WRECK ON THE VALLEY.

The Black Diamond Crashes Into a Milk Train.

Special to the Scranton Tribune. Pittston, May 8.—The Lehigh Valley railroad's fast express, the Black Diamond, caused a wreck at the railroad bridge crossing the Lackawanna river just above the L. & B. junction this evening. An east bound milk train, in charge of Engineer A. B. Drake and Fireman Bert Walt, both of Sayre, due at Coxton at 4.40 p. m., was leaving the main track just off the east end of the bridge on its trip over the mountain cut-off. About this time the Black Diamond express, in charge of Engineer P. J. Tubbs and Fireman James Madden, both of Sayre, came thundering along at a rapid rate. The signal at the Delaware, Lackawanna and Western junction showed a clear crossing, but the engineer failed to notice that the cross-over signal, a hundred yards further ahead, was against him. He discovered the train on the cross-over too late and the engine of the Black Diamond crashed into the fourth from the last car of the milk train. Two milk cars were tumbled over and badly smashed and their contents spilled. The two last cars on the milk train were just leaving the bridge, but fortunately kept the track. The steam chest on the side of the engine was smashed and the engine disabled. General Superintendent Robert Wilbur, General Passenger Agent Lee and Division Superintendent Mitchell were on the Black Diamond at the time. Nobody was injured.

STATE NORMAL SCHOOL.

Business Transacted in Interest of Stroudsburg Institution.

Special to the Scranton Tribune. Stroudsburg, May 8.—The East Stroudsburg State Normal school held its annual election yesterday. Ex-Representative Richard P. Schwarz, president, and Messrs. B. F. Morey and Charles Warman were elected secretaries. S. Rosenkrans was judge of election. Messrs. F. C. Kistler, George E. Stauffer and N. W. Ebenberger were re-elected trustees and A. R. Britton, Charles R. F. Schwarz, J. P. Gardner's term, Hon. Theodore V. Hoffman were in the newly-elected directors. Four names were put in nomination for state trustees. Alexander Dixon, of Lackawanna; T. A. Snyder, of Carbon; R. F. Schwarz, of Monroe, and Luther Keller, of Lackawanna. From these names Superintendent of Public Instruction N. C. Slaughter will choose two. Mr. Milton Yetter was elected to fill the unexpired term of H. H. Tector, who resigned during the first year of his directorship. J. K. Fenner stated that he had withdrawn his disclaimer in the quo warranto proceedings now before the court here and will hereafter sit with the board. The statement of the school's finances, read by Morris Evans, showed the school to be in excellent financial condition. The board will organize soon and elect the professors.

SUSQUEHANNA.

Special to the Scranton Tribune. Susquehanna, May 8.—The work of taking up the 80-pound rails and laying 30-pound rails has been carried on by the Erie for some months, and is still to be prosecuted, despite the heavy snow now being secured. It is being lifted up without any object is to have a track that will stand up under the heavy travel and will make the passenger trains easy riding. The chief aim is to get the road in such condition that the heavy passenger train being secured will be able to handle larger trains and move them with dispatch. The Erie's officials protest that they are not going into the spectacular passenger business, but insist that no road is to be allowed to run faster trains than they do between New York and Chicago.

The funeral of William C. Chandler, one of the oldest residents of Jackson township, occurred on Friday last. He was one of the pioneer residents of the county. John G. Brown, the veteran boot and shoe dealer, will discontinue business until fall. Professor Byron W. King, principal of King's School of Oratory, of Pittsburg, will lecture in Hogan opera house on Friday evening, at the commencement exercises of the Oakland High school. Subject, "Eyes That See Not and Ears That Hear Not." The annual inspection of the Erie railroad shows that the road has carried on a campaign of improvement which is ready to complete with the other lines either in freight or passenger business. "Jefferson park," the Erie's new summer resort near Burnwood, on the Jefferson branch, is to be further improved and made attractive. Daniel McDonald, of Susquehanna, is with Marshall Field & company's Chicago exhibit in the American pavilion at the Paris exposition.

Rev. Anthony Broderick, pastor of the Montrose Catholic church, spent Monday with his brother, Rev. P. P. Broderick, in this place. Mr. and Mrs. O. H. Simmons and Mr. and Mrs. Joseph Seddar spent Sunday with Carbondale relatives. Mrs. James Barry, of Great Bend, is seriously ill. The commencement exercises of the Great Bend High school will be held on Friday evening. The commencement exercises of the Hallsdale High school will be held this evening. The Erie will soon start to work to fit out and rebuild many of the freight depots and warehouses all along the line.

