WEEKLY SCHOOL DEPOSITS CLOSED FOR PRESENT TERM

Over \$1,700 Has Been Saved by the Pupils of No. 19 School Since the Fund Started—Over \$700 Collected Since Last September—Lecture by Rev. James Hughes, in the Simpson M. E. Church, on the Boer-British War—News Notes and Personal.

Miss Josephine D. Lees, principal of No. 9 school, made the final deposits in the West Side bank yesterday afternoon in the children's savings fund for the present school term. The total collections yesterday amounted to \$49.74 and were divided as follows:

Miss Lees, \$2.20; Miss Murray, \$2.25; Miss Henthall, \$1.13; Miss Morgan, \$3.46; Miss Lender, \$1.16; Miss Flynn, \$3.35; Miss Evans, 10 cents; Miss Kellow, \$1.22; Miss Yost, \$1.16; Miss Wade, \$2.06; Miss Murphy, 55 cents; Mrs. Ferber, \$1.34; Miss Peck, \$2.01; total, \$49.74. Since the fund was first begun the total amount collected was \$1,700.08, and of that sum \$701.78 has been obtained since the present term began last September, showing a marked increase in the number of deposits over the previous year.

An evidence of the practical use of the children put their savings to is shown in the case of one little girl who will soon withdraw what she has now deposited and apply it as the first payment on a plot of ground which she has selected for her future home site. Another instance was in the case of a little girl, who underwent a surgical operation, and the cost was defrayed by herself and little brother, who had accumulated enough money to pay the doctor's bills. Several of the pupils have purchased bicycles this season as a result of this weekly system of saving.

A number of boys who sell the daily papers now have fat bank accounts as a result of following their teachers' instructions and depositing their earnings in the weekly school deposits.

SOUTH SCRANTON NOTES.

Small Shaggy Dog Created a Great Deal of Excitement in This Part of the City Yesterday.

A small, shaggy dog created quite a lot of excitement and amusement yesterday, about noon, on a vacant lot on South Cedar avenue. The animal, subject to fits, and he had one of these spells yesterday, just as the school children were coming from school. Some one saw the dog disporting himself and doing all sorts of fantastic stunts, and immediately the cry of "Mad dog!" was raised. The young ones rushed breathlessly up the street; mothers came out looking for their children, and the dog still continued doing his tumbling act, gazed at from every point of vantage.

Someone ran for the police; another suggested turning in a fire alarm; another described the most potent method of killing mad dogs, and one mentioned chloroform, but none carried out their suggestions.

In the meanwhile, the dog in his paroxysms threw himself into a terra cotta sewer pipe lying along the street, and could not get out. Someone brought a large bag, and with one end placed over the pipe, the dog was driven into it. Small boys now offered to take the dog away, which they did with great satisfaction and much ado. Subsequently the animal was killed, and quiet reigned once more.

Sound Kidneys Insure Good Health.

Mr. John H. Corlies, Secretary of the Council Bluffs, Ia., Athletic Association, was cured of kidney trouble by Peruna. He says: "I am a firm believer in Peruna. For three years I suffered with severe trouble of the kidneys and other pelvic organs, trying several remedies without relief. I used Peruna faithfully for fourteen weeks and am glad to say it relieved me entirely of all pains. 'I am in excellent health, have gained twelve pounds in weight, and never felt better in my life.'"

Hon. D. L. Jaycox, Chaplain of the Grand Army of the Republic, writes from 825 Broadway, Oakland, Cal.: "I am an old war veteran. I contracted severe bladder and kidney trouble, spent hundreds of dollars and consulted a host of doctors, but neither did me any good. 'Finally some of my comrades who had been cured by Peruna, advised me to try it. I at once bought a bottle and found it helped me so much that I kept on using it for nearly four months. My pains are gone, and I believe myself to be cured. I feel well and would not be without a bottle in time of need for ten times its cost.'"

The kidneys are the natural gateway out of which much of the waste tissue finds its escape. This waste matter becomes a very poisonous substance if allowed to accumulate. The renal artery brings the blood charged with impurities to the kidneys. If the kidneys are healthy they will excrete the poison from the blood. The renal veins return the purified blood from the kidneys to the general circulation. Peruna stimulates the kidneys to ex-

crete from the blood the accumulating poison, and thus prevents the convulsions which are sure to follow if the poison is allowed to remain. It gives great vigor to the heart's action and digestive system, both of which are apt to fall rapidly in this disease. Kidney diseases are more liable in summer than in winter. Send for a copy of "Summer Catarrh," written by Dr. Hartman. This book will be sent free on any address upon application and treats of the catarrhal diseases peculiar to summer.

