camden, N. J. writes:

"DEAR MRS. PINKHAM-I was a sufferer from female weakness. Every month regularly as the menses came, I suffered dreadful pains in uterus, ovaries were affected and had leucorrhœa. I had my children very fast and it left me very weak. A year ago I was taken with flooding and almost died. The doctor even gave me up and wonders how I ever lived. I wrote for Mrs. Pinkham's advice at Lynn, Mass., and took— her medicine and began to get well. I took several bottles of the Compound and used the Sanative Wash and can truly say that I am cured. You would hardly know me, I am feeling and looking so well. Lydia E. Pinkham's Vegetable Compound made me what I am."

Marie Lemp, 108 2d Ave., New York City, was advised by her physician to take Lydia E. Pinkham's Vegetable Compound.

This is her letter: "I have three children and suffered with falling of the womband flooding. My physician scraped the womb, still the flooding continued and I was no better. At last he advised me to use Lydia E. Pinkham's Vegetable Compound. Then I thought I would write to Mrs. Pinkham, for she could advise me better than any one if I was to take her remedies. I received her reply and followed all herdirections and I am very glad to send you this testimonial, for Lydia E. Pinkham's Vegetable Compound is just what it is recom-

mended to be. I advise

all women who suffer from these complaints to try it. Mrs. Remicker Finds Relief From Pain.

"DEAR MRS. PINKHAM-I feel it my duty to write and thank you for what your Vegetable Compound has done for me. It is the only medicine I have found that has done me any good. Before taking your medicine, I was all run down, tired all the time, no appetite, pains in my back and bearing-down pains, and a great sufferer during menstruation. After taking two bottles of Lydia E. Pinkham's Vegetable Compound I felt like a new woman. I am now on my fourth bottle and all my pains have left me. I feel better than I have felt for three years and would recommend your Compound to every suffering woman. I hope this letter will help others to find a cure for their troubles."- Ars. Della Remicker, Rensselaer, Ind.

Another Tumor Successfully Expelled. "Two years ago I was a great sufferer from womb trouble and profuse flowing each month, and tumors would form in the womb. I had four tumors in two years. I went through treatment with doctors, but they did me no good, and I thought I would have to resort to morphine. The doctor said that all that could help me was to have an operation and have the womb removed, but I had heard of Mrs. Pinkham's medicine and decided to try it, and wrote for her advice, and after taking her Vegetable Compound the tumors were expelled and I began to get stronger right along, and am as well as ever before. Can truly say that I would never have gotten well had it not been for Lydia E. Pinkham's Compound. I cannot praise it enough."-Mary A. Stahl, Watsontown, Pa.