At the regular meeting of the board of trade, to be held this evening, the sewerage question will be discussed. Received from the Catholic Relief and Benevolent association \$2,000 insurance upon the life of her late husband. George Mair left for Cincinnati last night to represent the Fifteenth Congressional district in the National convention of the People's party. Mr. and Mrs. Clarence E. Titworth spent Sunday with relatives in Montrose. Mr. and Mrs. William W. Woodruff, of Montrose, spent Sunday with Susquehanna and Oakland friends. The Glenwood A. R. post will

hold memorial services in the town cemetery, May 20. As usual, the sacred day will be generally observed throughout Susquehanna county. Mrs. L. Meade, of the Oakland side, is gradually recovering from a severe surgical operation, performed in Dr. Miller's private hospital in this place. Mrs. Frank A. Jackson's convalescence is at Dr. Miller's private hospital in this place, suffering from a cancerous affection.

But a portion of the Susquehanna county census enumerators have, as yet been appointed. A very large percentage of the applicants satisfactorily passed the test examination. The tramp army has started upon its annual summer march, and railroad policemen and detectives are kept busy. Miss Mary Gallagher, of Wilkes-Barre, is the guest of Susquehanna friends.

Thomas Kilrow, of Great Bend, was in town on Monday. Mr. and Mrs. Charles A. Graves, of New York, returned home on Monday from a visit with their parents in Susquehanna.

Miss Nellie Clancy, of the Oakland side, has resumed her duties as a teacher in the Thomson school. Rev. C. C. Mackey, of Wyalusing, Bradford county, has assumed the pastorate of the First Congregational church in Oakland. He is the first pastor of the church. The different railroads are preparing for a heavy excursion business this season. The different resorts are being vastly improved.

FACTORYVILLE.

Special to the Scranton Tribune. Factoryville, May 8.—The machinery for the butter and cheese factory has arrived, and is being placed in position, which will only take a few days. Then the dairymen will commence to deliver their milk. The cattle of the milk cans again will be welcome music to many ears. The remains of Mrs. Andrew Featherby passed through here en route to the Stark cemetery yesterday, where they were interred. She, for many years, was a resident of Nicholson township, but recently she had made her home with her sons at Scranton, where she died. She was well-known throughout this section. Our Monday's letter got lost by the wayside somewhere, hence the absence of several items of interest to the public.

Funeral Director G. W. Stanton is improving the front of his residence and store by putting on a new porch. The Epworth league will have charge of the services at the Methodist Episcopal church next Sunday evening, and will celebrate their elaborate anniversary with a large and elaborate programme will be rendered.

Captain E. J. Rice, post of the G. A. R., will meet in regular session Friday evening. Our station agent, H. L. Harding, is the proud proprietor of a bright new go-cart, but he is not wheeling a baby in it. It is furnished for Uncle Sam's use in carrying the mails to and from the postoffice.

Factoryville encampment, No. 216, will meet this evening and confer the royal purple degree. All members are requested to be present. C. W. Dean turned Sunday morning from Missouri, where he purchased a car load of fine horses.

Mrs. W. H. Capwell, of Dallas, Pa., was a pleasant caller here Tuesday.

HARFORD.

Special to the Scranton Tribune. Harford, May 8.—Mr. and Mrs. Seth Page, of Lakoside, visited Mr. and Mrs. P. R. Tiffany, Monday. E. S. P. Line, of Brooklyn, was a caller in town last week. Miss Daisy Birch, of Dimock, is visiting her aunt, Mrs. S. B. Salesbury. Mr. and Mrs. W. H. Dodd, of Factoryville, visited Mrs. James Rogers, Saturday and Sunday. Hiland Esterbrook has been appointed census enumerator for Harford. Invitations are issued announcing the marriage, Wednesday evening, May 10, at 8 o'clock, at the home of the bride's parents, of Emily J., daughter of Mr. and Mrs. Ernest W. Harding, to George B. Payne, of Gibson.

