

CLEVELAND'S Superior Baking Powder

is the great help of modern times to perfect cake and biscuit making, and many a young housekeeper has found the beginning of her success in cookery in its employment.

CLEVELAND BAKING POWDER CO., NEW YORK.

Imitation baking powders are lower in price, but they are mostly made from alum and are injurious to health when taken in the food.

LIVE NEWS OF THE INDUSTRIAL WORLD

MAKE UP OF THE D. L. & W BOARD FOR TODAY.

- A. G. Hamant will go out on 11 p. m. wildcat north, May 19th, in place of W. H. Bartholomew.

Conference Was Fruitless. The striking employes of the Mt. Pleasant mines sent a committee to confer with officials of the Fuller Coal company yesterday afternoon in relation to the existing trouble between employers and employes. The whole matter was gone over, but the miners refused to recede from their position, and the result was that the conference was fruitless.

Dun's Review of Trade. New York, May 18.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:

Business is not what it was a year ago, but men do not agree in defining the difference. The working force, then increasing fast, is now decreasing. Business in some lines has been hindered by the holding of prices so high as to check consumption. The closing of works by the steel and wire company, followed by the reduction of \$2 per ton in price of its products, the closing of many paper mills because of over production, the sudden reduction of 70 cents per 100 pounds in lead from the price to which it was raised late in December, the report that tin plate works may be closed awhile for similar reasons, create a feeling that some business no longer has the guarding and guiding influence of prices answering quickly to the demand for consumption. But progress toward a healthy adjustment has been rapid with the past week.

Transactions at Pittsburgh in Bessemer pig seem to be largely at "guaranteed prices," so that definite quotations are avoided, though much Bessemer from the east is offered at very low figures. Grey forge is a shade lower there, and local coke in Chicago, while No. 1 Lehigh is quoted at \$21.50 here, bars sell at Pittsburgh for \$1.75, while the Pittsburgh association reaffirms its quotation of two cents, which is shaded with plates also sell there at 70 off \$1.75 quoted at Philadelphia. The demand for structural and other products have been reduced in part by building strikes.

Cotton has broken in price and may go lower. The movement of grain continues large, corn still rivaling wheat in quality exports. Atlantic exports of wheat in three weeks of May have been flour, included 8,332,041 bushels against 7,016,540 last year, and Pacific exports, 2,303,909 bushels, against 1,367,906 last year, while exports of corn in the same weeks have been 10,352,958 bushels, against 8,914,536 last year. Wheat has advanced over a cent, and corn shows no change for the week, but in both grains the prospect for the coming crop is excellent. Failures for the week have been 117 in the United States, against 147 last

INSTRUCTIONS TO THE ENUMERATORS

PAMPHLET ISSUED BY THE CENSUS BUREAU.

Official Badge Furnished the Enumerator Should Be Attached to the Vest, Under the Coat—Rights of the Enumerator Are Clearly Indicated in the Census Act—They Are Cautiously Not to Intrude Compulsory Feature of Enumeration.

Before assuming their part in the taking of the twelfth United States census local enumerators are expected to peruse carefully the instructions compiled for their benefit, in pamphlets issued by the census bureau at Washington.

The Lehigh Valley has most of its car repairers at Packerstown at work equipping coal cars of the 40,000 capacity type with patent couplers. The interstate commerce commission have given the railroads until August 1 to equip their cars with the new couplers and the railway will be kept busy from now until that time in changing the equipment of their cars. The cabooses will be called in after the 40,000 cars are fitted up.

MINOOKA. John Coyne, of Stafford street, was slightly injured at the Taylor mines by having his knee caught between two loaded cars.

Thomas Jeffers, of Davis street, who has spent the past year in Pittsburg, is visiting his boy home.

The Minooka team plays the Sunsets of Scranton on the 20th on the home grounds.

The Young Men's Institute held a meeting last evening, at which arrangements were made for their coming excursion on the 27th of June. This affair promises to be a day of genuine pleasure for those who attend.

Mrs. Daniel Gorum, of Ashley, was a guest of Mr. and Mrs. James Connelly yesterday.

Messrs. Thomas King and Edward Toole took a spin to Wilkes-Barre yesterday.

The Maroon base ball club is to have an entertainment at St. Joseph's hall May 25. A good programme is arranged.

There is to be a dance at Dominic Bunvitt's, in Greenwood, this evening.

Another of Minooka's enterprising projects has met the fate that has been administered to so many other enterprises that have been organized in this town and lived a short time only. We refer to the hose company, which had such bright prospects.

Death on the Crossing. Bethlehem, Pa., May 18.—George Scheiber, driver of an express wagon, was struck by the Philadelphia and Reading express train at Elm street grade crossing, Scranton, tonight, and instantly killed. One of his horses was killed and the wagon demolished.

