BASE BALL NOTES.

Newark, Elmira and Jersey City are the three Atlantic league teams which will play Sunday base ball this year.

A meeting of the board of directors of the Scranton team is scheduled for this afternoon at 4 o'clock in the office of John H. Brooks. Frank Ward, the old Scranton second baseman, who was such a favorite in this city, and who last year captained the Lancaster Atlantic league team, is playing second on the Worcester East

Manager Clymer, of Wilkes-Barre, has made a good move in signing Colliflower, who last year pitched and played in the outfield of the Cleveland National league team. Colliflower batted 311 for twenty-one games and ought to shine brilliantly in the Atlantic league.

"Dick" Cooley will captain and manage the Philadelphia Athletics this season. President Belmont is getting a splendid crowd of players to-gether and they will make a strong bid for the pennant. Among the ex-National leaguers who will play on the team are Infielders Cooley and School, the latter of whom formerly played in Brooklyn and Pitchers Bocker and Duggleby, Manager Walter W. Burnham is hard at work

getting together a team which will represen-Scranton this season in the Atlantic seague. He s in communication with a large number of players and has some capable men to pick from He attended yesterday's league meeting at Read-ing and it is probable that by today he will be in a condition to state what the make-up of th

Manager Burnham has received word from Mike Doherty, who last year played such a fine third base in this city and captained the team, accepting his terms. Doherty is a fast, aggressive player and will probably be again selected as captain this year. Manager Buruham was in communication with him for some time but it was only yesterday that Doherty decided to accept the local terms and sent word from his home in New Haven,

HAVE RETURNED FROM PUERTO RICO

INTERESTING VISIT OF A PARTY OF SCRANTONIANS.

It Was Made Up of Col. and Mrs. H. M. Boies, Miss Boies, E. B. Sturges and F. E. Platt-Colonel Boies' Views on the Island and Its Future. The People Are in the Most Abject Poverty-Improvements Made by Our Government Are Doing Much for the Betterment of Island.

The party consisting of Colonel and Mrs. H. M. Boies, Miss Boles, Messrs E. B. Sturges and F. E. Platt returned on Wednesday from a three weeks' visit to Puerto Rico, and have many interesting experiences to relate. The views of Colonel Boies naturally carry much weight, because of his interest in public affairs, charitable and military organizations, etc., and his intelligent investigation of existing condi-He is most enthusiastic over the splendid showing of our government in the island and declares that to much cannot be said in praise of the marvelous results already accomplished. The sanitary work alone merits great commendation. The streets are cleaner than our own, and are swept every day. Extensive improvements are being made in many directions, thus giving employment to the natives

and relieving their dire necessity. In speaking of the taviff bill just passed, Colonel Boies said: "It is an absolute necessity. All sugar, coffee and tobacco has been bought by the trusts already, and the payment was made and long ago it has gone back into the hands of the Spaniards and the priests to whom the entire property We've everything in the U on the island is mortgaged. The tariff over which such a howl is made by some people in this country comes out of the trusts, and it is the trusts that made the great objection to the additional pittance charged. It will need three and one-half millions to run the local government and complete the nunicipal and public works. It is an absolute necessity that some of this money must be secured by the tariff as it is impossible to raise it by inter-

IN ABJECT POVERTY. "The people are in the most abect poverty. There are 900,000 of hem, and from 75,000 to 90,000 only holders. The rest are in a condition of the deepest squalor. I saw one Spanish nobleman's house of two stores and little rooms, 8x10 feet in size. in each of which families numbering from ten to twelve persons resided. There were thirteen such families in

record of certain districts in this vic-Colonel Boies, while not assuming gold brick in the case of Puerto Rico, joes consider that the redemption of the Puerto Rican peso is a clear swin-He had a peso which at first sight looks like an American dollar. It is very light, however, and the value is just forty-five cents. Our ents. The peso bears a graceful pretty profile of the boy King of Spain, much excited. th the legend, "Alfonso Kill, P. C.

