## ASKS INJUNCTION TO RESTRAIN BISHOP

DR. IRVINE CASE BROUGHT UP IN THE LOCAL COURT.

Huntingdon Divine Who Has Been Convicted of Unbecoming Conduct, Petitions to Have Bishop Talbot Restrained from Deposing Him from the Ministry, as He Proposed to Do at St. Luke's Church This Morning-Petition Was Refused, but Will Be Renewed.

Application was made to court yesterday morning by Attorney Walter E. Gunster for a preliminary injunction to restrain Bishop Ethelbert Talbot, of the Episoopal diocese of Central Pennsylvania, from deposing and degrading from the ministry Rev. Ingram N. W. Irvine, rector of St. Luke's Episcopal church, of Huntingdon, which sentence Dr. Irvine has been summoned to receive at St. Luke's church, in this city, this morning at 11 o'clock, Ex-Judge E. N. Willard appeared in opposition to the application, and on the strength of the contention that the affidavits were insufficient to support the allegations in the bill, succeeded in having the injunction denied. New affidavits will be presented this morning and the motion for an injunction renewed.

Dr. Irvine was convicted by a court of inquiry of conduct unbecoming a minister, and sentenced to be unfrocked. He claims the ecclesiastical court which convicted him violated numerous canons of the caurch pertaining to trials of this kind, and on the strength of these irregularities, he is proceeding to enjoin the bishop from carrying out the sentence. He also laims that the charges against him e untrue, and alleges that the prosecution is malicious.

He claims that the trouble is the result of a misunderstanding arising last spring between the bishop and himself concerning the excommunication of a Mrs. Emma D. Elliott, of his parish, who remained after having been divorced, which is contrary to the canons of the church.

Dr. Irvine's action in this matter caused the bishop to withdraw his appointment. The vestry of the church was induced to throw off its missionary stipend and thus made itself free to elect its own rector, which it did by naming Dr. Irvine.

Shortly afterwards, Bishop Talbot received a letter purporting to come from Mrs. Elliott, asking him to re-appoint Dr. Irvine, as a means of mollifying his friends, whose influence had succeeded in ostracizing her family for their connection with the case. The letter proved to be a forgery, and Dr. Irvine was tried in the criminal courts on the charge of having written it. He was acquitted.

May 19. Dr. Irvine was cited to appear before Judge Woodward, of Luzerne county, to show cause why his pastoral relations with St. John's church should not be dissolved, because of conduct on his part unbecoming a clergyngan. The hearing resulted in court refusing to interfere. RESULT OF TRIAL.

The same day the court of inquiry the presentment was served on Dr. Irvine, setting forth what he was charged with. A lengthy trial was had at Huntingdon and the sentence of degradation was the result.

Mrs. Elliott has been indicted for criminal libel in Huntingdon county on a charge preferred by Dr. Irvine. Bishop Talbot says that any relations between him and Dr. Irvine have no connection whatever with the prosecution. The charges do not deal with any violations of ecclesiastical law, but with other delinquincies.

The rule for a decree was made absolute, yesterday, but the attorney who instituted and prosecuted the case withdrew from it recently and when the formal decree was ordered to be drawn yesterday no one was at court to draw it. The case was up at the last term of Argument court, but had to be put over because the subpoena had been stolen or lost. The divorce is grounded on a charge that Mrs. Colborn in August, 1893, ran away with the boarder, John Walsh, and lived with him for four months in New York state. When she returned to Carbondale, Colborn invited her to ome back to his heart and home, but she refused. She is at present residing

## THE SULTAN'S FRIEND.

General Lew Wallace Defends the Much-Abused Monarch.

Washington, April 24 .- The "Sick Man of Europe" has at least one good American friend who thinks it a shame for the United States to bully him over a paltry claim. That friend is General Lew Wallace, the author of "Ben Hur" and former United States minister to Constantinople. Talking of the question of veracity that has arisen beteween the representatives of the United States and Turkey, General Wallace said today:

"The sultan of Turkey is an honest man. I never knew him to tell a lie and I never knew him to break : I do not profess to know whether Minister Strauss or the Turkish minister is coreret in their state ments of the case at issue, but I think it is ridiculous for the great United States to begin a controversy with Turkey over a despicable \$100,000,

"Abdul Hamid is no more to be blamed for the crimes of Kurds than William McKinley would be if the Apaches should go on the warpath and slay the white settlers, as they have in the past. All that the Kurds have in common with the sultan and the Turks is that they, too, are followers of Mohammed. They are numerous on the eastern border of the empire and have never been fully conuered by the government. The three million Greek and four million Arin Turkey without the protection of subjects. Not a Christian church is ourned or a mission destroyed but the sultan is the first man to subscribe to rebuild. I know this to be so. Abdul Hamid is a distinguished scholar and diplomat. But for his skill in preventing the other European tribution powers from acting together, the Ottoman Empire would have been crushed out long ago."

