

BRIBERY CASES ARE AGAIN POSTPONED

ASSISTANT ATTORNEY DID NOT WANT TO TRY THEM.

Counsel for the Defendants Strenuously Protested, but Judge Edwards Allowed the Motion of the Commonwealth's Attorney—Unsuccessful Effort to Quash the Indictment in the Dr. Knapp Case. Another Man Admits the Crime for Which Palmoth Was Convicted.

Owing to the absence of District Attorney Jones, the Lewox cases against E. J. Maloney and H. T. Fellows, charged with bribery, and Martin Clark, charged with conspiracy to compound misdemeanor, were put over to the October term of court.

The cases were scheduled on yesterday's list and when they were reached Assistant District Attorney Thomas moved to have them continued, saying that, as Mr. Jones had prepared the forms, he was wholly unfamiliar with them and considering their unusual importance he did not wish to undertake their prosecution.

Major Everett Warren and Joseph O'Brien, attorneys for Messrs. Maloney and Fellows, and M. A. Maloney, attorney for Clark, strenuously opposed a continuance. At the last term of court the commonwealth had exercised its prerogative of continuing a case once without assigning reasons, the defendants' counsel pointed out, and a second continuance could not be legally allowed, unless good and sufficient reasons were shown. No such reasons had been advanced, they contended, and the second postponement should not be permitted.

Judge Edwards said that, while there was no doubt that the defendants were entitled to a speedy trial, he felt that under the circumstances a continuance ought to be granted, and allowed Mr. Thomas' motion. The witnesses on both sides had been subpoenaed and were present.

THE AMES CASE.

It is expected that the case of Banker E. F. Ames, of Forest City, against his neighbor, Dr. C. R. Knapp, and that of County Detective Leysnon against the banker's wife, Mrs. Anna E. Ames, will be reached today. They were scheduled for trial yesterday, but were delayed by a movement on the part of Attorney John F. Spragg, counsel for the defendants, to quash the indictment against Dr. Knapp, on the ground that it was founded on testimony by Mr. Ames and that he was an incompetent witness by reason of the fact that his wife was involved in the crime, and under the law a husband can not testify against his wife in a charge of this nature. The reasons in full are:

First—Because the warrant for the arrest of the defendant was issued on the oath and information of E. F. Ames, the husband of the woman with whom the defendant is charged with having committed said crime. Said E. F. Ames, his reasons being the husband of said Anna Ames, being interested to make oath to procure the information.

Second—Because the warrant for the arrest of the defendant was issued contrary to the provisions of the constitution of the United States and of the state of Pennsylvania, there being to legal complaint by any competent person signed, etc., as mentioned.

Judge Edwards refused to quash the indictment, and the defendant filed a bill of exceptions. The cases were put over till today to accommodate Mr. Spragg.

Dr. Knapp and Mrs. Ames are charged with having illicit relations. They were surprised in the same room of a central city hotel by Mr. Ames and a police officer several weeks ago. A \$50,000 damage suit has been instituted in Luzerne county by Mr. Ames against Dr. Knapp.

VERDICT FROM ELEVEN.

Rather than have a disagreement and the expense of a new trial, the commonwealth accepted a verdict of eleven in the assault and battery case in which James and Martin Duffy and Patrick and John Flaherty were charged with assault and battery upon Special Officer O. D. Brink.

The jury went out at 10 o'clock and came in at noon and asked to be discharged, saying they could not agree. Judge Savage sent them back to make another effort. Just before adjournment they returned with the same story. The vote was 11 to 1 in favor of a verdict of "not guilty but pay the costs." H. G. Morgan, of West Scranton, was the minority juror. Joseph O'Brien, attorney for the defendants, asked that the verdict of the eleven be taken, and Acting Assistant District Attorney Ross being agreeable, the court ordered the verdict of the eleven entered.

Juries were out in two alleged speak-

easy cases at adjourning time. In both instances the defense was soft stuff and spite.

Jacob Venus charged that P. J. Lynott and Ignatz Oleschewski kept a saloon on Oak street and did a big business. Five witnesses told in positive terms that they bought beer and whiskey there on different occasions, and also that they were permitted to gamble at cards, dice and pool on the defendants' premises.

The defendants would have the jury believe that Venus and his witnesses were sadly mistaken. Lynott denied having any interest in the place further than he rented the pool tables to Oleschewski and occasionally dropped in to collect his rent. Oleschewski corroborated Lynott in this and for himself said that while it was true he was the proprietor of the place he never sold anything in the way of drink excepting soft stuff.

THE OTHER CASE.

The second case came from South Washington avenue. Mrs. Brigetta Schneider was the prosecutrix, and her next door neighbor, James Gallagher, the defendant.

Mrs. Schneider exhibited a bottle of whiskey, which she said was purchased at Gallagher's place March 7 by fourteen-year-old Charles Gremer, at her special instance and request. She saw the boy go in with the empty bottle and return with it filled.

The boy had been subpoenaed, she stated, but was not at hand. Her nephew and grand nephew, Peter Schneider and his nineteen-year-old son, Julius, from Little England, however, were on deck with positive testimony. April 2 they went into Gallagher's place and secured a nickel nip of whiskey and a glass of beer, for which the father paid. They were sure it was whiskey and beer.

Mr. Gallagher was the only witness for the defense. He denied everything, alleged that the prosecution was brought because of some trouble over a rooster which was stolen from Mrs. Schneider, and averred that he was the keeper of an innocent store. He admitted that he sold soda water, sarsaparilla and birch beer, but not getting any or worse beer. The idea that he sold lager beer and whiskey was preposterous, Judge Savage asked him if he ever sold any cold tea. He shook his head negatively.

