DEPUTY REVENUE COLLECTOR. Howell Williams, of Pittston, Succeeds R. B. Brundage.

Howell Williams, of Pittston, has been appointed to succeed R. B. Brundage, of Wilkes-Barre, as deputy revenue collector for the Third district, which comprises the city of Wilkes-Barre and the western part of Luzerne county. Mr. Williams entered upon the duties of the position Tuesday. He is a staunch Republican and has long held office for his party in the Fifth Legislative district, of which he is chairman. He is also one of the Pittston assessors, being elected to that office in the spring of 1898 for a term of three years. The appointment was made by Revenue collector T. P. Penman, of Scranton.

Mr. Brundage has been the deputy for a number of years and has ably fulfilled the duties of his office. It was not generally known that a change was to be made, and the announcement of Mr. Brundage's retirement has come in the nature of a surprise. Mr. Brundage is a democrat.—Wilkes-Barre Record.

At the hearing the girl testified that she was employed as a domestic at Hall's hotel and that on one occasion Hall made indecent proposals to her and criminally assaulted her. Several times he enticed her away to isolated spots and there again assaulted her.

Hall was arrested Sunday at Priebeburg and gave bail before Justice of the Peace Williams on the charge of attempting to criminally assault the girl. His bondman yesterday withdrew the bail.

THE BAREBACK RIDERS. They Are a Feature of the Forepaugh & Sells Brothers' Show.

Last season, when the Adam Forepaugh & Sells Brothers' united shows introduced a round dozen of first-class male and female bareback riders in the three arenas of their big circus, it was thought that the limit in this direction had been reached. But, having excelled everything else in its line this remarkable aggregation evidently purposes to keep right on excelling even itself, and in addition to its other attractions, will present here, on Thursday, May 10, nineteen of the world's equestrians, in remarkable single, double and even quadruple performances.

The acts simultaneously accomplished by these famous experts include every possible achievement upon the bare backs of flying horses, and add greatly to the elegance and splendor of the phenomenal programme.

REV. DR. McLEOD ON ECUMENICAL COUNCIL

IMPRESSIONS GLEANED AT THE RECENT GATHERING.

Related to the Benefit of Those Who Are Interested—Convention Was One of the Greatest Religious Assemblies in the History of Christian Civilization—Work of the Women Missionaries in Foreign Lands Fruitful of Much Good—No Complaints Uttered.

Rev. James McLeod, D. D., pastor of the First Presbyterian church, last night gave his impressions of the recent Ecumenical council in New York city, to a fair sized audience at the lecture rooms of the church. He considered himself honored in being permitted to enjoy such a gathering of ministers from all over the world, of all denominations, who came together simply to exalt their mutual aims and to tell of their works in extending the word of the Lord.

In commenting on the gathering he said: "Every meeting was of thrilling interest, and at the very outset the key note was struck and the music continued with scarcely a discord to the end. Some people say that instead of spending \$40,000 on this conference, the money should have been given to struggling foreign missions or devoted to the aid of the starving people in India.

That all sounds very fine, but when political positions, at which national issues were considered from partisan standpoints, over \$600,000 is spent and no complaint at all is heard, consider that here are convened men from all the nations of the earth, with a cause as far above politics as heaven is above earth.

At one session the "Authority for Foreign Missions and the Purpose of Them" was the subject of a very eloquent discourse by Rev. Dr. Strong, whose speech was in harmony with his name, being powerful and strong indeed. J. Hudson Taylor gave an address on the "Source of Power for Mission Work," and this also proved very interesting. Rev. Dr. Spear spoke on the "Distinguishing Aim of Foreign Missions," saying that it is the salvation of men and the saving of sinners, all the while the world the story of redeeming love.

Canon Edwards, canon of Exeter, England, and the two veteran missionaries, Chamberlain and Ashon, gave most interesting discourses, the canon showing himself to be a fine specimen of the English clergyman and gentleman.

BURSTING OF BUBBLES. One of the only discords at the council arose out of one brother rather hastily saying that it was possible to study the Bible too much, and that the revealer is more important than the book revealed. This was another important bubble which burst when pricked, for how could one know the revealer except through the revelations.

