The dairymen of this section held a meeting again yesterday afternoon, which was attended by nearly all the local dairymen in this section. They effected an organization, to be known as the "Lackawanna and Woming Dairymen's association." The officers are: President, Horace Seamans; vice president, Harry B. Seamans; secretary, L. D. Armstrong; treasurer, N. B. Winters. Their stand for 2 and 3 cents per quart is still firm. Commu nication by telephone with the Scran-ton company was had during the meeting and no definite answer from them could be received, they simply saying, "We expect to pay as much as any one." As last year's contracts between the local dairymen and the 1, it was unanimously voted that all March 31. THE MARKETS.

Wall Street Review.

Wall Street Review.

New York, March 30.—The railroad stocks retired into the background of the stock market today and gave place to the industrials and specialties. Sugar almost outdid its traditional reputation for uncertainty by suddenly retracing its course of yesterday and mounting well above yesterday's high point. There was a momentary decline of less than a point at the opening and then a quick rally and the stock never got bock to last night's closing level. Twice during the late dealings it was 13 points above the low level in the morning and its net gain is 114. The transaction in the stock were enormous and the buying without a doubt came very largely from the outstanding short interest but the urgent demand from the shorts was prempted by what they believed were evidences of buying for the account of inside interests. The course of the stock clearly demonstrated a cynical skepticism on the part of the speculative public regarding the slacerity of the pessimistic official outgiving which caused yesterday's slump in the price of the stock. All sorts of sensational rumors were afloat regarding measures for compromise of the Sugar trade war, and there were veiled intimations that the opposition refiners had been emulating the example of the Metropolitan Street railway interests in the Third Avenue coupby acquiring Eugar stock at the decline. At all events the shorts in the stock were acutely perturbed in mind and scrambled to obtain stock. The local traction stocks furnished the other surprise in the market and like Sugar developed aggressive acutely perturbed in mind and scrambled to obtain stock. The local traction stocks furnished the other surprise in the market and like Sugar developed aggressive furnished the other surprise in the way of had news. The demand in this group undoubtedly came from the shorts. The figures given out from Albary last night of the valuation placed upon the franchises of the New York Traction companies were as high as the most extravagant estimates in Wall street. With th

preliminary drive which carried the stock down from 1½ to 4 points, the whole group was eagerly bought all day, rising well above last night's figures and not falling far below that level again. Peopie's Cas and a number of the fron and steel stocks by rising sharply, completed the demonstration of strength in the industrial group. The demand for the railroads seemed to have quited down for the time being with the exception of a stock here and there in the list, which showed a good advance. Total sales teday, \$90,000 sheres. Business in the bond market showed a falling off but prices were about maintained. Total sales, par value, \$3.39,00. United States old 4s and new 4s declined ¼ in the bid price.

"MY LIFE DESPAIRED OF."-The are words of Mrs. Wm. Burton, of Dart-more, Ont., after doctors had prescribed and she had taken every known heart remedy. Dr. Agnew's Cure for the Heart gave relief in almost shorter time than it takes to tell it—it worked a won-derful cure in a case of long standing, and today she says: "I am a well woman." Dr. Agnew's Cure for the Heart has no case recorded against it where it did not give relief inside of 30 minutes. Sold by Matthews Bros. and W. T. Clark.
