

The World of Sport.

THE LOCAL BASE BALL outlook is not entirely clear yet, but from present indications Scranton will probably be represented in the Atlantic league this season by a team of which Walter Burnham will be the manager. During the past week a large number of people have been seen with a view to securing subscriptions, and very fair success has been met with.

Base Ball Briefs.

THE ATLANTIC LEAGUE this year will be a pretty fast aggregation of players and will contain a combination of seasoned veterans and gingers youngsters which will make the league one of the swiftest minor organizations in the country.

The Allentown team will be practically the same as last year's nine and will consist of Lutenberger, the Eastern leaguer, on first, Tom Delehanty on second, Jim Delehanty at short and Kuhns on third. McManus, last year's hard-hitting catcher, will be behind the bat, and Stimmell will probably be again in the box. Joe Delehanty, the terrific hitting outfielder, will again cover right field and it is likely that besides these three brothers of the famous Ed Delehanty, of Philadelphia, there will be another member of the family on the team.

Secretary Zimmerman, when in this city, said: "Yes, there's young Frank Delehanty, who's the latest one to crop out as a candidate for league honors. Every member of the family is a born ball player, and we will probably give the youngster a trial."

The Philadelphia Athletics will probably be strengthened by several of the younger Philadelphia players, and in case Ziegler, Jackitzch, Mahaffey, Chiles and others do not show the necessary National speed, they may wear Athletic uniforms. President Belmont has also signed several other men, and is after Becker and Dugdaley, the latter of whom formerly pitched for Wilkes-Barre and the former for Rochester, to do the twirling honors for his pets.

Manager Fleischman has secured for his Reading team Third Baseman Lawrence, First Baseman Beaumont, Outfielder Moran, Catcher Logan and Pitchers Voorhees and McLaughlin. "Kid" Cross, a brother of "Monte" Cross, of the Philadelphia team, is wanted at Reading to play shortstop, and President Belmont is also after him for the Athletics.

Manager Smith, of Elmira, has already signed Dean Johnson for right field, and Frazee for pitcher. "Home-Run" Bottomus, the ex-Buffalo outfielder, will play first base. Manager Clymer has not yet signed many men for his Wilkes-Barre team, but has communicated with a large number. He is after George Schoch, the ex-Brooklyn player, to play third, but Schoch prefers to play nearer his home in Philadelphia. Burns, the Avoca boy, who last year played on the Wilkes-Barre team in the Atlantic league and later in the season with Kansas City, will not be on the latter team this season and would like to play in Wilkes-Barre again.

A game was played Monday at St. Louis between the National league team of that city and the Rochester Eastern leaguers, in which there were four ex-Scranton players. Keister played second base for St. Louis and Burkett played left field. The little second baseman hit out a single and two home runs, and also fielded capably. On the Rochester side the ex-Scrantonians were Shortston Frank Bonner and Pitcher Morse. The latter made the sensational play of the game by taking a rath-bat liner from Donovan's bat and sending it to first base in time for a double play.

In the game at New Haven, Wednesday, between Yale and Tufts university, Sharpe, the Yale first baseman, who last year played on the team as a foot ball back, made the longest home run made on the grounds in five years.

Cooley, of last year's Philadelphia, is looking around for a position this year. This splendid batsman, and excellent outfielder still has the ability to shine in the National League, but the outer gardens of the big teams are singularly well taken care of, and it

have to become a minor leaguer. He seems, though the "Quaker" will would make a capital manager and captain for an Eastern or Atlantic League team and will probably sign in that capacity.

John Berger has come out with the announcement that he is again in the field and is looking for the backstop position on a minor league team. The stout, good-natured catcher is well remembered here by his work on one of Scranton's last Eastern League teams. Last year he figured as an umpire but with such disastrous results that he has decided to don the mask and get back into the game this year.

Pitcher Goodwin has left Wilkes-Barre for Canada, and will play this season on the Montreal Eastern League team. Goodwin would have preferred to again play with Wilkes-Barre, but Montreal would not give up its claim on him.

