From all present indications base ball ought to prove a great success in their lives. Big Dan rushed into the Scranton this season. ### Base Ball Brevities.

RANK DILLON, last year th Scranton first baseman, is rapidly batting himself, if the expression may be used, into the hearts of the Pittsburg fans, His work during the practice games, so far, has been of the gilt-edged order, and has been commented upon most graciously by the Pittsburg newspapers. During the games with the Rochester nine, champions last year of the Eastern league, his batting was the feature of every game. In one contest, in particular "Pop" Morse, the old Scranton pitcher was in the box for Rochester and holding the big batsmen down in fine style, the tall young first baseman smashed out a single and two doublesackers, and was robbed of a home run by Lush making a grand catch in the outfield.

Jonett Meekin, once regarded as on of the greatest pitchers in the business while he was Amos Rusie's running mate on the New York Glants, and who last year played with Boston for a short while, has been signed by Manager Fred Clarke for his Pittsburg team.

# THE CHEAPENING TELEGRAPH.

From Ainslee's Magazine.

The increase in the use of the tele graph for business purposes has been accompanied by a steady reduction in the cost of messages. When the first Atlantic cable was laid the price of a twenty-word message between London and New York was \$100, or \$5 per word. Now the commercial rate between the two cities is twenty-five cents per word. To telegraph ten words from Chicago to New York in 1866 cost \$2.05. Now it costs forty cents

Telegraphing to distant parts of the world is still an expensive business The rate per word for a message from San Francisco to Auckland, New Zealand, for example, is \$2.87. From New York to Manila the rate is \$2.45. The charge is not always in ratio to the distance. The rate from New York to some South American or West Indian ports is nearly two dollars per word,

but in reaching these points the messages travel twice across the Atlantic

# Peruna, The Spring Catarrh Remedy.

#### Catarrhal Debility Cured.

Mattle B. Curtis, Secretary Legion of Loyal Women, writes from Hotel Salem, Boston, Mass., as follows: "I suffered for over a year with general weakness and debility, manifested especially

in severe backache and headache. My physician prescribed different medicines, none of which seemed to help me any until a club associate advised me to try Peruna, as it cured her of constitutional headache and stomach troubles. I at once ordered a bottle and before it was used

felt greatly improved. I have taken four bottles and for two months have been entirely free from these maladies. Several of my friends are using Peruna with beneficial results, especially in cases of trouble with the kidneys and other pelvic organs, together with weakness Catarrhal Weakness Cured.

The St. Louis team has on its present list twenty-five men. There are eight pitchers alone, of whom Harper, the old Scranton twirler is one.

Michael Walsh, of Mayfield, is gaining laurels galore on the base ball diamond early as the season is. As will be remembered he last year played left field on the Georgetown nine and were stationed at these post houses batted second in that collection of terrific-hitting young collegians. far this season his work has been the feature of every game played. In the to \$125 a month, and nearly all the match with the champion Brooklyns of the National League he fielded his position in irreproachable style and made the longest hit of the game, a handsome drive for three bases, made off McGinnity, the crack pitcher who was the star Baltimore twirler last season. In Wednesday's game with Lehigh University he again loomed up strong in the field and lined out a single and two home runs at the bat.