G. D. D." Whatever this section

the alphabet may mean, followed by "Rey C. De Espana 1895." Colonel Boies says that the impoy erished condition of the natives is pas description. They were left crushed and helpless under Spain's bondage. then the war arose with its horrors not so great as Cuba's, but terrible enough, and last August along came a tornado which simply devastated the island, which not only destroyed the crops of tobacco and sugar cane with the mills, but utterly wiped off the earth the sole means of support of the poor native, the bananas which kept life in their miserable bodies. There is now no fruit on the Island, although a Florida planter has just brought a quantity of young orange trees which will soon be bearing. The results of the tornado were most disastrous for it destroyed the machinery and crops of the planters, thus cutting off the chance of employment for the laborers. whose sufferings have been therefore

GOOD SCHOOLS

Colonel Boies was particularly interested in the progress of civilization under our government in the way of education. He found the schools of San Juan in a fine condition and oddly enough under the supervision of a Carbondale man, G. B. Benedict, who is doing excellent work. There are twenty-rine schools in that city, with 1,100 pupils on the waiting list, for whom there are now no places.

Colonel Huff, a surgeon of the United States army, is in charge of the board of charities and corrections. Under his directions 500 tons of food a week is being distributed to the poor and starving natives.

"The penitentiary of San Juan," said the colonel, "is a model institution, and could well be imitated in its entire methods by any in the United States. It was the first thing built by the government after our occupation of the towa. I counted twenty-five occupations which employ the time of the 500 prisoners. They make everything they wear and much to sell. They are the same type as those seen in the Eastern penitentiary, but they seem more tractable. They do all the street cleaning, under guard, of course, and in their white garb look not unlike the "White Wings" of New York. Sixty

of them constitute a squad of cleaners. "The Spanlards have left us one splendid memorial," he continued, "and that is the great military road sixtyeight miles long, the finest thoroughfare I ever saw in any country. It is kept in perfect condition, every two miles there being an adobe house in which lives a supervisor, whose duty it s to look after his section. It is the intention of the government to take hese dwellings for school houses. A feature which struck us during our drives was the presence of beautiful little stone arched bridges, with rich arvings on the balustrades. The orses gallop up and down hill tire-

SOLDIERS' GOOD QUARTERS. "The United States army has better quarters than ever the soldiers saw in heir lives. Imagine handsome stone barracks all around the court house square, opening into a court in the centre, and from the porticos com manding exquisite views over the sea. When questioned as to his views of the future of the Puerto Ricans. Colonel Boics shook his head. "They are shiftless and improvident, and utterly

lessly over this magnificent drive.

ignorant of any idea of what Amerithey may be stimulated by a desire to acquire property or to achieve official prominence, but not in this generation. The northerner who goes down there soon becomes enervated by the climate and wants to do as the natives, sleep half the time. A San Antonio capital-ist, who came there with the intention of looking up a point for investments, remarked instrong language that there is absolutely nothing on the island to warrant any outlay of the kind. The land is fertile beyord description, the climate is charming, and there is an abundance of good water. Now that the effects of recent disasters are wearing off and business, which was utterly paralyzed during our visit while awaiting the tariff decision, is resumed, the condition of the natives must improve. Whatever advance they make in civilization must, however, be done because it is imposed on them by our government, not because they are ambitious or realize the greatness of their opportunities,"

JOHN NOLAN DIES.

Aged Carbondalian Succumbed to Injuries Inflicted by His Son, Wednesday Night.

hospital, Carbondale, last evening at 6 o'clock from injuries inflicted by his son, James, on Wednesday night. At the trephining operation fourteen pieces of bone were removed from the skull fractured just behind the ear. It was learned yesterday that the mother and sister, who were supposed to have witnessed the fatal blow, were driven from the house, and, while they were after help, the fight between

yard. When they returned the father was lying on the porch unconscious. At the hearing before Alderman

father and son was continued in the

Jones, the son did not deny striking his father, but attempted to justify his act by saying the old man was chasing his mother and sister with a knife. He was taken to the county jall by Constable Neary.

Coroner Roberts will investigate the case today.

A VERY NARROW ESCAPE.

Trolley Car Barely Misses Being Struck by a Locomotive.

The passengers on an inbound Taylor-Throop trolley car had a narrow escape, about 4.30 o'clock yesterday afternoon, from either death or serious an read or write, and are property injury at the West Lackawanna avenue crossing. The car, which was crowded, was in charge of Conductor Arthur Williams and Motorman Patrick McNulty.

The car was at the foot of the hill and just outside the gates, which were lowered, to allow a passenger train to the one house, which rather beats the pass. As soon as this had passed the gates were raised and the conductor signalled to come ahead. Neither he nor the gateman had noticed a coal that the United States has bought a train which was coming on at a lively rate of soced from the north.