Mr. and Mrs. Joseph Wallis, of Carbondale; Miss Cowin, of Scranton; Mrs. W. L. Rogers and daughter, Mildred, and Mrs. Helen Pollett, of Jersey, attended the funeral of their aunt, Mrs. D. M. Farrar, May 3.

Mrs. G. R. Ressegue is drilling the chorus for the centennial. Mrs. Sarah, wife of D. M. Farrar, died very suddenly Tuesday morning of neuritis of the heart. The funeral services were held Thursday at one o'clock in the Congregational church. The Odd Fellows attended in a body.

POLITICS IN PARIS FAIR.

Government Uses the Great Show to Influence Elections. Paris, May 8.—Should the French officials hold to the strict letter of the decision to permit no installation of exhibits after next Saturday the effect on the laborers of many countries and private exhibits will be disastrous, although that date is a month after the formal opening. The exposition, as yet far from complete, and many curators filled with exhibits, some of them American, are still outside the grounds. America will suffer less than other countries, but the action of the French officials will still be a hardship. The pronouncements, however, is generally regarded as intended for home consumption, as the unfinished condition of the buildings undoubtedly has its effect on the election held last Sunday, when the Nationalists had such a decided victory. Next Sunday elections are to be held in the districts where second ballots are necessary, and the decree is believed to be intended to indicate to the people the earnest effort of the government to hasten the completion of the exposition. A storm has seriously damaged the United States section of the electricity exhibits. Water poured through the leaky roof, ruining the decorations and carpets and damaging the facade, which is one of the most attractive. The water badly warped it, and all work there has been stopped until the

extent of the damage to the wiring is ascertained. At a cabinet meetings today, presided over by President Loubet, the ministers discussed the results of the recent municipal elections. A semi-official note afterwards issued says: "Telegraphic reports from the prefects unanimously indicate the strengthening of the Republican forces in all the important communes where the results are known, the Republicans having captured over forty municipalities."

Washington, May 8.—The detailed statement sent to the senate yesterday by the chief of the United States Paris exposition commission from the date of its organization to Dec. 31, 1899, shows that the total amount paid for the exposition was \$187,768, and for traveling expenses, \$53,387. A list of items are charged in lump sum, as for instance, newspapers, press clippings, photographs, messenger service, cab hire, express and freight charges, \$16,000; ordinary services of draftsmen, \$10,477. The commissioner general, Ferdinand W. Peck, has received \$11,031 as salary and \$3,724 as traveling expenses, a total of \$14,755.

COMMITTEE REPORTS.

Submitted to the Methodist Conference at Chicago.

Chicago, May 8.—Reports from the various committees of the Methodist Episcopal general conference have been submitted to the assembly through the medium of the handbook, and the specific reports were taken up for consideration by the committees. Among the committees in which interest centers is the "commission of federation." Two ends which are regarded as immediately attainable are presented. These are the free interchange of preachers between churches and the proper arrangement and the establishment of some kind of arbitration board to adjust matters in the towns and cities where the two Methodisms meet.

Resolutions adopted at the joint meeting of the commissions south and north in Washington, Jan. 7, 1898, are submitted to the conference. Condensed they are as follows: 1. Resolved, That the general conference approve the acts of the commissions. 2. That the commissions be continued through the year ending in 1901. 3. That they be given power to execute with the college of bishops the measures so far adopted touching matters of general administration. 4. That they have power with the board of missions to execute the measures regarding the mission fields.

Resolutions made that the college of bishops be authorized to appoint a committee to compile a complete doctrinal catechism for both churches. It is also recommended that the conference in the future direct measures for the joint administration of the missionary interests in China and Japan. The members of the commission are President Mead, Bishops Wood and Hanson, Rev. L. Wilson, R. J. Coward, Laymen Robert T. Miller and Thomas H. Murray.

The summary of the remaining reports for the quadrennium is as follows: Episcopal Fund—Excluding 1899, \$3,333,000 received for the deficit for the last four years to \$2,827,337. Surplus in 1899, \$548,768. Total of \$3,385,768 for four years ago. General Missionary Committee—Deficit of \$2,907,000 to \$43,000, and this covered by unpaid pledges. \$5,000,000 in 1900. \$1,000,000 as follows: Membership, \$2,735; Sunday school scholars, \$7,640; self-support collections, \$174,822; church and churches in foreign lands, \$272,814; missions, \$2,000,000.

