## TANNLER OBSTRUCTS WINDING PROCESS

FIREMEN'S FAIR-CONVENTION WON'T DOWN.

Committee Appointed to Wind Up Thinking That Everything Was Claim Opened Up New Difficulties and Now a Settlement Is Farther off Than Ever-Secretary Tannler Wants All That's Coming to Him.

of the firemen's fair and convention will be finally settled before long. Another fifty years will surely see the

end of them. The last regular meeting of the committee on winding was held last night In the common council chamber, Eight were present and Joseph Danner presided. The auditing committee reported the accounts of Secretary William \$269.23 was left over and above the \$4,836.97 which the convention cost.

After a lengthy discussion as to how this balance was to be disposed of, it was decided to give \$20 to each of twelve companies and the remaining \$29.23 to Secretary Tannier, The four companies who are not to receive any of the divvy are the Cumberland, Excelsfor, Liberty and Niagara, who, it is claimed, did not turn in the money their members collected for the fair and then had the nerve to prefer and collect claims for expenditures, which they averred were made in the interest

of the fair. After the divvy had been decided upon and the motion duly recorded, a belated bill for \$2 came in. It was ordered paid out of the balance. After the meeting broke up Secretary Tannler served notice that he did not propose to have the \$2 come out of his part of the divvy and the members of the committee warned him at his peril not to take it out of the \$240 alloted to the dozen good companies.

TANNLER VEXED. Tannler was mad all over at the shabby way he had been treated, and when the committeemen had disappeared he told a Tribune reporter he would not draw a single order for anybody until his claims were fully settled and he proposes to make claim for \$50 a month for the eight months he has been acting as secretary.
"I didn't intend to claim the full

salary, but now that they have been so blamed mean, I'll put the screws on them," said Tannler. "They voted me \$50 a month to act as secretary of the fair and convention committees and exacted of me a \$1,000 bond for the faithful performance of my duty. They have not yet surrendered that bond, so, under the law, I am still on duty and propose to get a lawyer tomorrow to attach the money in the treasurer's hands. That , with the silver tea set and bicycle which are in my possession, will pay my claim, I

And Mr. Tannler not only talked like ne who was mad, but also determined. The silver tea set and bicycle were chanced off at the fair, but the winning tickets were never presented. The committee voted the tea set to Chief Walker and directed Secretary Tannier to give the blcycle to the Columbia in settlement of a claim of \$25 for the recent of a wheelof-fortune furnished by the Columbias for use at the fair, and for which, the fair committee, understood there was to be no charge.

Mr. Tannler has the tea set and the bicycle and is the only person who has authority to draw orders on the

The committee adjourned with the understanding that it would meet no more unless a special call was issued. Dance on the Green." Miss Bertha It appears a check of \$219.43 was made payable to Major W. S. Millar for the rent of the armory. A member of the committee claimed at the meeting that this check was returned uncashed by the armory trustees, with a note asking the firemen to accept it as their donation to the convention fund. The check is missing and a special committee consisting of T. F. Yoos, Fred Long and W. W. Simpson, was ap pointed to investigate and report to the chairman, If this sub-committee's findings warrant another meeting the

chair will issue a call. That Mr. Tannier had in mind for ome time previously his little scheme of making good was evidenced by the fact that at a late hour last night Albert Lewis, a member of the committee, armed with a note signed by Chief Walker, gained admittance to the supof the biggest hits of the evening.