"Base ball is undoubtedly a game full of chance and uncertainty," remarked the professor thoughtfully. "Some wise man has made the remark which I know has been quoted before this, that the game is not over until the last man is out. That is undoubtedly a true saying. Now, I remember a game between Yale and Wesleyan, which occurred when I was of the latter college. A big crowd of us had accompanied the team to New Haven, and the game played was one which would set the heart of even a Cleveland base ball rooter beating overtime. It was close all the way through, and in the ninth inning the score stood 8-5. They started the tenth inning with our boys at bat, and the pitcher pitched hard and as a result there was a base on balls, followed by a clever steal of second. A crashing double to left was next and the man on second came home on it. Well, we had the game clinched for sure then, in our minds, and for a while the Yale boys' faces looked as blue as their colors. Well our side was retired with the score 9-8, and Yale came to the bat. The first man up was an easy out, and the crowd began to leave their seats. The second batter went out and Wesleyan rooters yelled themselves hoarse.

"The next batter smashed the first ball pitched and raised a high fly for the pitcher to take. It looked like the usual sort of an out and our fielders started to walk in. Well the ball began to descend and our pitcher stood there with a complacent look on his face, waiting for it. Well, the long and short of the story is that he muffed it. It muffed it miserably, and the ball striking the ground, bounced about ten feet in the air, and the pitcher, short-stop and third baseman falling all over each other in their efforts to get the leather, the runner reached first."

"This dampened our enthusiasm a bit, and the remnant of loyal Ellis present began to yell and shout encouragement in a way that made our pitcher's knees wobble. He looked at the batter and his knees wobbled some more. It was Case, the Yale captain, who was the only man that had fathomed his delivery and already had two home runs to his credit in the game.

"He hit a nice one, and then slammed it to the farthest corner of left field, trotting around the bases for his third home run, and chasing a run in ahead of him. It made the score 10-9, and sent a crowd of the most voracious youngsters back to Wesleyan that ever roared for a ball nine."

Ball Bearings.
CHIEF CONSUL GEORGE A. PERKINS, of the Massachusetts division of the League of American Wheelmen, intends to put into operation his scheme for the holding of mass meetings of cyclists, both members of the league and those who are not. The first meeting will be held in Springfield and others are planned for Worcester, Pittsburg, Lowell, Fall River, New Bedford and other cities. The main object will be to create an interest in League of American Wheelmen work and in doings in the 'cycling world.' The races which will be conducted during the national meet of the League of American Wheelmen, July 10-14, are bound to be interesting ones. They will be conducted under the auspices of the National 'Cycling' association, and over \$5,000 in prizes will be given for the three days and two nights of racing. One of the strong attractions will be a race between Zimmerman and Sanger, the former champion, and a novel feature will be the automobile racing, to which a whole day will be devoted.

The League of American Wheelmen divisions in charge of the construction of a side-path between New York and Chicago are working industriously, and as now outlined the path (starting from the New York end) will run through Poughkeepsie, Albany, Schenectady, Amsterdam, Utica, Syracuse, Rochester, Batavia, Buffalo (N. Y.), Erie (Pa.), Toledo, Cleveland, Erie, Toledo (O.), Butler, Goshen, Elkhart, South Bend (Ind.) to Chicago. The New York division is doing particularly efficient work, maps having been made, plans being prepared, etc.

Strikes and Spares.
THE BICYCLE CLUB will conduct another bowling tournament on its alleys, beginning the first of next week, and there is every indication of its being as great a success as the one just brought to a close. The tournament on the Elks' alleys will soon start, also, and these two contests will bring the bowling season to a close, the most successful bowling season which ever took place in Scranton. The attention of the public has been drawn to the game and it has now made itself the prime winter sport.