From Washington. How a Little Boy Was Saved. Washington, D. C.—"When our boy was about 16 months old he broke out with a rash which was thought to be measles. In a few days he had a swelling on the left side of his neck and it was decided to be mumps. He was given medical attendance for about three weeks when the doctor said it was scrofula and ordered a salve. He wanted to lance the sore, but I would not let him and continued giving him medicine for about four months when the bunch broke in two places and became a running sore. Three doctors said it was scrofula and each ordered a blood medicine. A neighbor told me of a case somewhat like our baby's which was cured by Hood's Sarsaparilla. I decided to give it to my boy and in a short while his health improved and his neck healed so nicely that I stopped giving him the medicine. The sore broke out again, however, whereupon I again gave him Hood's Sarsaparilla and its persistent use has accomplished a complete cure. I do not think there will be even a scar left. I cannot speak too highly of Hood's Sarsaparilla and I recommend it every where I get a chance." Mrs. NETTIE CHASE, 47 K St., N. E.

Like Magic. "A complication of troubles, dyspepsia, chronic catarrh and inflammation of the stomach, rheumatism, etc., made me miserable. Had no appetite until I took Hood's Sarsaparilla, which acted like magic. I am thoroughly cured." N. B. SELLET, 1874 West 14th Ave., Denver, Col. If you have failed to get relief from other remedies try Hood's Sarsaparilla. It cures when all others fail, because it is Peculiar to Itself.

INFORMATION SOUGHT.

Information sought. It must not be given or lent for any purpose to an unauthorized person, but may be retained as a souvenir after the completion of the enumeration.

RIGHTS OF ENUMERATORS.

The rights of an enumerator are clearly indicated in the census act. They have the right of admission to every dwelling (including institutions) and to every manufacturing or mechanical establishment within their district for the purpose of obtaining information required within their district for the purpose of obtaining information required by the census office. They have a right to put every question contained in the census schedules and to obtain answers to each and all of them.

They are cautioned, however, not to intrude needlessly upon any person visited, the compulsory feature of the enumeration. In case their authority is disputed they should display their official badge and commission, which they should carry to be shown in case of necessity.

After all other means have failed, they should call the attention of the person refusing to give information to the penalty of section 22 of the census act, which says that any person who willfully neglects or refuses to give true and complete answers shall be guilty of misdemeanor, and upon conviction thereof shall be fined not exceeding \$10,000, to which may be added imprisonment for a period not exceeding one year.

Enumerators have no right to communicate to any person any information obtained by them in the discharge of their official duties. By so doing, they will render themselves liable upon conviction to a fine of \$500.

HOURS OF WORK. It is expected that enumerators will devote ten hours at least every day except Sunday, beginning with June 1, to the diligent canvassing of their districts. When the obtaining of information required will be facilitated by

doing their work in the evening, they are at liberty to do so.

They are particularly cautioned against losing time in their canvass and loitering on the way.

On entering a house they should state their business in a few words, ask the necessary questions, make the proper entries and as soon as their business is completed leave the premises.

The use of interpreters should be avoided as far as possible and no expense should be incurred for the employment of an interpreter in an enumeration district except in those cases where it is absolutely essential to the proper completion of the work. No such expense should be incurred, however, unless it has been previously authorized, through the supervisor of the district, by the director of the census.

DUNMORE.

The funeral of Harry Bovard, the oldest son of Superintendent and Mrs. E. D. Bovard, who died Thursday evening after an illness of about one year's duration, will take place from the family residence on North Blakely street tomorrow afternoon at 2 o'clock. Rev. A. J. Van Cleft, pastor of the Methodist Episcopal church, will officiate and interment will be made in Dunmore cemetery. The deceased was a young man of excellent habits and during the short time he had lived in this vicinity he had made a host of friends who were pained to hear of his demise. When taken sick every precaution was taken to ward off the disease and he steadily declined until March when he returned home. Mr. and Mrs. Bovard have the profound sympathy of the whole community in their sad bereavement.

An interesting argument that was quickly settled took place on Apple street, near Hall's wagon works last evening, when John Richards and Hugh Kelly had a dispute as to the fighting abilities of James Jeffries. Both had been to the Academy and witnessed the three-round sparring exhibition which gave Kelly a poor opinion of the champion. Richards did not like the idea of hearing his favorite abused and quickly informed Kelly that if he did not cease, he would have the same medicine administered to him that placed Corbett in the land of dreams. Kelly became excited and only "ceased" when he received an uppercut and was placed on his back in the mud. Time of round, eight minutes.

A force of men are engaged in grading and sodding the ground around the new Jenkins-Powell silk mill on Thop street. When the fence and grading is completed the place will be a picturesque one and up to date.

Services at the Methodist Episcopal church, Rev. A. J. Van Cleft, pastor, tomorrow will be as follows: Morning service, sermon, "Manasseh, Judah's Wicked King," at 10.30 a. m.; Sunday school at 2.30 p. m.; evening, sermon, "Christian Science, Faith Cures and Other Cures," at 7.30 p. m. The evening sermon will be the first of a series of sermons on Christian science. Seats free, gentlemen usher and all made welcome.

Mr. George Ellis, a student at Wyoming seminary, is spending a few days at his home on Church street.

Thorn, the young son of Mr. and Mrs. Thomas Brink, of Apple street, is ill with pneumonia.

Miss Anna Crooks, of Gouldsboro, has returned home to visit with Miss Marie Webber, of Harper street.

Mrs. James Wallace, of Blakely, and Mrs. George Williams, of Peckville, spent yesterday with relatives in town.

Miss Clara Collins, of Butler street, is confined to her home with illness.
