## The June Sale of Muslin Underwear Crisp, Cool Garments--Tempting Prices.

Right on the crest of the warm wave comes the White Sale's announcement. The June Sale with all its freshness and daintiness is here again and this year better and greater than ever before. The success of the sale is assured at the start by the very low prices at which the goods have been marked, but of far greater importance to most of Our Public is the fact that this sale offers

## GARMENTS OF HIGHEST CHARACTER FOR SO LITTLE.

Yet we could have bought cheaper goods---that is, the same sort of garments for less money, but they were neither worthy of us nor you. Some goods that we bought were returned because not equal to samples --- not made well enough to let them be sold in Connolly & Wallace's. This carefulness is why the particular women whom we serve wait for and profit by the Connolly & Wallace White Sale. All the merits of good taste in the designing and trimming, with neatness in making, that the most exclusive garments have; yet as low in price as the most thrifty woman will care to have them. Our immense purchases make possible such low prices on goods of such high character. Read on:

Road Commissioners Arrested.

Special to the Scranton Tribune.

Towanda, May 30 .- C. Streeby, E. T. Molyneaux and J. Sheahan, road commissioners of Overton township, have been arrested, charged with refusing and neglecting to maintain and repair a piece of road in their charge. The complaint was made by two of Overton's prominent taxpayers. The complaint claims the place of road is out of repair, unsafe and dangerous, having been in that state for some weeks. The hearing is down for tomorrow.

FACTORYVILLE.

Factoryville, May 30,-Considerable enthusiasm is aroused among our citizens over the contemplated railroad from this place to Lake Winola, to be built by the Lackawanns. Such a road would be one of the best improvements to this community that we have had farming district and passing through some of the finest scenery in Pennsylvania. Th residents of this town and the vast number of people who frequent Lake Winola have been working

with might and main for years to the vise some means of connecting this popular resort with the outside would. either by steam or an electric road, but have falled up to the present time. If the Lackawanna officials, who went over the proposed route from this place last Tuesday, report favorably to President Truesdale (and it is reported they will), no doubt there will be a road constructed in the very near future. There is an easy access to the lake from this point, and the road could be built by going a distance of five or six held.