The second bowling team of the Bicycle club journeyed to Wilkes-Barre Wednesday night and bowled its third game with the Wilkes-Barre West End "Scrap Iron" team. The Scranton boys met their second defeat, and will play the last game of the series Tuesday night on the local alleys. The detailed scores for the three games were as follows:
Scranton Bicycle club—Beavers, 477; Lyons, 422; Northup, 420; Turn, 449; Leonard, 469; total, 2,187.
West End "Scrap Iron" team—Rhoads, 543; Yost, 446; Lamb, 460; Weckesser, 486; Davis, J. W., 443. Total, 2,388.
The bowling tournament on the Elks' alleys, open to the bowlers of Lack-

wanna and Luzerne counties, will be begun Tuesday night, and all applicants who wish to enter must send their names in by Monday evening, all communications to be addressed to Peter Ziegler, care of the Elks. Prizes will be given to the leaders in the match, and ex-Sheriff Robinson, president of the Elk bowling team, will give a reward to the man making the highest average score.

Sporting Squibs.

THE big foot ball eleven have already started practice and last week at Cambridge a scrub game was played by two teams, under the leadership of Quarterback Daly, captain of the 'Varsity men, and Sargent. At Philadelphia, Coach Woodruff already has most of the University of Pennsylvania men on the field, and is putting them through a daily course of exercise which will have them in the pink of condition for the fall work.

McCracken and Hare, of the University of Pennsylvania, are keeping up their magnificent work in throwing the hammer, and McCracken, who has been hammering the sixteen-pound hammer 149 feet, 6 inches, Hare is throwing splendidly, also, and Trainer Murphy expects both men to throw near 160 feet this year. From the wild and woolly west they come to report their husky youth named Plaw, of California university, threw the hammer 152 feet. It will be a great contest between him and McCracken, when California and Pennsylvania meet next month at Franklin Field, in Philadelphia.

HIGH SCHOOL NOTES.

The subject of the outing, to take place at 2:30 this afternoon, was again brought to the notice of the Pedestrian club. It was thought at first that the contests would not take place, as a slight misunderstanding was circulated as regards the foot race. It was published in the columns of the Tribune Wednesday morning that the race was to be between Eugene Tropp and Robert Gardner, but it was afterwards ascertained that Mr. Tropp would compete with Arch Dean, also of Exeter. As Mr. Dean has carried off a number of prizes for foot-racing, the race will undoubtedly be very interesting. Mr. Tropp is determined to win this contest or, perchance, he might be beaten, he says that it will only be done with the greatest exertion. It is hoped that more interest will be taken in the affair today than was manifested last Saturday.

As the weather begins to settle and become fine the enjoyments of the class in surveying begins to increase. It is the intention of Prof. Shimpff to take the different classes, which are studying surveying under his supervision, out to the neighboring fields and woods for the purpose of having practical lessons in surveying the tracts. This part of the work is the most enjoyable feature of the year and is looked forward to with expectation and delight by all those who take up surveying. But everything connected with this outing is not all lovely because it means not only study, but also hard work to survey a tract of land correctly and accurately.

An incident, which might have recalled somewhat seriously, and one which was entirely due to carelessness, happened at the close of the fifth period. A number of books, bound tightly together with a strap, were evidently being carried in a careless manner along the corridor on the third floor. On descending the stairs, the strap to the second floor, the books escaped from the hands of the owner and were precipitated to the locker-room below. It happened that there was no pupils on the exact spot when the books fell on there might have been some thing more serious than a "huge joke."

— Steven Dawes.

PECKVILLE.

Edward Locklin was thrown out of Frear's delivery wagon, on Main street, yesterday noon. He struck upon his head and received a severe concussion, not complain of injuries at the time, but shortly after the accident happened he was noticed to be acting strangely and later lapsed into a comatose state. He was taken to the home of Mr. E. J. Grover, where his brother is employed, and Dr. J. B. Grover was summoned to attend him. Although the right side of his head was badly bruised the skull was not fractured. Dr. Grover expressed the opinion that there was nothing serious to be feared. Mr. Locklin had gained consciousness and was resting easy last evening.