In the assault and battery case in which W. R. Ramey was defendant and Mary Dolan prosecutrix, the jury returned a verdict of not guilty and divided the costs evenly between the two parties.

STARR AGAINST KAESTNER.

The assault and battery case of Fred Starr against Charles Kaestner, the South Side hotel keeper, was given to the jury by Judge Kelly just before adjournment. Starr alleged that he was thrown out of Kaestner's place February 9 and so badly injured that he was under a doctor's care for ten days. Kaestner denies throwing him out. He took him by the hand and led him out and after reaching the sidewalk was assaulted by Starr. In defending himself, he might have struck a blow or two, he admitted.

The forgery case in which T. F. Nelson was the defendant and H. S. Pierce the prosecutor was not pressed. The alleged forged note has been lost. A verdict of not guilty was taken in the larceny case in which Morris Posner was charged with stealing 360 spoons of thread from the store of Adolph Marcus, on Penn avenue. Posner claimed the spoons were given him by another party, under an agreement that he was to sell them on commission. The police could not improve this, and allowed a verdict of not guilty to be entered.

The Liver's Duty

The liver has two duties to perform—cleanse the blood and produce bile. You may know it is working lazily if you are troubled with constipation, dyspepsia, biliousness and dizziness. It is trying to throw its work upon other organs. Hostetter's Stomach Bitters will stop this. It makes the liver do its duty and thus, the stomach, bowels and nerves cease to annoy. Since then he has been bringing suit every week before the same justice and recovering judgments for \$2.50, the amount the by-laws of the society specify shall be paid weekly to a sick member after the first six months, and for a period of six months.

As the amount of the judgment is less than the statutory limit of \$5.35, no appeal can be taken, and a court order to compel the latter to assume the costs of these and from collecting under the judgments already obtained and from which no appeal is possible.

A rule for a preliminary injunction returnable June 11, was granted by Judge Archibald. Hon. John P. Quinn and T. J. Hoban represent the society.

Township Sues Its Officers.

Suit in equity was instituted yesterday by Attorney John F. Murphy for P. H. township against Vandling borough, to compel the latter to assume the proportionate share of the \$18,390.21 indebtedness which was standing against the township, October 17, 1899, when Vandling borough was carved out of P. H.

The affidavits in the case are made by the township supervisors, Joseph Scheck and John Leagar.

INDUSTRIAL JOTTINGS.

Drivers and Runners at the Marvino Colliery Quit Work—The D., L. & W. Board.

The drivers and runners at the Marvino colliery, of the Delaware and Hudson company, went on strike yesterday morning because of dissatisfaction over the rate of wages, and as a consequence the colliery was idle. The strikers claim that when they received their May pay last Saturday it was found that the wages of the drivers had been reduced from \$1.25 to \$1.15 a day, and the wages of runners from \$1.51 to \$1.40 per day.

A committee of the strikers called upon Superintendent C. C. Rose at his office yesterday afternoon, for the purpose of bringing about an adjustment of differences. They were told that they would have to work for a time at the reduced wage scale and that in a short time this would be increased. The answer was unsatisfactory. A meeting of all the runners and drivers at both the Marvino and the Leggett's Creek mines will be held tonight.

That Tin Plate Plant.

The manufacturers' committee of the board of trade will meet this afternoon in Secretary Atherton's office for the purpose of definitely and finally deciding whether or not the tin plate project should be further supported or not. Today will be the turn-point on this matter, and it is believed that the committee will recommend that the public be appealed to for subscriptions to that part of the proposed capital stock of \$200,000, which has not yet been secured. Several strong reasons why this industry should be furthered will be understood, he advanced by the committee for the information of the public.

Ten Lost Years.

Figure it for yourself. From the age of fifteen to that of forty-five a woman gives one-third of her time to the suffering incident to the recurring periodic function. Ten years of suffering! And this condition of things is popularly accepted as natural, and endured as a feminine disability for which there is no help! Is there no help? There is help for every woman and for almost every woman perfect healing in the use of Dr. Pierce's Favorite Prescription. It insures regularity, dries the drains which weaken women, heals inflammation and ulceration and cures female weakness. It is a temperance medicine—non-alcoholic and non-narcotic.

"I was so weak I did not have breath to walk across my room," writes Miss Isabel Miller, of New Providence, Caloway Co., Ky. "My periods occurred too often and the bearing would be prolonged, and the loss of blood very excessive. I also had spells which the doctor said were fainting fits. I did not gain strength from one monthly period to another. I was very weak and nervous all the time. Was confined to my bed for three or four days and the doctor told me I would never be any better. I tried this way from sixteen years old to twenty-three. I was at last advised by a kind friend to try Dr. Pierce's Favorite Prescription, which I did, and before I had taken two bottles of it I could work all day. I took in all six bottles of the 'Favorite Prescription' and about five vials of Dr. Pierce's 'Pellucid' and I used no other medicine. I have never had a return of this trouble since."

Dunmore Society in Equity Court.
The Young Men's Temperance, Literary and Benevolent society of Dunmore, brought equity proceedings yesterday to enjoin a former member, Patrick Moran, from instituting any more suits to recover sick benefits. Moran, it is alleged, was expelled May 27, 1900, for practicing fraud in collecting benefits. He brought suit before Justice of the Peace A. A. Krotzer, and recovered judgment for \$55, from which an appeal was taken by the society. Later he brought another suit and recovered another judgment for
