PERSONAL

Edward Moran, of this city, was an usher at a wedding in Philadelphia Tuesday.

Richard Kimmacher, of Green Ridge, is entertaining his mother who arrived this week from Germany.

P. V. Kilgallon and niece, Mrs. Mary Kilgallon, of Butte City, Mont., are the guests of Thaddeus Roehrig, of Providence, road.

Miss Mame Donohoe, of the West Side, left yesterday morning for Providence, R. I., where she will spend the next few months.

Edward I. Chambers, of this city, has been caught to Vineland, N. J., by the sudden death of his father, Dr. Giles B. Chambers.

The degree of Doctor of Divinity was yesterday conferred upon Rev. Rogers Israel, pastor of St. Luke's Episcopal church, by Dickinson college, Carlisle.

G. G. Barbour, of Lackawanna avenue, left yesterday for his former home in Owego, to attend a reunion of the company in which he fought in the civil war.

Court Crier and Mrs. Jacob Snyder have issued invitations to the fiftieth anniversary of their wedding, which is to take place at their home on Washington street June 25.

Mr. and Mrs. J. H. Fisher, Mr. and Mrs. E. C. Smith, E. F. Marsh, William H. Bone and W. D. Hutchings, of this city, were registered at the Hotel Albert, in New York, this week.

Cards have been received here announcing the approaching marriage of Alfred Gabriel Warner, of Montrose, formerly commissary sergeant of the Thirtieth regiment, to Miss Hattie Marks, daughter of Mr. and Mrs. Horman Marks, of Harrisburg, at North Second street, Harrisburg, Thursday evening, June 14.

Miss Caro Dickson and Dr. George A. Blanchard will be married in the First Presbyterian church this afternoon at 2 o'clock by Rev. James McLeod, D. D. Miss Louise Matthews will be bridesmaid, and H. B. Cox groomsmen. The ushers will be Rev. Spencer Dickson and James Dickson, brothers of the bride, Captain Arthur Foote and H. B. Rowley.

Court House Improvements.

When we need a painter here we don't send for a plumber; we are now looking for a new sheriff, and have one close at hand, who has had five years' training in the office and fits in every way to fill it. Jacob D. Ferber is the man. Vote for him June 11th.

THE EDUCATION OF MR. PIPP

Will Be Reproduced in Tableaux at St. Luke's Parish House.

The Pipp pictures will be presented tonight by a "cast" of Country club members, who gave the same entertainment on a less elaborate scale a fortnight ago at the Country club. To those who are unfamiliar with the pictures presented thus in tableaux, it may be explained that they are a series published last Christmas in one of the well known holiday editions of Gibson drawings, some of which appeared previously in "Life" and "Sketches and Cartoons." This volume is called "The Education of Mr. Pipp," and illustrates scenes in the life of an elderly gentleman whose wife and two daughters have social aspirations, in which the unhappy husband and father is made to participate more or less, to his own misery.

The tableaux to be given tonight in St. Luke's Parish hall represent these pictures true in every detail. The following is the correct list:

1. A Trip Abroad.
2. When in England.
3. In Paris.
4. At the Ambassador's.
5. In the American Colony.
6. The Picnic at Paris.
7. The Next Morning.
8. A Prince and a Duke.
9. Mr. Pipp Leaves for Temple.
10. At an Overcrowded Hotel.
11. Mr. Pipp Loses His Way.
12. Mr. Pipp Appears.
13. Day of the Boat.
14. At Cross Castle.
15. Just Before Leaving England.
16. A Double Wedding.

The musical programme will be furnished by Mrs. H. H. Brady, Jr., Mr. Rundell, Miss Spencer and Mr. Conant. Tickets may be had at Powell's.

WATER UNDER CONTROL.

Work Can Now Proceed on the Foundation of the Soldiers' Monument in Square.

Contractor Matthias Stipp, who has the contract for laying the foundation for the soldiers' monument on the court house grounds, expects to have the water, which has been retarding the progress of the work for the past few weeks, sufficiently lowered this morning to permit the work of excavation to be begun again.

