Accompanying the application for a league of base ball clubs adjourned at brewery license, under a law passed 8 o'clock tonight, after adopting the by the last legislature, the applicant must file with the clerk of the courts an affidavit setting forth the output of the browery for the preceding year. From the affidavits filed by the Lackawanna brewers the following statistic

and computations are made: E. Robinson's Sons 71,276 Lackawanna Brewing Company Scranton Brewing Company 24,053 Peter Krantz, Carbondale

208,259 A barrel of beer will average 31% gallens. In 208,252 barrels, there would therefore be 6,559,938 gallons. Multiplying this by four gives 26,239,752, or the number of quarts. On the average, even along Lackawanna avenue, there are five glasses to the quart, and computing on this basis,it is found that the total number of glasses of beer of home product drank in Lackawanna county lest year is 131,198,760, to say

nothing of the foreign beers consumed It is estimated that the next census will show our county to have 200,000 population. Two-fifths of this population, it is safe to say is enrolled in the ranks of the total abstainers. This would leave 160,000 persons to get away with 131,198,760 glasses of the foaming amber fluid, or about \$20 glasses for each person. Taking it for granted that some persons who drink are temperate in their drinking, it would appear that others are taking a thimble-

ful too much. ELK BOWLING TOURNAMENT.

DELIGHTFUL RELIEF FROM CATARRH .ere is one of a thousand such testimonies. The Rev. A. D. Buckley, of Buffalo, says: ill to know what a blessing Dr. Agnew's Catarrhal Powder is in a case of Catarris. I was troubled with this disease for years, but the first time I used this remedy it gave most delightful relief. I now regard myself entirely cured after