Education—Two hundred and twenty-eight colleges and schools; total value of property and endowments, exclusive of debts, \$25,909,471. During year ending June, 1899, \$2,000,000 were in attendance. Income that year was \$74,249,899 from fees and \$1,000,000 from gifts. This is reported as inadequate. Church statistics show a decline in the committee reports that its name be changed to "Church Extension Conference." A plea for a larger appropriation is made. A bonded indebtedness has been reduced from \$600,000 to \$400,000. Rev. Alfred Johnson, K. T. L., creator of organized church extension and secretary to the committee for nearly twenty years, died June 1st, at Hartford, Bartholomew lamp and E. M. Smith. Freedman's Aid and Southern Education Society—Organized thirty-four years ago last August, this mission has a total of \$117,000,000 expended nearly \$7,000,000 in southern states, has nearly fifty schools, has \$2,155,200 invested in school property, more than 200,000 young men and women are in attendance. The school attendance now of 10,000, three-fourths of whom are colored. The industrial school has 2,500 students.

United Union—The body consists of over 3,000,000 persons, directed by a board of managers which includes thirty ministers and thirty laymen, appointed every four years. Received statistics show: Number of schools, 21,548; increase in four years, 1,539; teachers and officers, 247,944; decrease of 4,243; number of scholars, 2,673,429; increase of \$9,271.

Woman's Missionary Society—Reports an increase in collections of \$14,797 in the quadrennium over previous periods. There are 165 missionaries in active service. The home societies, 2,000,000 in number, report property valued at \$566,000. Trustees—Trusts now held amount to \$267,477.66, of which \$126,268.04 was held four years ago. During this period were \$126,208.62 disbursements, \$110,000.

City Evangelization Union—Fifty societies are now included and an average of from \$10,000 to \$20,000 a year is raised by them. The total for the quadrennium is \$720,000. Epworth League—Total membership is reported as 27,018 chapters, with 1,750,000 members. Reported statistics show: Number of schools, 21,548; increase in four years, 1,539; teachers and officers, 247,944; decrease of 4,243; number of scholars, 2,673,429; increase of \$9,271.

The receipts of the subordinate camps during the year were \$102,000, and their assets are \$245,000.

OF INTEREST TO LABOR.

Bidders Cannot Be Restricted to Employer Union Labor.

Chicago, May 8.—Judge Tuthill yesterday granted an injunction restraining the C. & N. Y. board of superintending engineers from its advertisement for bids for "bidding" but with a stipulation that the work must be done by union workmen. The case was brought by the Contractors' council. The contractors assert that they are barred from the bidding because the advertisements call for none but union labor. Judge Tuthill said there was no decision of a competent court which upheld the position of the county board and that they had no right to demand that any particular sort of labor be employed. "They are as much outside the law," he said, "as demanding the employment of union labor as they would be if they demanded that none except Presbyterians or Methodists be employed. The law says that we shall give the contract to the lowest responsible bidder. They are to judge the responsibility of the bidder, but they have absolutely no power to restrict the bidders to the employment of any special organization of men."

MRS. WILSON'S FUNERAL.

Largely Attended at Wilmington Yesterday.

Wilmington, Del., May 8.—The funeral of Mrs. Ella Wilson, wife of Major General J. H. Wilson, took place today from the residence of Henry B. Thompson, General Wilson's son-in-law. Services at the historical Old Swede's church were conducted by Bishop Coleman. Rev. R. Ashton Henry, rector of Holy Trinity church, and Rev. Malin M. Dunlap, internment was in Old Swede's cemetery. At the tomb, Mr. Henry recited the committal service and the bishop pronounced the benediction. At the same time casting several benedictions on the tomb. The floral tributes, which were very beautiful, included a large wreath sent by President McKinley and one by the servants of the Wilson household at Matanzas. A large attendance of citizens were present at the interment.

RUSSO-CHINESE FRICTION.

Serious Trouble on the Manchuria Railroad Route.

London, May 8.—The St. Petersburg correspondent of the Times says: "Reports have reached here of serious friction between the Russian and the Chinese in Manchuria, on the Russian railway construction route. In one case a detachment of thirty-five Chinese soldiers shot the Russian captain of ten Cossacks who were doing police duty. The Cossacks attacked and pursued the Chinese, cutting them down. The Russian government sent a complaint to Peking, demanding the punishment of the highest Chinese official of the district. China complied. 'There have been several murders and mutilations of Russian engineers by Chinese brigands.'