Another brother did prick the bubble and his reply was one of the few little gems of the convention. "Self-support by missions," was another important subject discussed, and Dr. Underwood of Korea, gave one of the most thoughtful speeches on this subject, saying that the natives ought to learn to support themselves.

"There ought to be more progress," he says, "and natives should not be nursed so much. The money spent on them could be devoted to the establishing of missions in those places not yet touched." One thing which especially impressed Dr. McLeod was the space given the convention by the New York papers and the press throughout the country, as a result of which the proceedings of the convention were known almost in detail throughout the entire land.

The medical missionaries are deserving of special credit on account of their noble work, in ministering to the body. In fact, the saving of the souls of many of the natives through restoring them to health when they are ill, and the tending to them when they suffer from any bodily ailments. It is easier to tell of the bread of life to a man who has eaten than to tell of the salvation to one dying of hunger.

He was present at a meeting of the women missionaries, and thought that they must have labored with a zeal almost apostolic, especially those who have taken degrees in medicine. Miss Smith, of the College of India, was designated as a choice orit, she has labored in the zenanas of India, in China, in Japan, in the heart of Africa and other remote places, and is deserving of the greatest credit.

There were hundreds of notable missionaries present, but not one who was more popular or loved than Dr. G. Payton, of the New Hebrides, who will occupy the pulpit of the First church in this city on June 3.

Dr. McLeod was especially impressed by the fact that all the missionaries in speaking never uttered a word of complaint, but only of rejoicing in their redeeming work. Jesus was exalted, he said by every speaker, whether a doctor of divinity or a colored man from Africa.

As for the results, he thinks eternally alone will reveal them in their fullness. However, there is not a church in the country that has not been impressed to some degree by the convention. It ought to make better preachers and better hearers and our lives more earnest and devoted and consecrated to Jesus Christ, who is our Savior, and of all who believe in him, and make us feel our duty not complete till we give others the blessings we ourselves enjoy.

BODY EXHUMED. Coroner Roberts Held a Post-mortem at Forest Hill Cemetery.

The body of the late Mrs. C. F. Newell was exhumed yesterday afternoon at Forest Hill cemetery, and Coroner Roberts made a post-mortem examination of the remains.

There are evidences of neglect in the case, and a jury has been compelled to hold an inquest in the arbitration room of the court house tomorrow evening at 8 o'clock.

POLICE PICKINGS. Robert Piff, arrested at 4 o'clock yesterday morning on the charge of drunkenness by Patrolman Karius, paid a \$5 fine yesterday morning in police court, as did also John Williams and Miss Matthews, arrested by Patrolman Karius and Sergeant Jones on the charge of disorderly conduct in Falkord court early in the morning.

W. N. SALLADIN ARRESTED. Accused of Robbing Anthony Koshefski of Forty Dollars.

W. N. Salladin was arrested early yesterday morning in Center street by Patrolman Fred Karius, on the complaint of Anthony Koshefski, who accused Salladin of robbing him of \$40. He was taken to the Center street police station and was yesterday morning held for a further hearing until the case can be more carefully looked into.

Koshefski claims that as he was going through Center street Salladin and another man suddenly seized him. The one then held him tight and the other went through his pockets. As soon as he was released he informed Patrolman Karius. The latter on going through Center street found Salladin hiding in a doorway. His clothing was searched and \$40 was found. Yesterday afternoon he was given a second hearing and discharged, the evidence not being sufficient to hold him.

MEMORIAL DAY PARADE. Arrangements Made by G. A. R. Veterans for the Annual Event. Special Invitations Extended.

A joint meeting was held last night of the Memorial Day committees of Lieutenant Ezra S. Griffin post, G. A. R., and of the Colonel William N. Moore post, in the rooms of the Griffin post, No. 319, to make arrangements for the Memorial Day demonstration.