Miss Lillian Peck is the guest of Mr. and Mrs. W. T. Roberts, of Jermyrn.

Mr. Robert Tuthill, of South Main street, is still critically ill.

The case of Louis Weissberger vs. the New York, Ontario and Western railroad for \$10,000 damages for injury, has been postponed until the May term of court.

To satisfy an idle rumor we would state that all ice cream used at the Wilson Fire company fair was made by E. E. Greiner & Son, of this place, and not the product of outside parties, as many thought at the time.

Services in the Methodist Episcopal church on Sunday: Preaching in the morning by the pastor, Rev. S. C. Simpkins; love feast at 9:30 a. m.; sacrament of the Lord's supper at close of the morning service. Preaching in the evening by the presiding elder, Rev. J. F. Warner, of Carbondale. This is the last quarterly meeting of this conference year and the last in the pastorate of Rev. Simpkins with the First Methodist Episcopal church of Peckville. His pastorate has been highly appreciated and successful. The last year has been very successful notwithstanding heavy losses by death and removal. There has been a net gain over all losses of forty members in the last year and the congregation has doubled during the pastorate of Rev. Simpkins, and a universal feeling of regret is expressed by all classes because of the fact that the time limit of the Methodist Episcopal church makes it necessary that the change should be made.

The Wilson Fire company yesterday disposed of their hose cart to a new hose company in Jessup, that was recently formed on the Elks' alleys. The purchase of an up-to-date hose wagon the Wilsons had no use for the cart.

GALLEN'S OPENING TUESDAY GALLEN'S

A Revelation of Beauty.

Will confront you at the grand opening of our new stores, which occurs on Tuesday next. Never before has correct fashion in men's and boys' attire been so splendidly reflected in Scranton as it will be on Tuesday. There will be no floral horseshoe over the door, but a hearty welcome inside. Every department will be complete in itself.

The prices, our plainly marked tickets will reveal will be a surprise, even to the most economical buyers. We want every one to know this store—know its distinctiveness from other stores by its superiority, which low prices and quality alone can make possible.

Our Policy Will Be a Liberal One from the Start
And "Satisfaction or Your Money Back" must enter into every sale made.

Our Men's Clothing Department

Will contain nothing but the best makes of Tailor-made Clothing—no sweatshop work ever finds place on our tables, no matter how low the price. Every garment that leaves this store, will be sold with a guarantee for good wear—or a new garment, free. Your clothes will be pressed and kept in repair FREE OF CHARGE, as long as they last and as often as you care to bring them.

Top Coats--for Men Tailor-Made Suits

Of whipcord, covert cloths and standen cheviots. All the new shades of tan are here together with the more exclusive Oxford greys, which predominate this season. Some are lined with Italian cloth—some half silk lined, and others silk lined to the edge. Price is no criterion of quality here. You must see them to judge.

A beautiful array of patterns will be found in this department. Worsteds, cheviots, cassimeres and homespun are here in great variety. The new striped effects, including the new heather green, are here in many designs. For the more sedate dressers, we have the plain effects, including the popular Oxford grey, in many weaves.

\$7.50 to \$18.00

\$5 to \$15 and up

Boys' Fixings

A department we give lots of time and attention to. It is replete with everything the little fellow needs—and everything that is new finds place here as soon as it appears.

Exclusive Styles in Fancy Caps

A great variety of Scotch and English designs not obtainable elsewhere.

25c to \$1

Little Shirts

"Just like papa's," in a variety of patterns.

48c

Hosiery, Ties, Collars, Belts, Shoes.

Latest styles at our own prices. We sell you the hat and charge you nothing for the name.

\$1 to \$2.90

Men's Fixings

Ties—Shirts—Collars and all the rest of men's belongings are here complete. Prices will be a revelation to you.

