

ROYAL BAKING POWDER

ABSOLUTELY PURE.

Royal Baking Powder is the greatest of helps to the housekeeper or cook in preparing the best and finest food.

With least labor and trouble it makes hot breads, biscuit and cake of finest flavor, light, sweet, appetizing, digestible and wholesome.

Do not permit the grocer or peddler to substitute any other brand in place of the Royal.

Some baking powders are claimed to be cheaper. They can be cheaper only if made from cheaper materials. "Cheaper" means inferior. To cheapen the cost of an article of food at the expense of its healthfulness, as is done in alum baking powders, is a crime.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

LIVE NEWS OF THE INDUSTRIAL WORLD

STRIKE AT THE MT. PLEASANT FINALLY SETTLED.

Men Will Return to Work Today at the Advance of from 50 Cents to \$1 Per Day—Twelve Cars to a Keg of Powder will Be Allowed—Summer Schedule of Trains on the Ontario and Western Railroad—D. L. & W. Board for Today—Other Industrial Notes.

After ten weeks of idleness due to dissatisfaction over the scale of wages paid, the employees of the Mt. Pleasant colliery, operated by the Fuller Coal company, will return to work today, a compromise having been effected between the strikers and the company through Superintendent J. B. Neale.

On April 11 the men quit work and several unsuccessful attempts were made to operate the colliery, but only a few men were obtained. To make the stand of the miners more secure employment was offered them by Contractor M. J. Gibbons on the Scranton street sewer and many secured work in other collieries. Some time ago a proposition was submitted to the strikers by the company, which was rejected.

A conference committee was afterwards appointed to arbitrate the differences, and last Friday evening they met with Superintendent Neale at the mine office and accepted three of the propositions offered by the company. Another meeting was held Saturday evening, when the trouble was practically adjusted and the committee accepted the schedule then submitted. All that remained was the ratifications of the proposals by the employees of the colliery.

A meeting was accordingly held in Co-operative hall, West Scranton, last evening, which was attended by the superintendent, the general committee and the strikers. The new schedule was formally ratified and the colliery will be started up this morning with the men in their accustomed places. The men will be taken into the mine today and it is expected operations will be resumed in the breaker tomorrow morning.

The proposition submitted by the company makes it possible for the employees to earn from 50 cents to a dollar a day more than they were receiving prior to the strike. They will now receive twelve cars to a keg of powder all through the Dunmore vein and \$1.50 per yard for cutting coal and rock on the rib and 15 cents per foot for cutting rock in the chambers.

The settlement was effected solely by the Mt. Pleasant employees and the officials of the company.

Some Tin Plate Figures.
Officers of the American Tin Plate company have been giving testimony before the industrial commission at Washington.

D. G. Reid, president of the American Tin Plate company, in replying to a question, said that Judge Moore had organized the combination and had received \$10,000,000 worth of common stock. The capital stock is \$50,000,000, of which \$18,325,000 is 7 per cent. preferred cumulative stock and \$28,000,000 common stock.

The prices of the product had increased rapidly since the organization, and there had been a corresponding advance in wages. He estimated that the increase in wages and in employees would represent an enlarged pay roll of \$2,000,000 annually. The rolling mill men in tin plate works were paid as high as \$16 per day, the highest price paid to any laborers in the world. The average wages of all the company's employees were \$2.50 per day. The advance in the price of the finished product had not been equal to that of the raw material and wages. He admitted that there had been talk of a requirement on the part of the tin plate company that patrons for whom the company should make special brands should be required to purchase their entire supplies from that company, but the regulation had never been enforced.

Mr. Reid said that 13 mills had been shut down because of their poor location, but 25 new ones had been started. There are 33 establishments in the combination. Without the tariff, Mr. Reid thought it would be impossible to manufacture tin plate in the United States. The margin is now sufficient to permit the increase of the price of American tin plate to \$5.25 per box (now \$4.65 F. O. B. mills) before bringing it into competition with the English product.

