# THE MARKETS.

Wall Street Review. New York, June 22.—The stock market developed acute weakness before the close today, offering a surprise to professional traders who came down to Wall street this morning under the impression that the market had been oversold and was due for a rally. The buying of Reading stocks and of New Jersey Central which made such an impression on sentiment yesterday was still in evidence, and during the course of the first hour some of the railreads had advanced as much as 1 to 1½ points above last night. The steel stocks had railied from an opening depression and were bought on the more cheerful views of the outlook for the iron market and the local Traction stocks railied or covering of short contracts. The coalers and trunk lines made some resistance to the declining tendency of the narket, but they proved unavailing as a sustaining force and weakness spread through the grain carrying reads and the industrials. Stocks of industrial corporations and especially of these controlling public utilities in cities all showed industrial corporations and especially of these controlling public utilities in cities all showed acute weakness. The pressure against Brooklyn Transit became very severe as the day advanced and that stock at the lowest was 7½ below the early high point and the net decline is 5½. The unfriendly attitude of the public towards this class of corporations was an influence in their weakness, but there was liquidation from some special source in Brooklyn Transit. The final rally in prices was fiftal and feverish, and the market closed much unsettled, and not much above the low level. Total sales, 502,563.

# HOW TO BE BEAUTIFUL FREE

A Bottle of the Misses Bell's Celebated Complexion Tonic Without Cost

This generous offer is made in order that all may have an oppor-tunity to test its wonderful merits

Beauty's chief charm is the complexion. If the skin is clear and smooth, a woman will be classed as beautiful even if nature has not given her pefect

features.
The Misses Bell, of 76 Fifth Avenue, New York, when they placed their now justly celebrated Complexion Tonic before the public, gave to those suffering from poor complexions a boon long needed. Thousands have made their kins absolutely perfect by its use. Now, in order to still further intro-

duce it, the Misses Bell will give to any

lady writing them during the present month an opportunity to try one large bottle (the price of which is \$1) at absolutely no cost. Do not wait, but SEND AT ONCE. The Misses Bell's Complexion Tonic is not a paint or powder to cover up the freckles, pimples or moth patches, but is, as its name implies, a tonic for the skin. It eradicates the blemish entirely and forever. It not only does this, but

it beautifies the skin, smoothing away wrinkles, drawing out ALL discolora-tions, removing all pimples, acne, eczema or roughness. The Misses Bell have at their parlors more than ten thousand letters from p trons acknowledging wonderful improvements in their complexions. The Misses Bell have never used a testimonial in public print, as they value a woman's delicacy in such things, but the original letters can be seen any time at parlors, 76 Fifth Avenue.

Remember an opportunity is given you to try one bottle of this really wonderful Tonic for the skin FREE. Address THE MISSES BELL 76 Fifth Avenue, New York City

The members of the base ball team met at the hose house Wednesday evening and organized, electing Will Sampson, captain and manager. It was decided to make the team strictly a home team and import no players for "special occa-sions." Next week, Monday, Montrose will play in Tunkhannock, and on Wednesday it is hoped to have a game with Noxen. Noxen claims to have the best team in the state, outside of professions, and, in fact, has challenged any amateur team in the state. After the game on Wednesday they may withdraw the challenge.