See Our 20 Windows

Boys' Fashionable Apparel

The best tailors in the world have prepared these Spring lines, and they represent the highest development of the sartorial art as applied to boys' clothing. Exclusive designs, exquisite combinations—and above all, moderate prices, have built up a reputation second to none for this boys' department.

Novelty Blouse and Vestee Suits

In immense variety. We can't begin to describe the many exclusive and beautiful designs we are showing. Come and see them. No such showing has ever been made in this city.

\$1.50 to \$12

Our lines of Novelty Suits at \$3, \$4 and \$5 will surpass anything ever shown.

Boys' Long Pants Suits

Sizes 14 to 20 years. A department that few stores give the attention it deserves. Our boys' long pants suits are made the same as the men's. They are the same in every manner except price. The boys' suits cost less.

\$5 to \$15

Our lines of Novelty Suits at \$3, \$4 and \$5 will surpass anything ever shown.

Double Breasted and Three-Piece Suits

The latest patterns are here. The prices are extremely low. We call attention to two lines of boys' suits, "The Little Captain," "The Little Governor." These suits are of all wool materials, sewed with the best silk and linen thread—seams taped and warranted not to rip. The pants are made with double seat and knees.

\$4 and \$5 and other Suits at \$1.50 to \$8

A GETTYSBURG INCIDENT.

A Soldier Stunned by the Explosion of a Shell.

From the New Orleans Times-Democrat.

"I see by the war cablegrams," said a resident of Pittsburgh at one of the hotels, "that some of the dead Boers found in the trenches where Lydette shells had burst were without visible wounds. Apparently they had been killed by shock. That recalls to me forcibly a very remarkable case, for which I can vouch personally. During the first day's fighting at Gettysburg a young man named Joe Cady, second lieutenant in the Twentieth Pennsylvania, was supposed to have been

killed by a shell which exploded within a few yards of his head. Later in the day some passing comrades saw that he was breathing and carried him to the rear, where the surgeons made an examination, and, greatly to their surprise, could find no wound. The man was in a profound stupor, but to all appearances was physically unharmed. He was sent to the general hospital at Washington, and from thence to his home, still in the same condition. Cady was the son of a farmer who lived near Harrisburg, and my own people knew the family quite well. I was a boy not more than 5 or 6 years old when the lieutenant reached the old farm, but I remember distinctly what a sensation the case created.

"For several weeks Cady lay exactly like one dead, and then, very gradually, he began to emerge from unconsciousness into a horrible automatic sort of life, next door to complete idocy. He could sit up, and even walk a few steps, but his mind was a blank, and the only sounds he uttered were guttural noises, like an animal. That shocking condition remained unaltered for nearly three years; then, suddenly, without warning, he had a seizure like catalepsy, from which he awoke in a few hours in complete possession of his reason. He was terribly bewildered, of course, and had no idea where he was, but after the shock of waking passed off he was as sane as ever. During the years his faculties

The Marriage Problem

"How to be happy though married," has been entirely solved to the satisfaction of hundreds of thousands of women. There can be no happiness without health. The general health of woman is dependent on the local health of the delicate womanly organs. When these are debilitated, drains, or inflammation, ulceration or female weakness, happiness in marriage is practically impossible. A host of happy wives testify that the secret of happiness in marriage is found in the use of Dr. Pierce's Favorite Prescription. It dries the drains, heals ulceration and inflammation and cures female weakness. It makes weak women strong, sick women well.

Mrs. Anna Wily, (Michigan House), Northville, Spink Co., S. Dak., writes: "I am enjoying good health, thanks to your kind advice and valuable remedy. I suffered very much with female weakness and other ailments for more than two years, when I wrote to you for advice. After carefully following your advice and taking six bottles each of Dr. Pierce's Favorite Prescription and Golden Medical Discovery I am now a well and happy woman."

Women are invited to consult Dr. Pierce, by letter, free. Correspondence private. Address Dr. R. V. Pierce, Buffalo, N. Y.