## LANGTRY MRS. GOULD'S IDOL.

Millionaire's Wife Saw "Degenerates" and Coveted That Gown.

New York, April 24.-An amended complaint as today filed in the suit brought by Misses mith and Dullan against Howard Gould to re-over a balance alleged to be due on \$2,155 worth

of dresses furnished to Mrs. Gould.

Mary F. Smith, one of the plaintiffs, said to-lay: "There was a white cream lace dress on which we spent week and weeks. After i all completed Mrs. Gould came in and said: Miss Smith, I have seen Miss Langtry in 'The Degenerates,' and I want my gown to look like her. Can't you make my gown so that I will look as well as she does?' So we had to pull the gown to pieces to make it suit the latest idea."

RIDING HURTS WOMEN

In a great many cases, because they are in a condition of womanly weakness which is aggravated by exercise. Exercise promotes the physical health. But for the woman there can be no sound physical health unless the womanly health is sound; so intimate is the relation between local and general health and so absolute is the depend-

mate is the relation between local and general health and so absolute is the dependence of the woman's general health upon the womanly local health. When there is irregularity, or displacement, or female weakness, these conditions must first be removed before the general health can be established.

The claim that weak women are made strong and sick women are made well by the use of Dr. Pierce's Favorite Prescription is a claim supported by the testimony of more than half a million women. Women to whom each month brought a week of misery, women who had suffered for years without relief; women whose vigor had been saved by weekening drains; women frail of form, hellow of check, and dull of been sapped by weakening drains; women frail of form, hollow of check and dull of eye; these are the women who stand up to testify "I have been made well and strong by the use of Dr. Pierce's Favorite Prescription." And this is but the barest statement of the truth. The grateful letters received from the women cured by the "Prescription." tion" disclose miseries which make the heart ache. They tell of years of suffering, of inefficient medical treatment, often treating the wrong disease. They show the modest women shrinking from the horror of questionings, examinations and local treatments, and enduring a growing agony rather than submit to an ordeal offensive to her sense of decency and revolting to her modesty. Then some chance pamphlet or the word of a friend has directed attention to the cures of womanly diseases by Dr. Pierce's Favorite Prescription. The treatment is begun and health is soon restored.

Many sick and ailing women take advantage of the offer of free consultation by

letter with Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. This offer, open to all ailing women, puts at their service the leading specialist in the treatment and cure of female diseases, together with the associate advice of his staff of nearly a score of physicians, and this absolutely without charge or fee. All correspondence strictly private and confidential.

#### WHAT A LUCKY WOMAN PICKED UP.

"I had inflammation of the internal organs and hemorrhage for three months so that I could not turn over in bed without help; and soreness of the abdomen, and also bladder trouble," writes Mrs. Jennie Lee, of Lethridge, Alberta Dist., N. W. T., Canada. "In fact I was a com-plete wreck and the local doctor's medicine would not stay on my stomach, so I had to stop taking it, and he told my husband I had to be kept quiet and he had but little hope for me. I happened to pick up a paper with your advertisement in it, and I thought that I would try your medicines. I have taken seven bottles of 'Favorite Prescription,' six of 'Golden Medical Discovery' and three vials of 'Pleasant Pellets,' and from the first day I commenced with them I began to get better, and soon got as well as ever. I have told several ladies about your medicines and recommended them highly. I think that if I had not taken your medicines I would not have recovered. I cannot praise your med-icines too highly."

There is no alcohol in "Favorite Prescription," and it is absolutely free from opium, cocaine and every other narcotic. It is in the strictest sense a temperance medicine, purely vegetable in its composition and cannot disagree with the weakest constitution.