When the excavation for the foundation was down about fifteen feet during the forepart of last week, the water was encountered and not until last evening was it placed under control. The ground on which the court house now stands was at one time a swamp and this water has remained there ever since it was filled in.

Last week a large pump, having a capacity of 130 gallons a minute, was put in operation, but as the water kept gaining it was decided on Sunday last to put two other pumps, having a combined capacity of 400 gallons a minute, at work. This was done, and since last Sunday night 330 gallons of water per minute have been pumped out of the hole.

It was estimated that up to 6 o'clock last night upwards of 1,500,000 gallons of water had been pumped out. As it was pumped out, of course, kept filling in again, but last night only a very small quantity remained in the bottom of the excavation. It is believed that all the water from underneath the whole court house plot has now been carried away.

On account of the marshy condition of the ground extra precautions must be taken to make the foundation substantial and solid. It is believed that a depth of thirty feet will have to be reached before solid earth can be found. The base of the foundation, which is to be 32x45 feet in size, will consist of two feet of solid concrete. From this to the ground, the foundation will be of solid masonry.

Mr. Stipp started yesterday that if his men commence work this morning, as he expects they will, that the foundation will be ready in three weeks for the Harrison Granite company, who are to construct the monument.

EDWIN YORK DROWNED.

Was Bathing in a Pond in the Rear of His Home.

Edwin York, aged 15 years, of 2963 Frink street, was drowned while bathing in a pond in the rear of his home at 2 o'clock yesterday afternoon. Together with a number of companions the York boy was swimming in the pond and had dived into the water several times.

He had "touched bottom" successfully, but the last time he went down was attached with cramps and failed to come up. The other boys realized York's predicament, and hastened to his rescue, but they were too late. The parents of the boy were notified, and after some difficulty the body was recovered and removed to the home.

Coroner Roberts was notified and viewed the remains. He will empanel a jury and hold an inquest in the case.

NARROW ESCAPE FROM DEATH

Thomas Killian Injured While Riding on an Elevator.

Thomas Killian, of 313 Fairview avenue, was seriously injured at the Cliff works yesterday morning by having his head squeezed between a descending elevator and the top of the elevator gate.

He was taken to the Lackawanna hospital, where he received treatment.

EIGHT YOUNG NURSES WERE GRADUATED

ANNUAL EXERCISES AT MOSES TAYLOR HOSPITAL.

Held Last Night Before a Large Audience—Addresses Were Made by Dr. N. Y. Leet, Miss Maxwell, of New York, and Rev. Dr. James McLeod—The Diplomas Presented by President Moses Taylor—Dr. Leet Said the Class Was the Best Ever Graduated from Hospital.

Eight young women, bright eyed, wide awake, and all in the first flush of budding womanhood, were last evening graduated from the training school for nurses attached to the Moses Taylor hospital. The graduates were: Miss Grace Matteson and Miss Bertha Knapp, of Scranton; Miss Caroline Seligford, of Pittston; Miss Mary Armstrong, Miss Charlotte Spoor, Miss Nellie Baird and Miss Ellen Charlton, of Wilkes-Barre; and Miss Annie Book, of Hazleton.

The graduating exercises were conducted in the auditorium on the second floor, which was simply decorated with palms for the occasion. In the rear of the auditorium, outside, Bauer's orchestra, hid behind a bank of palms, rendered delightful music during the several intermissions. The room was crowded with the friends of the nurses and of the hospital. When Dr. James McLeod offered the opening prayer.

Moses Taylor, of New York, the president of the hospital, then introduced Dr. N. Y. Leet, who was unexpectedly called upon to make the address to the graduates. Dr. Leet explained in beginning that he was not much of a speaker, but though he didn't indulge in what the rustic calls "high falutin'" everything he said had the ring of common sense and bespoke an extensive and observant experience.

THEY MUST PROGRESS.

He impressed upon their first and last the necessity of keeping in touch with the progress of their profession by means of constant study every day. He told them of a number of "dents" which they should always keep in mind.

