DAVIS ATTEMPTED SUICIDE.

John Davis, of 1111 Swetland street, whose cup of sorrow has overflowed the past few days, attempted to end 9.15 o'clock tomorrow morning with a his life Saturday night by taking an overdose of creosote, but was prevented by his wife before he accom-

> The man returned to the house in an intoxicated condition, and made arrangements to end his miserable existence by spreading a bed quilt on the July 14. floor and taking the poison. When his wife, who was next door, heard his employes at Laurel Hill park yestergroans, she summoned a physician, who applied the proper restoratives, and Davis soon recovered.

The fellow has been arrested several times recently and became despondent. A strange coincidence in connection with the affair was that the woman Davis attempted to kill on Thursday saved his life forty-eight hours afterward.

THE STRENUOUS LIFE *******************

OF TODAY MORE WEARING ON WOMEN THAN ON MEN.

How Best to Aid Nature in the Unequal Struggle.

Dr. Cyrus Edson, the great specialist says in the North American Review, these true words: "This American lite of ours is far more wearing on women than on men. They have, as a rule, more nervous organization, they are intensely affected by the strain. Two or three children are born and the mother is a physical wreck, she ages soon, far sooner than she should, and

drags her weary days along." The delicate nervous organization of women, especially when great strain is put upon it, needs assistance, and in the simple vegetable scientific preparation, Warner's Safe Cure, this aid is surely found. This statement is no idle boast, but an established fact deduced from results attained through the use of this great specific in all parts of the civilized world for the past quarter of century.

Knowing the inherent modesty of women, Warner's Safe Cure company has secured the services of Mrs. Alice E. McCullough, M. D., who will give medical advice free to any applying for same.

The subjoined testimonial from a well-known and trustworthy woman is but a sample of those daily received: Mrs. J. W. Arnold, of Lafayette, R. I., writes as follows: "I had been alling quite a while, not sick enough to be in bed but just felt bad all over; paip!tation, a faint feeling at my stomach, then flashes of heat all over; lame back, retention of fluids, then again too copious; sickness at stomach, headache over eyes and top of head, also at back of neck. I had no ambition, my work was a drag on me, could not sleep well, not much appetite and was thoroughly discouraged. At this juncture a friend advised the use of Warner's Safe Cure and I tried it, three bottles in all, and have continued in good health ever since. My age is 45, am a farmer's wife and have lots to do. You are at liberty to use this as you think best. as I have to thank Safe Cure for the good health I enjoy today."
