THE ILLS OF WOMEN CONSPIRE AGAINST DOMESTIC HARMONY.

Some derangement of the generative organs is the main cause of most of the unhappiness in the household.

WOMAN'S PECULIAR ILLS

these serious ills of women for quarter of a century. Failure to secure proper advice should not excuse the women of to-day, for the wisest counsel can be had without charge. Write to Mrs. Pinkham for it. Her address is Lynn, Mass.

Among the multitude of women helped by Mrs. Pinkham and by Lydia E. Pinkham's Vegetable Compound, is Mrs. JOSEPH KING, Sabina, Ohio. She writes:

"DEAR MRS. PINKHAM—Will you kindly allow me the pleasure of expressing my gratitude for the wonderful relief I have experienced by taking Lydia E. Pinkham's Vegetable Compound. I suffered for a long time with falling of the womb, and those terrible bearing-down pains, and it seemed as though my back would never stop aching; also had leucorrhoea, dull headaches, could not sleep, was weak and life was a burden to me. I doctored for several years, but it did no good. My husband wanted me to try your medicine, and I am so thankful that I did. I have taken four bottles of the Compound and a box of Liver Pills, and can state that if more ladies would only give your medicine a fair trial they would bless the day they saw your advertisement. My heart is full of gratitude to Mrs. Pinkham for what her medicine has done for me. It is worth its weight in gold."

WORK ON THE NORTH MAIN AVENUE SEWER.

Contractors Began Work Yesterday Morning with a Large Force of Men Putting in the Street Connections—Funeral of the Late Mrs. Joseph Spofford—Marriage of Franklin P. Frear and Miss Jennie Kelly—Ceremony Performed by Rev. Dr. Guild.

It now looks as though the North Main avenue sewer will be pushed to a speedy completion. The contractors for the work began yesterday morning with a large force of men, putting in the street connections with the main, advancing almost to Clearview street, from Church's corner. This part of the work will require a couple of days more and then the full force of workmen will start on the main sewer at the point near Green Ridge street, where it was discontinued when winter set in.

There is yet about 1,000 feet of main sewer to be put in between this point and Putnam street. But Contractor Ruddy expects to push it through quickly so that the street paving operations will be commenced on May 1, can go along without interruption.

AT THE PARIS EXPOSITION.

Syracuse to Be Represented by Mrs. S. B. Larned.

The Syracuse Herald says of Mrs. Linda Hill Larned, who recently visited this city:

"Syracuse is to be represented officially at the Paris exposition by Mrs. S. B. Larned, who has just been notified of her official appointment as delegate to the exposition, in which capacity she will take part in one of the special congresses as specialist, probably in that which includes household economics.

This appointment comes as a special honor, as only women who are representative in the profession of arts or sciences of the country will be recognized in this manner.

The first intimation Mrs. Larned had that her name was being considered in this respect was several weeks ago, when she was in receipt of a communication from Mrs. Ellen M. Hendon, former president of the General Federation of Clubs and vice-president of the board of managers of the Congress of Women at the World's Columbian exposition, of which Mrs. Palmer was president, inviting Mrs. Larned for Mrs. Palmer to fill this position.

"As Mrs. Larned had made every preparation to spend the summer in Europe and a part of the time at the exposition, she at once answered tenderly her acceptance, and yesterday received her official appointment from J. H. Gore, director Department of Organization of International Congresses at Chicago. Just what her duties will be, Mrs. Larned has not been informed, except that she is to apply for her credentials immediately upon her arrival at the exposition, when her work will be assigned. She will undoubtedly be asked to address one of the congresses on the subject of household economics, and as president of the National Household Economics association, and because of her broad knowledge of this science will hold an important position in this department."