"Don't," said he, "when you are in a house, run the whole house. I know of an excellent nurse in this city who went into the home of one of the very best families and who, though she was a good nurse, as I said before, immediately proceeded to run the laundry, run the kitchen, run the coachman and who finally ran herself out of the house."

"Don't do anything you are not told to do by the physician. If there is anything I hate and abominate above all other things it is this. If by some chance you should be in a quandary as to what to do, don't trust yourself, send for the doctor. He will know what to do. Be careful, prudent and kind, and above all things, for God's sake, be faithful. Remember that you are paid for nursing and don't do anything else."

"Don't talk. Too much talking in jures the patient. Don't regale sick people with accounts of terrible operations you have witnessed. I remember one lady, whose temperature rose mysteriously from 98 to 105 degrees and who suffered from a nervous shock for over three days, just because the nurse had told her about some amputation or other. This class is certainly the best that has ever graduated from the Moses Taylor hospital, and I have seen them all. It is the first class that never missed a question asked."

Miss Maxwell, the superintendent of the New York Prebyterian hospital, of New York, and who had charge of the nurses at Camp Wyckoff during the Spanish-American war, was the next speaker. She gave a most thoughtful address upon the ideal qualities of which the nurse should possess. "If our work is a joy to us," said she, "it will have an influence that will react on those about us, and that will often times disarm criticism."

SELECT COUNCIL TONIGHT.

City Solicitor to Send Opinion on Toll Gate Question.

City Solicitor Vosburg will send an opinion to select council tonight, through the park commissioners, stating that the city has a legal right to order the removal of the toll-gate from Nay Aug park. This matter was referred to Mr. Vosburg some weeks ago, and he says that it has proved to be one of the most complicated on which he has ever been called to give an opinion.

The license committee will also report the amendments to the license tax ordinance, mentioned in yesterday's Tribune, and they will probably be called up for consideration when the ordinance comes to second reading.

CHAS. A. WIGGINS.

Republican Jury Commissioner Is a Candidate for Re-election.

Charles A. Wiggins, the present Republican jury commissioner of this county, a young man of unusual and well deserved popularity, is a candidate to succeed himself.

For many years there was an impression that prevailed to the effect that a jury commissioner could not succeed himself. A comparatively recent decision, rendered by a Philadelphia judge,

FACTS AND FICTION

Experience of Scranton Citizens Are Easily Proven to Be Facts. Outside Testimony Is Apt to Savor of Romance.

The most superficial investigation will prove that the following statement from a resident of Scranton is true. Read it and compare evidence from Scranton alone with testimony from outside places, published side by side with this fact and you will be surprised at the number of people in Scranton who re-echo what this citizen says:

Mr. Albert Roskilly, of 311 North Everett avenue, Hyde Park, engineer at the Capouse mines, says: "I had my back felt lame and sore, so much so that when I bent over it was all I could do to straighten up again. When I was a child I had a bad cold. At night it bothered me a great deal with sharp twinges which kept me awake for hours. I often got up in the morning feeling tired and devoid of all energy and ambition. There was also a kidney weakness which at times was annoying and painful. I had my attention called to Doan's Kidney Pills through our papers from time to time by reading the testimony from people. I went down to Matthews' Bros' drug store and bought a box. They had me in every way. I have felt slight touches of the pain since, but a re-visit of Doan's Kidney Pills never failed to quickly relieve it affected my back."

For sale by all dealers. Price 50 cents. Forster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no substitute.

dainty refreshments by the nurses in charge.

WAY TO GET LICENSE.

It prescribes the manner in which licenses can be obtained. If the applicant is a producer of milk, the number of cows in his dairy herd must be given, and if not a producer of milk with the consent of a committee consisting of W. G. Malley, Dr. G. B. Reynolds, Dr. Thomas B. Rodham and M. J. Kelly, of the board; Dr. W. E. Allen, health officer, and F. J. Widmayer, food inspector. They will see what can be done in the way of throwing additional safeguards around the city's milk supply. The inspection clauses of the ordinance, the members believe, it will be impossible to enforce, even if they had the funds or officials to do it with. The ordinance covers six types-written pages and provides that no person shall sell milk within the city limits without first having obtained a license.