Mr. Reid estimated that the manufacture of our own tin plate had resulted in keeping at least \$5,000,000 of money in this country, which otherwise would have gone abroad. In the 29 establishments owned by the combine there were 200 mills, while the outside establishments contain 27 mills. The American Tin Plate company manufactures nine-tenths of the tin plate made in this country and controls the prices.

D. L. & W. Board for Today.
The Delaware, Lackawanna and Western board for today follows:

Monday, June 18.
WILD CATS, SOUTH.
8.30 p. m.—F. F. Stevens.
10.30 p. m.—F. Singer.

Tuesday, June 19.
WILD CATS, SOUTH.
12.30 a. m.—E. M. Ballett.
8 a. m.—J. Glinke.
7.30 a. m.—F. Karmey.
8 a. m.—W. F. Mann.
10 a. m.—A. Gerrity.
11 a. m.—J. W. Devine.
12 p. m.—E. Madigan.

5 p. m.—F. Wall.
6 p. m.—H. J. Larkins.
8 p. m.—G. Eddler.
10 p. m.—G. Hill.

NOTICE.
Brakeman J. Bean will go out with Singer in place of Brakeman F. Howley.
W. D. Warrle and crew will handle excursion Scranton to Binghamton, June 19th, leave Scranton at 8.30 a. m.
A. Hopkins will go out in James Galagan's place on Train 52, Tuesday, June 19th.

O. & W. Summer Schedule.
Commencing Sunday, June 24, the New York, Ontario and Western Railroad company's summer schedule will become effective. Owing to the popularity which this road is meeting with each season, and the growing demands made upon it by the traveling public, they have this year made ample provisions for the increased traffic by placing another through train service between New York city and Sidney, N. Y., which territory practically covers the many summer resorts controlled by that company.

The change will also be a vast improvement on their past service, so far as its Scranton division is concerned. Owing to the untiring efforts of Superintendent Williams, arrangements have been completed to have Scranton division trains connect at Cadonia, the junction point with their main line, with the Sidney train, thus allowing its patrons at Sidney, Walton, Delhi, Hamden and intermediate points to come to Scranton and return the same day.

This move will be greatly appreciated by the Scranton merchants, especially, as they have been desirous for some time to bring this matter about, owing to the large amount of trade that has been going to Bingham-

ton, Utica and other New York state towns that will now come to Scranton. There will also be an early morning train from Carbondale, arriving at Scranton about 7.40 o'clock, which is intended to accommodate the large number of clerks and other working classes that are daily pouring into the city from towns up the valley, a return train being run for their accommodation, leaving Scranton at 6 p. m.

The afternoon train from New York city, Middletown, Liberty and other eastern points, arriving at Scranton at 4.30 o'clock, will remain as heretofore, but their morning train, leaving Scranton at 10.45 a. m. and the afternoon train, instead of leaving at 4.15, will leave Scranton at 3.45 o'clock.

The latter change was made for the accommodation of summer traffic to the mountains in Wayne county, enabling the passengers to reach their destination at a much more desirable time.

This train will also make connections for Walton, Delhi, Hamden and Sidney, thus allowing people from that vicinity five hours in which to do their shopping at Scranton.

There will also be two trains each way between Scranton and Carbondale, at 7 a. m. and 5.54 p. m., returning leave Scranton at 8.30 a. m. and 7 p. m.

With this additional service, together with the low rate of two cents per mile in operation by the New York, Ontario and Western railroad, no doubt this road will handle a goodly share of the passenger business to and from Scranton this summer.

AMATEUR BASE BALL NOTES.
The Merry Boys wish to deny the report that the Porto Rican Stars defeated them on June 16, as they played the Cowboy Juniors on that date and got cheated out of the game. They will play the Cowboy Juniors Saturday, June 23, 30 cents a side and beat them. J. McCalla, manager.

The Young Hobson of Oliphant challenge any

SUSQUEHANNA.