The motorman didn't notice it, either, until the front of his car was upon the track and just in front of the locomotive. With rare presence or mind he reversed the power and the car had just barely got off the track when the government is redeeming it for sixty train went by almost skinning the fender. The passengers were very

THE THIRD FALSE ALARM.

Was Turned in This Morning at 1 O'clock from Box 25.

There resides in the vicinity of Adams avenue and Olive street a person who seems insane and possessed of a mania for seeing the city's fire department in action. The third false alarm from box 25 was turned in this morning about 1 o'clock.

Within three weeks another false alarm has been turned in from box 29, at the corner of Pine street and Monroe avenue, in the same vicinity, The box in question is one, the keys for which are kept at private dwellings nearby, so that the person had a key of his own. This he left in the box, and it was taken in charge by one of the firemen. A reward of \$25 is

ON THE LIBRARY

SPOKE AT LAST NIGHT'S MEET-ING OF COMMON COUNCIL.

Opposed the Resolution Directing That Library Claims Come Before Auditing Committee and Showed That at Present Vouchers Are Paid Only After Receiving Four Distinct Signatures - Contended Also That the Deed of Trust Takes Library Out of Council's Hands.

Common Councilman Luther Keller succeeded last night in having the resolution providing for the auditing of all public library claims by the auditing committee, referred to a special committee to act in conjunction with the city solicitor. He also made a lengthy speech against the resolution, in which he introduced arguments that could not be refuted by any of those favoring the measure.

After claiming that the resolution i a positive reflection upon the present excellent management of the library, he stated that he had gone to Mr. Met John Nolan died at the Emergency vin. who introduced it, and asked for his reasons for so doing. There were three or four offered by that gentleman, he said, the first being that as at present arranged, "one man runs the whole thing, the librarian."

Mr. Keller then produced a voucher, or warrant, upon the treasurer for a payment of a bill and showed that it had upon it four signatures, that of Librarian Carr, that of Rev. Rogers Israel, chairman of the library committee; that of Thomas Dale, chairman of the finance committee, and that of Alfred Hand, president of the board. After passing through the hands of the first three gentemen, Mr. Keller said that the warant had to pass the whole board of trustees before it could be paid. This. he said, didnt look like

one man running the whole thing." Another point that Mr. Melvin had raised, said Mr. Keller, was that "the library should be run the same as every other city department. There was some grounds for this argument, Mr. Keller contended, but not a great deal. He produced the ordinance passed by councils, accepting the deed of trust for the library property from the Albright heirs. He showed that in this ordinance, and in the deed of trust itself, there is a clause which reads, the library shall be managed and controlled by a board of sixteen trustees,

REFERRED TO COMMITTEE. He claimed that this clause in itself. practically does away with the whole question and amended the original motion to read that the matter be referred to a special committee in conjunction with the city solicitor. Mr. Grier, who had made the motion to concur. spoke against the amendment very vigorously, and said that if councils appropriated the money they should see how it was spent. When asked to explain how the clause in the deed, mentioned above, could be bridged over, he admitted that he couldn't

argue along that line. Mr. Calpin favored the passage of the original resolution, arguing as had Mr. Grier. Mr. Zizelman stated that every month the auditing committee received a statement of the money expended out of the library appropriation and though it was not itemized it should be sufficient. Mr. Keller's amendment to refer to committee was carried by the following vote, those voting in the negative being all Demo-

Yeas-Reese, Griffithm, Godshall, Zizelman ewkesbury, Nageli, Wenzel, Watkins, Keller, T. F. Morvis-10. Nays—Grier, Calpin, Ruane, Phillips, Galvin, Coleman, Cusick, Norton—8,

Mr. Grier thereupon arose and made the rather astonishing statement that as no special number of members was provided in Mr. Keller's amendment that therefore the whole council com prised the committee, and he wanted the matter brought up again. Chairman Griffiths ruled that the matter lay at the discretion of the chair, and accordingly appointed the following 413 Lackawanna avenue. committee: Messrs, Keller, Tewkesbury, Zizelman, T. F. Morris and Calpin. Thus was the incident closed, for

the present at least. Mr. Watkins introduced, as had been anticipated, the ordinance providing for the issuance of \$273,205.81 worth of sewer bonds. He introduced an accompanying resolution providing that the city clerk on the passage of the ordinance, print the same in the newsandidate for the nomination for high papers of the city. This resolution was

TO MOVE HOSE COMPANY.