The assaults were committed at different times, when O'Brien was ordered off trains on which he was stealing rides. He has been making it a regular practice to board trains at the Notch and then if put off onto the trainmen. He is only 22 years of age.

Detective Grimes has warrants for O'Brien's arrest in this case. He will be given his hearing today. His mother has also sworn out a warrant charging him with stealing his brother's clothes, and he is furthermore wanted on the charge of having stolen a pair of boots from a North Scranton shoemaker.

ten years the industrial development of this city has been something quite marvelous; more marvelous, indeed, than most of the residents of this city have any idea of. An accurate statement of facts about our industries, such as Mr. Edwards proposes to compile, will be of surpassing benefit and interest. It will mean more for Scranton even than that it will give a sufficient population to become a city of the second class. There is little doubt but that that will be the case, and there is no doubt that the census of Lackawanna county will show that we have over 150,000 population and are therefore entitled to an orphan's court judge.

Attorney C. C. Donovan is home from Mahanoy City, where he was elected vice-president of the Ancient Order of Hibernians of the state at their convention held last week. Mr. Donovan has for several years been one of the conspicuous members of that order in this city, and his election was looked upon as a compliment to the city as well as to Mr. Donovan. He will prove one of the valuable members of the state board of officers.

Besides being a member of the Lackawanna bar, Mr. Donovan is alderman of the Twelfth ward. He is not the kind of an alderman who sends in a big batch of cases to every term of quarter sessions court. Mr. Donovan acts as the originator of the law creating the office intended that aldermen should act. Voters were to elect one of their neighbors, who would act as an arbitrator in their troubles and disputes and, while seeing that exact justice was done every injured citizen of the commonwealth, were to use their influence to keep their neighbors at peace with one another, rather than to stir up litigation with a view to increasing lawsuits and attendant fees. Unfortunately, there are not a large number of the aldermen of today who take "Squire Donovan's" view of the duties of an alderman.

WERE WELL KNOWN HERE.

Mrs. Jane J. Watts Secures a Divorce in New York.

According to several of the New York papers, Mrs. Jane J. Watts, daughter of the late Colonel Jackson, of the Jackson-Woodin Manufacturing company, of Berwick, Pa., has secured a divorce from her husband, Samuel Hughes Watts, of New York. All of the parties are well known in this city and vicinity.

The order of court gives to Mrs. Watts an absolute divorce, with the privilege of assuming her maiden name. Custody of their only child, Dickson Given Watts, aged seven years, is given to the plaintiff, and the defendant is permitted to see him once a week. The order compels Mr. Watts to pay Mrs. Watts the sum of \$10,000 within ten days after judgment is entered, this sum to be in lieu of all alimony. The defendant must also pay Mrs. Watts, as guardian of Dickson Given Watts, the sum of \$30,000, as follows: \$10,000 within ten days, \$5,000 on January 2, 1901; \$5,000 on July 1, 1901; \$5,000 on January 2, 1902; and \$5,000 on July 1, 1902. This amount is to be in full settlement of all claims for the support, education and maintenance of the boy, Master Dickson Given Watts.

The co-respondent named is a well-known vaudeville actress. The respondent was formerly employed by the Jackson-Woodin company, and his family frequently spent their summers in Montrose.

FIRE IN A STORAGE ROOM.

Phoenix Chemical Company Prevented Serious Damage.

An alarm of fire, turned in from box 26, at Lackawanna and Washington avenues, yesterday afternoon at 5 o'clock, brought to the spot in quick time the Phoenix chemical company, which had the flames subdued by the time the other companies arrived. The fire was in the basement of Mahon's shoe store, at 208 Lackawanna avenue, which is used as a storage room by Reddington, the Penn avenue furniture dealer.

The cause of the fire was not discovered. A large sofa was first set on fire, but the prompt turning in of an alarm saved the building. When the door was burst open the entire interior was a mass of flame, but after a short while the crackling blaze was subdued, and outside of two couches that were destroyed and several chairs, tables and other articles of furniture that were badly scorched, the damage was but slight.

ARRESTED IN HAVERHILL.

C. J. Quinn Wanted Here for Larceny Is Captured.

The police, yesterday, received a communication from Haverhill, Mass., saying that C. J. Quinn had been arrested there. Quinn is wanted in this city on the charge of larceny of a cornet from August Schimpff, two years ago. Requisition papers have been applied for to bring him to this city.

When Quinn lived here he was employed in a local band, and Mr. Schimpff loaned him the cornet, which is worth about \$75. He left town shortly after. It was recently learned that he was in Haverhill, and the police authorities there were notified of the fact that he was wanted in Scranton.

He was arrested yesterday and given a preliminary hearing. On June 25 he will be given another hearing before the mayor of Haverhill, and will then be brought to this city.
