GARDNER PLEADS GUILTY.

Profound Sensation Created Stroudsburg.

Special to the Scranton Tribune Stroudsburg, May 25.-A sensation was created yesterday when the news was received from Philadelphia that Howard S. Gardner, one of this town's best known young business men, had pleaded guilty on the charge of using the mails with intent to defraud. A number of prominent people were sub-poenaed, including Mayor Arthur Staples and George C. Hughes, proprietor of the Daily Times, to testify to Gardner's good character. These men were not called. At first Gardner stated that he was not guilty, but before H. S. Harding, as commissioner, so overwhelming was the evidence in the equity suit of Celestia DeWitt against him that on the advice of his counsel, Joseph J. Murphy, of Philadelphia, he changed his plea to one of guilty. A score or more of millers from all over this and New York state were present at the trial. Gardner was ar-rested at his home here early this year by Inspector H. J. Gorman, of Scranton. He was found hiding in the cellar in his residence on Main street. After a preliminary hearing in Philadelphia was admitted to bail, but later his bondsmen surrendered him and he has been awaiting trial in Moyamensing He will serve his sentence, which will likely be over two years, in the Eastern penitentiary.

Gardner's arrest was caused by his using the mails with intent to defraud. He was a mill broker. He would order a car of flour shipped to a certain point and then sell it at a low figure, for getting to remit the price. It is said that he received, in the course of a few years, eighty different cars of flour.

SAYRE MERCHANT IN TROUBLE He Is Arrested on Charges of Frand and Forgery.

Special to the Scranton Tribune. Towarda, May 25.-Charges of fraud and forgery have caused the arrest of A. L. Nickert, a former wholesale merchant at Sayre. He was arrested this week at Emaus, Lehigh county. The warrant for fraud was issued on the complaint of M. H. Sawtelle, cashier of the Sayre bank, and charges that on July 24, 1899, Nickert borrowed \$1,000 on a note, by claiming he was worth \$15,300. In October, 1899, in order, to stop collection of this amount, he offered to give them a mortgage of \$3,000 on real estate in Emaus as collateral. The offer was taken, and he presented a new note and the mortgage. This mortgage had previously been satisfied, and Wickert, it has

been alleged, was aware of the fact. The warrants for forgery were issued by complaint of M. J. Murphy, cashier of the Athens National bank. One was for a note for \$63, payable to A. L. Wickert at the Athens National bank and signed by David B. Boyer. The other was a note for \$78, payable to the same person at the same place, and signed by Jacob Brewer. Both, it is alleged, are forgeries. Bail was furnished for a hearing on June 25,

Boilermakers Strike. Special to the Scranton Tribune.

Member Board of Health. Albert Lea, Minn.

DR. LEANDER J. THOMAS. The Peruna Medicine Co.: 'I have repeatedly had occasion to note the valuable qualities of Peruna in cases of diseases of the bladder, kidneys and other pelvic organs, and I recommend it in cases of weakness peculiar to women. as it seems to afford speedy relief and a permanent cure."
DR. LEANDER J THOMAS, Albert Lea, Minn.

Dr. Thomas is a member of the Board of Health, Albert Lea,

A person who has chronic catarrhal difficulties and has not given Peruna a fair trial, is unfortunate, indeed. To be afflicted with chronic catarrh and not try Peruna, is as foolish as to have the old-fashioned chills and fever and refuse to try quinine, or to have a broken bone and not allow the doctor to set it.

Peruna has come to be so universally recognized as a specific cure for ca-tarrhal affections, acute or chronic, that it is amazing that anyone should continue to suffer on with such a per-sistent malady, neglecting to take a remedy that is sure.

Congratulations Pouring in from All Parts of the World to Hartman for the Success of His Universally Acknowledged Catarrhal Tonic.

Peruna worked wonders for me, not only completely healing the lungs but curing the catarrh of the head as well, which had set in." MRS. J. BENSON,

Manager Pfau, of the Central Trust Co.

J. LOUIS PFAU, JR. To The Peruna Medicine Co.: "Last June I had a severe attack of nasal catarrh which was very annoying and debilitated my system. Seeing your advertisements I wrote you for advice. I used Peruna constantly, until last November, when the symptoms disap-

peared entirely."

J. LOUIS PFAU, JR.,
Suite 201, Times-Herald Building, Chicago, Ill. Mr. Pfau is manager of the Central Trust Co.

Of-course, it may be that many peo-ple have not yet come to know of this remedy for catarrhal affections, but it is strange it should be so after such multitudes have been cured by it and so many papers have heralded it from one end of the country to the other. Men and women of all ages and rank, the rich and poor, the learned and illiterate, are daily giving unsolicited testimony to the fact that Peruna will cure all catarrhal diseases. A free book en catarrhal aliments, written by Dr. Hartman, the com-pounder of Peruna, will be sent by The Peruna Medicine Ce., Columbus, O.

spirits diluted with water is, perhaps. not enough totally to intoxicate the cannot face a glass of invigorating wine at dinner and drinks ice water; he centinues, however, his toping be fore going to bed; this is the man whom I call the semi-toper.

Of such men, young and old, you have thousands and many of them eventually become topers or drunkares. It is against this habit of drinking between meals that I wish to warn; this continual drinking is not needed: it does not even quench the thirst.

weakens the digestion, and does incalculable harm, more particularly as mest of the intermeal drinks are iced. I believe that this habit of drinking diluted whiskey, gin or brandy would be considerably diminished if people would abstain from drinking between meals, but if persisted in would certainly be much less harmful if good wholesome wine were offered at bars. as is done in France, Italy, Spain, etc. The well-fermented natural California American clarets are cheap enough could be sold at 10 cents a tumbler and if mixed with half water would be light, pleasant and invigorating and

absolutely harmless. For public merality's sake, as helping to get rid of drunkenness, it would clearly be a wise step in legislation te admit pure and natural wines inte this country free of any duty whatever. Nothing would so much help to decrease the whiskey drinking and get rid of the toper.

A YOUNG MAN OF ACTION.

From the Saturday Evening Post.

James A. LeRoy, secretary to Dean C. Worcester, of the Philippine commission, has a faculty for meeting all sorts of emergencies in apparent impossible ways.

In '96, when he was captain of the L'niversity of Michigan track team, he sprained his ankle and had to break training. He went with his team to Chicago to attend the western intercollegiate meet, but did not expect to contes and did not even take his track suit. But a man whom he had counted on to win the broad jump got sick. Leltoy saw defeat staring his team in the face. He was entered for the games and had the right to take part. He borrowed a suit and pair of spiked shoes. He walked to the track with a look of determination on his face that made his supporters prophesy success in spite of his had ankle and lack of training. When his turn came he tore down the field in a way that made the Michigan men hold their breath. He rose at the take-off and landed just twenty-two feet and seven luches away, breaking the western record and defeating his neares

"A Foreigner" in the New York Sun.

I now come to discuss the toper and the semi-toper. Of the former, we have quite as many in England as here, but by no means as many semi-topers; this is easily explained; it is mainly due to the hospitality of the American.

A man meets a friend in the street at any time of day; he at tone, in his hospitable kindness of heart, invites him to a drink, vulgarly called a "smile."