#### "I KNOW THAT THEY SAVED MY LIFE."

"I was so weak I did not have breath to walk across my room," writes Miss Isabell Miller, of New Providence, Calloway Co., Ky. "My periods occurred too often and the hemorrhage would be prolonged and the loss of blood very excessive. I also had fainting fits. I did not gain strength from one monthly period to another; was weak and nervous all the time. Was confined to my bed for three months. The doctor thought at first I had consumption, after this he said it was liver disease, and then he told me he did not know what was the cause of my trouble, and told me I would never be any better. I lived in this way from sixteen years old to twentyfriend to try Dr. Pierce's Favorite Pretaken two bottles of it I could work all day. I took in all six bottles of the 'Favorite Prescription' and about five vials of Dr. Pierce's Pellets. I used no other medicine. I have never had a return of this trouble since, and never can praise Doctor Pierce's medicines enough, for I know that they saved my life."

Sometimes a dealer for the sake of a larger profit will offer another preparation as "just as good as Dr. Pierce's." There is nothing just as good as Dr. Pierce's Favorite Prescription; nothing that will so surely make weak women strong, sick women well.

#### A MOTHER'S TROUBLES TAKEN AWAY.

"I have been the mother of five children, two of which were premature births, and my health was very poor ever since until the present time," writes Mrs. A. W. Cornwell, of 810 F Street, Washington, D. C. "Had uterine trouble for six or seven years. I took local treatment and different medicines, but they only gave me temporary relief. Had palpitation of heart, weak stomach, and all sorts of aches and pains, I was advised by friends to try Dr. Pierce's medicine. In October, 1898, I began taking it and felt better after taking a few doses. Have taken seven bottles of 'Favorite Prescription,' two bottles of 'Golden Medical Discovery,' three vials of Doctor Then I was advised by a kind | Pierce's Pellets, and two of his 'Compound Extract of Smart-Weed.' In August, 1899, scription, which I did, and before I had I gave birth to a strong baby boy. Was in labor only a short time. Now my general health is good and I feel stronger and better in every way than I have felt for years. I shall always feel that I owe my good health to you and your valuable remedies. I thank God for this 'Favorite Prescription' (woman's friend), and as for the Pellets, I would not be without them, as they have benefited me more than any pill I ever took."

Dr. Pierce's Pleasant Pellets are espescription" whenever a laxative is needed. your kindness."

#### A WOMAN'S ADVICE TO WOMEN.

"I feel that it is only my duty to send you a statement of my case," writes Mrs. Mary E. Wilcox, Emo (Rainy River), Algoma Co., Ont. "I suffered untold misery for many years with uterine trouble, until I commenced taking Dr. Pierce's good medicine and used the local treatment as advised. I took two bottles of 'Favorite Prescription' and two of 'Golden Medical Discovery.' I also sent for one box of your 'Antiseptic and Healing Suppositories.' I have only used two, and that was two months ago. Have not had to use any since, but I shall keep them in the house. I would advise every woman who suffers from ulceration of the uterus and piles to use Dr. Pierce's Golden Medical Discovery. It is the best medicine in the world. Also write to Dr. Pierce for his advice. I have felt better in these past seven months than have for years. Every month I used to have to go to bed and have hot poultices and take laudanum to ease the pain. I don't go to bed now, nor do I take laudanum. Every spring I used to be troubled with piles, but I did not have any trouble of that kind this spring. I keep Doctor Pierce's Compound Extract of Smart-Weed in the house. It is a wonderful medicine. "You may publish this if you please, so cially suited to woman's use. They should that other suffering women may be benealways be used in connection with the "Pre- fited as I have been. After applying to his various acquaintances, with the usual result, be bethought himself of his old quarry, the railroad companies, Having procured himself a hammer and a nail with an especially jagged head, he sallied forth at an hour when traffic is light. He succeeded in finding an empty car which he occupied. Choosing a spot as far removed as possible from the eye of the conductor, week. he sat himself down and producing the hammer and nail, he proceeded to drive the latter into the seat, leaving the jagged head protruding about half inch. This accomplished, he deliberately sat on the nail and writhed. The result was a void in the most important part of the raiment. Then he arose and halling the conductor pointed out to him the disgraceful condition of the seat and the result. The conductor looked at the nail and it the cent raiment and was compelled to acknowledge a clear case of cause and effect.