FOOD INSPECTOR'S REPORT.

Food Inspector Widmayer reported having made 612 visits of inspection and 228 milk tests. He destroyed 7,288 pounds of fish and condemned 550 gallons of milk. At the crematory Superintendent James Lezyon reported that 6,320 barrels of matter were consumed, as well as thirty-four dead animals. It required twenty tons of coal to keep the crematory in operation during the month.

Dr. Rodham reported that Warren street, from Benumont to Perry avenue, is almost impassable because of the surface water that lodges there. It was the opinion of the members of the board that nothing can be done until

clearly shows that there is no legal foundation for the impression that so long was observed. It is because of this decision that Mr. Wiggins regards himself eligible, of which there can be no doubt.

During his term he naturally made an acquaintance which families every portion of the county, and being of a genial, affable and interesting manner he made many friends who will render him effective services at the primaries. As a nomination is equivalent to an election, it is needless to say that should his supporters nominate him he will be one of the next jury commissioners, without any further efforts.

A Worthy Candidate. Vote for Him.

We don't believe that there is a worthier candidate in the field for the office of register of wills than Daniel Edward Gregory, of West Scranton. He is capable, honest, of a bright, and a friend to the working-man. Always eager to render them services of any kind, by good deeds, mouth and pen. The esteem in which he is held throughout the county extends far beyond party lines, and every Republican should favor him with a vote.

School of the Lackawanna Commencement, 1900.

Graduating exercises Thursday, June 14, 7.45 p. m., in the school house. Annual address by the Rev. William P. Gibbons, A. M. Admission by cards. Closing exercises of the lower school, Thursday, June 14, 3.30 p. m. Fall term begins Sept. 12.

The Education of Mr. Pipp.

Tickets for the above entertainment at St. Luke's parish house, Thursday, June 7, for the benefit of the Free Kindergarten, can be had at Courson's and Powell's. Diagram opens at Powell's, Tuesday, June 5. Tickets, 75 cents, including reserved seats.

MILK ORDINANCE WAS CONSIDERED

SOME OF ITS PROVISIONS NOT PRACTICABLE.

That Was the Opinion of the Members of the Board and They Referred It to a Committee for Further Consideration—Reports from the Officers of the Board—Health Report for the Month Showed That There Were a Total of 149 Deaths. Nuisances Considered.

For an hour last night the board of health struggled with the ordinance drafted at the instance of the household economies section of the Green Ridge Woman's club, which has for its object the regulation of the milk business in this city. The ordinance incorporates the acts of legislature on this subject and also contains rigid provisions for the inspection of herds that supply milk for sale in this city. The members of the board were of the opinion that some of the provisions are good and others impracticable, and with a view of getting all of the good possible, it was referred to a committee consisting of W. G. Malley, Dr. G. B. Reynolds, Dr. Thomas B. Rodham and M. J. Kelly, of the board; Dr. W. E. Allen, health officer, and F. J. Widmayer, food inspector. They will see what can be done in the way of throwing additional safeguards around the city's milk supply. The inspection clauses of the ordinance, the members believe, it will be impossible to enforce, even if they had the funds or officials to do it with. The ordinance covers six types-written pages and provides that no person shall sell milk within the city limits without first having obtained a license.

the street is graded, and the matter was referred to Dr. Rodham and the select and common councilmen of the Second ward to see if some such result cannot be brought about.

Some time was spent in considering the water-logged condition of the land at Washington avenue and New York street. The grading of Washington avenue filled a natural water course and water in consequence lodged on the east side of the avenue and becomes stagnant. Thomas V. Lewis and the plumbing inspector were directed to employ men to dig a drain to the sewer basin at the corner in question and allow the stagnant water to drain into the sewer.

A complaint with reference to a barn in Hallstead court, leased by Doud & Miller, was referred to the health officer for consideration.