Mr. Wenzel introduced a resolution providing for the removal of one of the North Scranton hose companies from West Market street to a position at the corner of North Main avenue and Providence road. This was introduced, he said, in behalf of M. V. Morris, who was absent. Mr. Grier moved that action be postponed until Mr. Morris visit Cincinnati during the session of is present to explain the resolution, The motion to postpone was adopted, The following resolutions were introduced and passed:

By Mr. Godshall-Permitting George Cooper to nect with the Hyde Park avenue sewer. By Mr. Wenzel-Directing the city clerk to idvertise for bids for furnishing rubber and cot-By Mr. Reese-Providing for a partial release of the bend of the Girard Construction company,

entractor for the Providence pavement. Mr. Calpin re-introduced a license tax ordinance, which is practically the same as last year's. A number of the minor provisions of the latter, however, are left out. The ordinance pro-

ported favorably upon by committee and passed two readings. New ordinances were introduced as

By Mr. Nageli-Providing for the narrowing of the roadway and widening of the sidewalks on Prescott avenue, between Olive and Ash streets. By Mr. Phillips-Providing that the Scranton Railway company shall be compelled to sprinkle all unpayed streets over which their tracks run at least twice a day for a space eight feet each side of the same and providing for a penalty of \$25 for a violation of the first provision. By T. F. Morris-Providing for a sewer

viding for the filling of the approaches

to the Bloom avenue culvert was re-

By Mr. Cusick-Providing for the construction of stone sidewalks on both sides of Fig street seaween Pittston and Stone avenues.

DIED IN CATHEDRAL.

Mrs. Anthony Quinn Received Her Final Summons While at Mass. Mrs. Anthony Quinn, of Stone avenue, died suddeply yesterday morning, while attending mass in St. Peter's cathedral, shortly after 7 o'clock. Mrs. Quinn was seated in a pew on the Linden street side of the church, when suddenly her head was seen to drop forward on her breast.

At the same time her face became

deathly white. Several of the worshippers nearby came to her assistance and she was carried unconscious to the sacristy, while someone went after a physician. When the sacristy was reached it was plainly evident that the woman was dying, and the sacrament of extreme unction was administered by one of the clergymen. Mrs. Quinn passed away before Dr. Reedy, who was summoned, arrived, and Rev. J. J. O'Reilly announced the sad event to the congregation. The body was first taken to Cusick's under-

The deceased was sixty wears old and is survived by a husband and the following children: Patrick, Thomas, Mrs. Alice Evans and Mrs. Kate Clark The funeral of Mrs. Quinn will take place on Monday morning at 9 o'clock, with services in St. John's church, and

taking establishment and later, by per-

home at 414 Stone avenue.

THE FESTIVAL OF PASSOVER.

Interment in the Cathedral cemetery.

Will Commence Today, When Ser vices Will Be Held in Synagogue. The festival of Passover will comnence at sundown today, and will last seven days. Only the first and last days of this festival are observed as sacred days. As is well known, it is in commemoration of the deliverance of the children of Israel from the Egyptian slavery, which had existed

for over four hundred years. The Jewish people of Scranton will meet at their several places of worship this evening, the service at the temple on Linden street commencing at 7.30 o'clock and tomorroy morning at 10 o'clock. Both services will be conducted by the rabbi in charge. A sermon appropriate to the occasion will be preached tomorrow morning during the service.

The festival of Passover is one most beautiful, as it is one of the most important in the Jewish calendar, On this occasion, if it be at all possible, a reunion of all the various members of the families takes place, and happiness s the keynote of the occasion.

HOLY THURSDAY OBSERVED. Impressive Ceremonies at St. Peter's Cathedral.

Holy Thursday was fittingly observed yesterday at the cathedral by the selemnization at 9 o'clock of a pontifical high mass. During this ceremony the oils to be used during the coming year were blessed, and at its conclusion the bost was borne to the repository in solemn procession. In the evening the second part of the Tenebrae was sung. Today there will be a mass of the pre-ganctified at 8 o'clock, and stations of the cross in the evening.

It Is Dangerous to Neglect a Cold.

Pneumonia is one of the most dangerous and fatal diseases. It always results from a cold. Chamberlain's Cough Remedy will quickly cure a cold and perhaps prevent an attack of pneumonia. It is in fact made especially for that ailment and has become famous for its cures over a large part of the civilized world. It counteracts any tendency of a cold toward pneumonia. Can you afford to neglect your cold when so reliable a remedy can be had for a trifle. For sale by all druggists. Matthews Bros., wholesale and retail agents.