S. B. Adams was elected chairman and Captain E. W. Pearce, secretary, both gentlemen being members of Lieutenant Ezra S. Griffin post. The committee on flags made its report and the contract for the 650 flags was awarded to J. D. Williams & Bro. These flags, together with 450 potted plants, will be used in decorating the graves of the dead soldiers. The contract for plants and flowers was awarded to W. H. Davis, of West Scranton, and R. W. Palmer, of West Scranton.

Special invitations will be extended for participation in the street parade and general demonstration. Among those who will receive invitations is Camp 8, Sons of Veterans.

Mayor James Moir will receive a special invitation as will also Chief of Police Frank Robling and all the members of the police force, the presidents of select and common council, City Treasurer Robinson, City Controller Howell, Superintendent of the County Schools Howell, and the members of the Twentieth regiment, National Guard of Pennsylvania.

The members of the American Guard of No. 27 school, where the scholars have been formed into four companies, will also be asked to take part. Under the leadership of Professor Hawker in that school, the scholars have been drilled, offered and to each company and a regular military organization formed.

The Veterans of the Mexican War are extended an invitation, as are also the Spanish-American war veterans. A general invitation is extended to all the civic societies to attend. Colonel E. H. Ripple was appointed chief marshal. W. W. Road was granted permission to publish official Grand Army of the Republic programme for Memorial Day. He will have 15,000 put into circulation.

CARPENTERS AT WORK. Contractors Sign the Union Scale at Reading.

Reading, Pa., May 2.—Contractors employing about half of the carpenters in the city have signed the union scale, and thus about 400 men will go to work at once at \$2.25 for nine hours, instead of that amount for ten hours. About 400 other carpenters are on the "President Goodwin" of the carpenters' union, is in receipt of communications from a number of out of town contractors, asking for men and agreeing to pay the union scale. In case any of the city contractors refuse to sign, it is probable that a number of carpenters will accept work in other cities. In accordance with Vice President Voorhees' recent letter the wages of 35 Reading railway shop hands have been increased one and two cents an hour.

COLOR CLAUSE DECISION. Secretary of Agriculture Wells on the Law.

Harrisburg, May 2.—Secretary of the Agriculture Hamilton has written a letter to Dairy and Food Commissioner Wells notifying him that the Supreme court has declared the color clause of the recent oleomargarine law to be unconstitutional. It is his duty, he says, to enforce the law to the fullest extent and refuse to compromise any cases whatever.

Professor Hamilton says that this decision clears the way for the full enforcement of the law.

Are Your Kidneys Sick? Here is an Easy Way to Find Out

Be sure you need medicine before you take it, but having once found out that you need it—lose no time in getting the best. If it's for the Kidneys, Liver, Bladder or Blood, Rheumatism, Dyspepsia, Chronic Constipation, or the sickness peculiar to woman, the best is Dr. David Kennedy's Favorite Remedy, a very simple way to find out if you need it, is to put some urine in a glass tumbler and let it stand 24 hours; if it then has a sediment or a milky, cloudy or stringy, pale or discolored, you do not need a physician to tell you that, you should take Favorite Remedy at once. It speedily cures such dangerous symptoms as pain in the back, frequent desire to urinate, especially at night, burning scalding pain in passing water, the staining of linen by your urine and all the unpleasant and dangerous effects produced on the system by the use of whiskey and beer. All druggists sell Dr. David Kennedy's Favorite Remedy at \$1.00 a bottle, or 6 bottles for \$5.00.

Don't Waste Your Money. But put it into something that is permanent; something substantial, like one of those famous STIEFF PIANOS

There is no greater mistake than to imagine that any piano is good enough to practice on. If the ear of the student be naturally musical, the poor piano will be an endless source of disturbance and torture; if, on the other hand, the musical taste and ear of the beginner be as yet unformed, what can be imagined more harmful, more obstructive to progress than an instrument with an imperfect tone and one that is continually out of order. Suppose the instrument be desired for social purposes only. Even then get a good one. Who does not know the misery of dancing, or singing, or listening to a "rattle-trap"? The main difference between a good, honest piano, and a poor, cheap one, is that while the good one positively improves with use, the poor piano soon displays its real character. For the buyer who believes as we do, that the best is always the cheapest, the Steiff is pre-eminently the piano.