CHINESE REFORM MOVEMENT.

Pekin Government Finds It Is Not of Alarming Proportions.

Victoria, B. C., May 8.—Oriental advices by the steamship Tosa Maru indicate that the investigation by the Chinese government has shown that the reform preparations have not yet advanced to such an extent as to become an active source of alarm. Large quantities of arms are going into China, but in small quantities for each consignment, and usually for purposes of protection to private interests. About 100 of the Japanese immigrants brought over by the Tosa Maru are weavers by trade, and it is understood that they are contracted for by eastern United States manufacturers.

WILL TALK POLITICS.

Governor Roosevelt Mentions His Trip to Washington.

New York, May 8.—Governor and Mrs. Roosevelt arrived in this city today and after luncheon at the home of Douglas Robinson started for Washington. The governor was asked if he would make the speech at the convention nominating President McKinley for a second term. He replied that he did not know but that "he would know more about it when he came back from Washington." Continuing, Governor Roosevelt said he was going to Washington to visit his sister, but that he would also talk some politics while he was there.

CORPORATIONS CHARTERED.

Harrisburg, May 8.—Charters were issued today by the state department to the following corporations: The Hughes and Dravosky Street Railway company, to build a line two miles long in the borough of Harrisburg, capital \$125,000; Hazleton Beulah, Flag and Budge company, Hazleton, capital \$100,000; Cheast Haven Coal and Coke company, Pittsburg, capital \$100,000; Columbia and Monaca company, Pittsburg, capital \$100,000; Rawson Coal company, Ellwood City, Lawrence county, capital \$80,000.

PERINA CURES CATARRH OF KIDNEYS EVERY TIME

CATARRH OF THE KIDNEYS PRODUCES BACKACHE. DANGEROUS KIDNEY DISEASES CURED. Perina Creating a National Sensation in the Cure of Chronic Ailments of the Kidneys. Mr. John Vance member of Company J, 1st Ohio Infantry, First Brigade, Second Division, Fourth Army Corps, who lives at Hartford City, Ind., in a letter dated June 7th, 1899, says: "My kidney trouble is much better. I have improved so much that everybody wants to know what medicine I am using. I recommend Perina to everybody and some have commenced to use it. The folks all say that if Dr. Hartman's medicine cures me it must cure you. In a later letter he says: 'I am still improving in health; people call me well now. I am still using your medicine. People want to know what has done me so much good and I can easily tell them.' Mr. J. Brake, of Petrolia, Ontario, Canada, writes: 'Four years ago I had a severe attack of Bright's Disease, which brought me so low the doctor said nothing more could be done for me. I began to take Perina and in three months I was a well man, and have continued so ever since.' The kidneys separate from the blood a peculiar salt known as urea. If this salt is allowed to accumulate in the blood it quickly produces blood poisoning. If the kidneys allow the serum of the blood to escape, it forms a fatal drain to the system. (albuminuria) Catarrh of the kidneys will so derange them as to produce both of the disastrous results, for not only will the kidneys fail to excrete the urea from the blood but will also have a tendency of the blood to escape with the urine. If the kidneys are healthy they will excrete the poison from the blood. The renal veins return the purified blood from the kidneys to the general circulation. At the appearance of the first symptom of kidney trouble, Perina should be taken. This remedy strikes at the very root of the disease. It once relieves the catarrhal kidneys of the stagnant blood, preventing the escape of the serum from the blood. Perina stimulates the kidneys to excrete from the blood the accumulating poison, and thus prevents the convulsions which are sure to follow if the poison are allowed to remain. It gives great vigor to the heart's action and digestive system, both of which are apt to fail rapidly in this disease. Catarrh of the kidneys quickly leads to chronic Bright's disease. Perina should be taken at the appearance of the first symptom. If taken in the early stages of the disease, Perina is sure to cure every case of catarrh of the kidneys simply because it cures catarrh wherever located. No other systemic catarrh remedy has as yet been devised. Insist upon having Perina. There are no medicines that can be substituted. A book on catarrh, written by Dr. Hartman, will be sent free to any address by The Perina Medicine Co., Columbus, Ohio.