Special to the Scranton Tribune.
Susquehanna, June 15.—E. R. W. Searle, esq., leaves tonight for Philadelphia, to attend the Republican national convention.

Congressman and Mrs. Amos J. Cummings, of New York, will arrive at Columbian grove this week, to remain several weeks.

Congressman C. Fred Wright is in the western part of the state, attending to his wood acid interests.

Mrs. E. Jagger, an aged resident of Montrose, is critically ill at the residence of her daughter, Mrs. H. T. Birchard, on Broad street, this borough.

The Erie today ran an excursion to Riverside Park, Lanesboro, on Sunday next.

Some big trout were recently caught in the Wayne county streams. A few of them are so long that the creeks will be widened to permit them to turn around.

Sleeping cars were in use on the Erie in 1843, when the road was but fifty-four miles long.

The Erie today placed two fast trains on the road. They are Nos. 4 and 5, and they will run between Elmira and New York.

Rev. F. C. Barrett, of Sidney, N. Y., on Sunday occupied the pulpit of the Baptist church.

Children's day exercises were on Sunday held in the several Evangelical churches and largely attended.

The approaching marriage of Mrs. S. D. Markstein to A. A. Algase, both of Binghamton, is announced. Mrs. Markstein is a daughter of Mr. and Mrs. M. H. Glaman, of Susquehanna.

The Dorcas society of the Presbyterian church will hold an ice cream social at the church parlors on Wednesday evening.

The Erie expects a big excursion business this season. Wright, formerly and for years of Susquehanna county, but now of Binghamton, has been cut off from the pension list of the government. It is claimed that he obtained his pension fraudulently. About twelve years ago he was granted a pension of \$72 per month, and \$17,000 back pension. His amount was the largest ever received, at the time, by a private soldier. He has received \$27,000 from the government and squandered it by unwise speculations.

The Erie today commenced running a palace coach between Honesdale and New York.

It is rumored that the Erie will build a four truck road between Port Jervis and New York.

The Erie Railroad company, which a day or two ago gave formal notice that in consequence of violations of the joint passenger agreement by other lines, it would consider it absolved from adherence to that compact, has not yet withdrawn from the joint passenger committee. Unless the grievances from which it complains shall be remedied, however, the road will, it is said, certainly withdraw, a step which railroad men believe would inevitably be followed by the dissolution of the joint passenger committee and the beginning of a serious passenger rate war. The principal complaint of the Erie is directed against the New York Central, and is based upon the alleged action of the Central in increasing the speed of certain of its trains running between New York and Chicago, without charging a corresponding excess fare.

Home-grown strawberries are arriving in the market.

Connolly and Wallace

SCRANTON'S SHOPPING CENTER.

Silks at Nearly Half Price.

The headline promises very much—double value. The actual bargain sustains the promise. You must see the goods in order to reach an intelligent conclusion concerning the importance of the offering. One lot consists of 3000 yards of the finest one dollar Foulard Silks, of the season. They are of a rich, firm, close weave and pure silk 24 inches wide. Part of the good fortune is at the cost of the manufacturers. Other lots are smartly reduced from our own stocks. If you wish a new Foulard Silk Dress that will cost wonderfully little (scarcely more than a cotton one) choose from this lot early.

Price 58c Yard.

Colors are blue, resedo, old rose, purple, heliotrope, navy, biscuit and black, mostly with small neat figure effects in white and black, that are entirely and decidedly pretty—TRULY A GREAT SILK BARGAIN.

Another Lot Equally Desirable

Consists of 500 yards of the finest all silk Grenadines, real value of which is \$1.25 a yard, which we offer at the reduction price of

50c a Yard.

These are new goods of the present season and a finer lot of Grenadines were never offered for sale. It is a fine, firm, well woven Grenadine that will not pull out at the seams and will wear as well as any silk we know, though very light in weight. Colors are grey, white and black effects.
